

3. A list of the animals shall be provided for the College Veterinarian and the list shall be revised as changes occur.
4. All the buildings and equipment shall be inspected by the College Veterinarian monthly.
5. Housing conditions shall at all times be maintained in the proper state of sanitation with suitable ventilation and other facilities necessary for the prevention of the spread of disease.
6. A summary of the activities of the College Veterinarian in his relation to the various "outside" departments will be made to the office of the Dean at the close of each month.

August 21st, 1933.
