

TRIUMPHANT DEMOCRACY

OR
Fifty Years' March of the Republic.
BY ANDREW CARNEGIE.

1 Vol. 8vo, \$2.

"The most eulogistic glorification of the United States ever written."—*New York Herald*.
Every American who reads this eulogy of his country and of her institutions, will be the better for it. Mr. Carnegie, though foreign born, exhibits an enthusiastic love for the land of his adoption, which the native citizen, born to political rights and privileges, finds it difficult to understand. In his graphic style he has described the wonderful growth of the country during the past half century, a growth unequalled in history, ancient or modern, which has made the Republic the richest and most prosperous nation in the world. A vast array of facts and valuable statistics are given, not in dry tables but "sugar-coated," as the author says, interspersed with anecdotes and illustrations, rendering it one of the most entertaining works ever published. "It will be read with zest," says the *Herald*, "on both sides of the Atlantic."

OBJECT.

This Company is to be formed for the purpose of acquiring the property known as Lorne Park, and making it a first-class summer resort.

The property consists of 75 acres of elevated woodland, and commands a splendid view of Lake Ontario. It is 14 miles from Toronto and 26 from Hamilton; it is equally accessible by rail or water, and is one of the healthiest places in Ontario. The G.T.R. track runs within 300 yards of the Park gate, and there is a substantial wharf on the lake front of the grounds. There is also a hotel on the premises, with 12 good bedrooms, large dining, ice cream and lunch rooms, kitchen and servant's apartments, bowling alley, ice-house, etc.; two open-air pavilions for the accommodation of picnic and other gatherings.

It is proposed to fit up the Hotel for the accommodation of summer boarders, and run it on the European plan, so that persons occupying cottages or tents on the grounds need not have the trouble of cooking their own meals, but pay for what they get.

NO INTOXICATING LIQUOR of any kind will be allowed to be sold on the Property, or on the Steamboats plying between the Park and the City.

Power will be asked for in the charter to own, or charter, and run one or more first-class steamboats, which will run to and from Toronto at regular hours daily through the season (Sundays excepted).

A morning and evening train service will also be arranged.

SHAREHOLDERS WILL BE ENTITLED TO TICKETS for themselves on the Steamer plying to the Park, at a reduction of thirty per cent. on the regular fares.

It is proposed to lay out 150 building lots of say 50x100 ft., which will be leased for a term of 99 years, with proper regulations as to style of building and occupancy. These lots to be put up at \$100 each; shareholders to have choice in order of their subscription.

Subscribers to the extent of \$500 of stock will be entitled to a building lot free.

Arrangements have been made for a supply of tents of all sizes, which will be supplied at cost, or rented at low rates to parties requiring them.

A proper system of water supply, drainage and lighting will be arranged for, and everything done in order to make this charming spot the most attractive of any picnic ground or summer resort in the vicinity of Toronto.

The stock book is now open, and plans of the grounds can be seen at my office.

The Magazine of American History.

Illustrated. \$5 a year.

With the January number was begun the Fifteenth volume of this monthly periodical. With the May number it entered upon its Fourth Year under the present editorial management. It deals with every problem in American history from the most remote period to the present hour. Its contributions are from the pens of the ablest and most accomplished and agreeable writers, and they are timely and diversified, fresh, scholarly, useful and captivating.

Its readers have multiplied until it now has the largest circulation of any magazine of its character in the world. The quality of its subscription list is exceptional—an array of well-known names representing the wealth, scholarship, taste, and refinement of the United States, with notable additions from Canada, England, France, Australia and South America. It goes into the schools, colleges, and libraries of the country, and is recognized as an educating power.

This magazine holds the highest rank in the current literature of the time. The monthly numbers, gathered into handsomely bound volumes, form a unique and valuable library in themselves of the history of the country.

WHAT IS SAID OF IT.

"It is carefully read by the great majority of our public men—in the various departments at Washington, and by State and municipal officials everywhere—and, as in no other monthly periodical, the former politics, policy, and measures of the government are intelligently discussed for the benefit of present affairs. It now ranks with the best and numbers its readers by thousands."—*New York Sun*.

"It develops unexpected resources as it goes on. It has been made popular and prosperous without infringing upon its historical character."—*Boston Herald*.

"This magazine has taken its place among the foremost of our richly illustrated monthlies, and is among the first in value, variety and interest."—*The Living Church*, Chicago.

"Its articles are all valuable, evincing good judgment in the selection of subjects, and fruitful original research in their elucidation, while the variety renders each number exceedingly interesting to a very wide range of readers."—*Scientific American*.

"This magazine increases in value and interest with every number, and is an honour to American periodical literature."—*New York Observer*.

"Mrs. Lamb is making of this magazine one of the best periodicals in America."—*New York Tribune*.

"We know of no magazine of history which keeps so close to topics of interest to the reader of to-day as the MAGAZINE OF AMERICAN HISTORY."—*Hartford Post*.
