REVENUE FOR FUTURE INCOME TAXES AS REPORTED BY  
CORPORATIONS IN CANADAQuestion No. 187—**Mr. Orlikow:**

What reserves for future income taxes have corporations set aside since 1968 as reported to the Department of National Revenue or Statistics Canada and shown up to 1968 in their reports on Corporation Financial Statistics?

**Mr. Gaston Clermont (Parliamentary Secretary to Minister of Industry, Trade and Commerce):** The reserve for future income taxes as reported by corporations in Canada (excluding insurance carriers, co-operatives, crown corporations and tax exempt corporations) and as defined in "Corporation Financial Statistics" for years 1968 to 1971, the latest year available, were as follows:

	Reserve for future income taxes	Increase
	\$000,000	
1968	2,700	
1969	3,214	434
1970	3,658	444
1971	4,172	524

NUMBER OF COMPANIES IN OKANAGAN BOUNDARY  
CONSTITUENCYQuestion No. 305—**Mr. Whittaker:**

1. What is the estimated number of companies or industries in the constituency of Okanagan Boundary?
2. What is the approximate division of this investment capital?
3. (a) In what areas is the foreign investment (b) what are the estimated amounts of these investments?
4. How do these figures compare (a) with those 1968 to 1974 inclusive (b) to that of surrounding areas in British Columbia?

**Mr. Gaston Clermont (Parliamentary Secretary to Minister of Industry, Trade and Commerce):** Statistics Canada reports that: 1. The estimate of manufacturing establishments in the constituency of Okanagan Boundary in 1971 (the latest year for which data are available) is 170, as compared to 3,302 for the province of British Columbia.

2, 3 and 4. Statistics Canada cannot provide answers to these questions as immense quantities of time would be required to provide this information which is not readily available. Moreover, prior to 1971, British Columbia district boundaries, which are used as coding boundaries for statistical records, do not match well with the electoral district of Okanagan Boundary and therefore it would be difficult to make an estimate of manufacturing establishments prior to 1971 within the electoral district.
