

AGREEMENT ON GOVERNMENT PROCUREMENT

PREAMBLE

Parties to this Agreement (hereinafter referred to as " Parties "),

Considering that Ministers agreed in the Tokyo Declaration of 14 September 1973 that comprehensive Multilateral Trade Negotiations in the framework of the General Agreement on Tariffs and Trade (hereinafter referred to as " General Agreement " or " GATT ") should aim, *inter alia*, to reduce or eliminate non-tariff measures or, where this is not appropriate, their trade restricting or distorting effects, and to bring such measures under more effective international discipline;

Considering that Ministers also agreed that negotiations should aim to secure additional benefits for the international trade of developing countries, and recognized the importance of the application of differential measures in ways which will provide special and more favourable treatment for them where this is feasible and appropriate;

Recognizing that in order to achieve their economic and social objectives to implement programmes and policies of economic development aimed at raising the standard of living of their people, taking into account their balance-of-payments position, developing countries may need to adopt agreed differential measures;

Considering that Ministers in the Tokyo Declaration recognized that the particular situation and problems of the least developed among the developing countries shall be given special attention and stressed the need to ensure that these countries receive special treatment in the context of any general or specific measures taken in favour of the developing countries during the negotiations;

Recognizing the need to establish an agreed international framework of rights and obligations with respect to laws, regulations, procedures and practices regarding government procurement with a view to achieving greater liberalization and expansion of world trade and improving the international framework for the conduct of world trade;
