

Index

Source materials	3002	Technology, direction finding	6090
Space launch vehicles	1091, 6010	Technology, ECM/EDM drilling	1025, 1095
Spacecraft	1091	Technology, environmental test facilities	6150
Spectrometers	3105, 4503	Technology, flight control	1075, 6100
Spin-forming machines	1022, 4502, 6030	Technology, fuel injection system	1095
Spindle assemblies	1022, 4502	Technology, gas turbine engines & components	1095
Spotting instruments	2005	Technology, information security	1155
Spread spectrum radio equipment	1051, 1151, 2011	Technology, laser drilling	1095
Sputter deposition production equipment	1022	Technology, launch support	6120
Squids	1061	Technology, marine	1085
SRAMs	1031	Technology, military	2022
Stabilizers	6040	Technology, military production	2018
Stabilizers, explosives	2008	Technology, missiles, rockets and UAVs	6010, 6190, 6200
Staging mechanisms	6030	Technology, modelling	6160
Stealth devices and materials	1013, 2017, 6170	Technology, navigation and avionics	1075, 6090, 6110
Stealth technology	1015, 2022, 6170	Technology, nuclear	3110, 4510
Steel	4501, 6080	Technology, nuclear effects	6180
Storage systems	1091	Technology, power transfer systems	1095
Storage tanks	7002	Technology, propellant production	6050
Strain gauges	1092	Technology, propellants	6040
Structural material	6080	Technology, propeller blades	1095
Submarine nets	2009	Technology, propulsion	1095, 6030
Submarines	1081, 2009	Technology, pyrolytic deposition	6070
Submersibles & systems	1081	Technology, simulation	6160
Substrates	1061	Technology, stealth	6170
Sugar	5203, 5204	Technology, structural composites	1015, 6060
Sugar-containing products	5203	Technology, structural material	1015, 6080
Superalloys	1092	Technology, telecommunications	1055
Superconducting solenoid magnets	4503	Technology, tempest	1155
Superconductive composite	1013	Technology, water jet drilling	1095
Superconductive electromagnetic sensors	1061	Technology, wind tunnels	1095
Superconductive electromagnets	1031, 4503	Telecommunications equipment	1051
Superconductive equipment	2020	Telecontrol equipment	6120
Surface acoustic wave devices	1031	Telemetry equipment	6120
Surface-effect vehicles	1081	Tellurium	1063
Surface vessels	1081, 2009	Tempest equipment	1151
Surveillance equipment, target	2005	Terrain mapping	6110
Surveillance systems, electronic	2011	Terrestrial geophones	1061
Survey systems, bathymetric	1061	Test benches	6150
Switching equipment, digital	1052, 1054, 1055	Test equipment	1032
Switching devices, electronic	4506	Test equipment, telecommunications	1052
Symmetric algorithms	1151	Test equipment, tempest	1152
Syntactic foam	1083	Test facilities, military	2018
Synthesis reactors	4504	Thallium arsenic selenide	1063
Syrup	5204	Thermal imaging equipment	1061, 2015
Tank destroyers	2002	Thermocouples	1092
Tanks	2006	Thermodynamic analysis	6160
Tantalum	7002	Thermoplastic liquid crystal	1013
Tape laying machines	1012, 6060	Thorium	3002
Target drones	6010, 6190	Thrust chambers	1091
Target surveillance equipment	2005	Thrust vector control	6020
Tear gas	2007	Titanium	1092, 7002
Technology (<i>see corresponding equipment</i>)		Titanium-based alloys	1013, 4501
Technology, A to D converters	1035, 6140	Titanium doped sapphire	1063
Technology, advanced materials	1015	Titanium-stabilized duplex stainless steel	6080
Technology, aero engines	1095, 6030	Toloidal Field Coils	5501
Technology, analogue computers	1045, 6130	Torpedo nets	2009
Technology, densification	6070	Torpedoes	2004
Technology, design integration	6160	Tow-placement	1012
Technology, diesel engine propulsion systems	1095	Toxic chemicals	7003
Technology, diesel engines components	1095
