
CONCLUSION

Through this guide, we have provided you with insights into the cultural aspects of working with an Indian partner, an area which is often neglected to the detriment of mutually beneficial partnerships.

As a guest in India, a positive attitude toward the country, its people and your relationships with them is essential. If you are willing to learn, understand and adapt as you explore this immensely

diverse country, your stay will be enlightening and enriching.

Although this guide has focused on many of the differences between Canadian and Indian cultures, people from both countries have many things in common with which you can build a bridge for better communication and understanding.

May your stay in India be enjoyable and rewarding.
