#### INDIAN ROOT PILLS.

ROOT PILLs, has spent the greater part of his life in travelling, having visited Burope, Asia, and Africa as well as North America—has spent three years among the Indians of our Western country—it was in this way that the Indian Root Pills were first disthe fact that all diseases arise from IMPURITY OF THE BLOOD-that our strength, health and life depended upon this vital fluid.

do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all pains sickness and distress of every name; our strength is exhausted; our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become choked and cease to act, and thus our light of life will forever be blown out. How important then that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely Morse's Indian Root Pill's manufactured from plants and roots which grow Lost Genoveffa, by Miss Caddell, around the mountainous cliffs in Nature's garden, for One Hundred and Forty Tales, by Cannon roots from which these Pills are made is a Sudorific, which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs by copious spitting. The third is a Diuretic, thus encouraged, they draw large unounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could not have been discharged in any other way.— The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in parifying the blood; the coarser particles of impurity which can-

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so oure

and clear. The reason why people are so distressed when sick and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be east out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, The Life of St. Frances of Rome, by Lady Fulleruntil life is taken from the body by disease. Dr Morse's PILLS have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames, have been scorched by the burning elements of raging fever, and who have been brought, as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised in witnessing their charming effects. Not only do they give immediate case and strength, and take away all sickness, pain and anguish but they at once go to work at the foundation of the disease, which is go to work at the foundation of the disease, which is

Ireland has produced many geniuses, but rarely one, upon the whole superior to Gerald Griffin."-Brownson's

Review.
"Whoever wishes to read one of the most passionate and pathetic novels in English literature will take with him, during the summer vacation. The Collegians, by Gerald Griffin. The picture of Irish character and manners a half a century since in The Collegians, is masterly, and the power with which the fond, impetnous, passionate, thoroughly Celtic nature of Hardress Cregan is drawn, evinces rare genius. Griffin died young, but this one story, if nothing else of his, will surely live among the very best novels of the time. It is full of incident, and an absorbing interest allures the reader to the end, and leaves him with a melted heart and moistened eye.

-Pulnam's Monthly.
"We have now before us four volumes, the commencement of a complete edition of Gerald Griffin's works, embracing the 'Collegians' and the first series of his 'Munster Tales.' The nationality of these tales, and the genius of the author in depicting the mingled levity and pathos of Irish character, have rendered them exceedingly popular. The style in which the series is produced is highly creditable to the enterprise of the American publishers, and we are free to say that the volumes are worthy of being placed in our libraries, public or private, alongside of Irving, Cooper, or Scott."—Hunt's Merchant's
