OTTAWA, May 4.-Sir Robert Borden is indisposed and unable to be at his office. There has been no meeting of the cabinet for two days, and the termal decision regarding an election

has, therefore, not been made.

The Ottawa Journal, a Conserva tive newspaper of strongly independent views, comes out strongly for an election, declaring that "there is no reason to think this war will end before another year, and within that time an election must occur in any case. Meanwhile there are tremendous problems to be faced. There is big work ahead for all of us. Would it not be just well to have an elec-tion over with to have whatever gov-erament is eleted, understand that it has the confidence and support of the nation, or is it better to go on with the present miserable campaign of calumny, abuse and encertainty un-

## PLASTERERS WANT NEW AGREEMENT AT ONCE

Misunderstanding Caused Nearly Four Hundred Men to Quit Work.

Owing to some misunderstanding between the plasterers and their emvers, the former, to the number of 375, have ceased work till some arrangement for the renewal of their agreement, which expired Saturday There appears to be some contradic-

tions as to the cause, the men stating that they were locked out, while the employers say that they quit. It is also said that the employers had refused to make a new agreement and that there was a further possibility of them reducing the men's wages. A committee of plasterers and laborers affected will meet the employers on Thursday, when it is hoped that the matter will be adjusted to the satisfaction of both parties concerned.

Dolores' skin is not marred by a single wrinkle, not even the finest line. She wards these off by dally bathing the face in a solution made by dissolving an ounce of powdered saxolite in a half-pint witch hazel.
