

DENIES CLAIM OF SWISS COMPANY

Godson Contracting Company
Not Responsible for Or-
dered Tool Steel.

CITY IS RESTRAINED

Upper Canada College Op-
poses Plan of Laying Out
Oriole Road.

In a judgment handed out yesterday at Osgoode Hall, Mr. Justice Middleton dismissed the action of the Mining Industries Co. to recover \$1062 from the Godson Contracting Co. for goods sold and delivered. His lordship stated that the action was misconceived in form, as the goods were never delivered, and the action was regarded as a claim for damages for failure to accept delivery. The plaintiff company is a Swiss concern producing high-grade tool steel, and to introduce it to the Canadian markets canvassed a number of firms to create a demand for the product. The Godson Co. was at the time engaged upon contracts of constructing and laying sewers. A sample order, signed by a young man in the office of the defendant company, who had not the authority to do so, was placed with the plaintiff.

The quantity sent was in excess of that required, and acceptance was refused. An addition had been made to the order, and for this reason his lordship dismissed the action.

U. C. C. v. City.

On the application of Upper Canada College, Mr. Justice Britton made an order for an interim injunction restraining the city till Monday from proceeding further with the laying out of Oriole road. The college is assessed for 1070 feet on the road, and it is charged that while P. W. Ellis has been allowed an 18-foot boulevard in front of his property on the east side, the sidewalk on the other side has been extended right up against the college property. Counsel for the college declared that a deputation which waited on the works committee had been almost violently assaulted by Ald. McBride.

By an order made by Justice Middleton, on March 10, 1914, A. T. Stewart was prevented from using his house at 377 Keele street as an apartment house by allowing more than two families to inhabit it. Following a visit to the house by a city inspector, who found three families in residence, the city moved to commit Stewart to jail for contempt of court. The motion has been adjourned for one week.

Against German Firm.

Mr. Justice Britton yesterday made an order appointing J. M. Godfrey, receiver without security, of the estate of Rudolph Saenger, and Auguste Rentschler, natives of Germany, on behalf of the Banque Nationale de Credit de Lyons and others. Shortly before the war started, Saenger, who was a partner of Rentschler's, in a business in Lyons, managed to secure a New York where he had a branch, but his partner was interned in France and the business was confiscated by the government. Another branch of the business dealing in novelties is located in Toronto. It is said that the liabilities of the business are \$50,000 and the assets about 1,500,000. Twenty-three actions, claiming in all \$50,000, by houses in Lyons, have been issued at Osgoode Hall against the firm for goods sold and delivered.

John King, K.C., Retires.

Acting on the resignation of his resignation regarding his eyesight, John King, K.C., has retired from active lecturing at Osgoode Hall. King joined the law school staff in 1883. His special subjects were evidence, criminal law and constitutional history.

The appellate court list for today is: Dube v. Algoma Steel Company (two cases) Puddy v. Honeyford. Judgment will be given on Monday in the following cases: Grants Brewery v. Leonard, Colchester North v. Anderson, Gosfield North v. Anderson, McNulty v. Clark.

Dr. Hunter's Reflections Upon
System Are Resented by
Trustees.

Dr. Hunter caused a stir at the management committee of the board of education yesterday afternoon by intimating that the medical inspection was a joke. He said the school principals smiled when he asked them about it.

Dr. Noble and Trustee McTaggart scored Dr. Hunter vigorously for his persistent attacks on the department and elicited the acknowledgment that trustee that the medical inspection in Toronto schools might be the best in the world so far as his information was concerned.

Dr. Hunter's allusions to the department were made when a reorganization scheme involving the division of the schools into three districts and the appointment of a field assistant for each one was sent on to the board.

FRENCH TAKE WORK SOUTH OF RIPONT

Footings Gained in Second
Line of Defences of Ger-
mans in Champagne

OFFENSIVE UNBROKEN

Aircraft Do Effective Work in
Destroying German
Stations.

PARIS, Sept. 30.—In continuation of the general offensive movement on the western front, the French have captured an important defensive work of the Germans south of Ripont. It was officially announced by the war office today.

In the Champagne, French troops have gained a footing at various points on the German second line of defence, the official statement adds.

The text of the statement follows: "The only resistance of the enemy in the Artois district has been a very violent bombardment of our new positions to the east of Souchez."

"In the Champagne district we have secured a footing at several points in the trenches of the German second line of defence. Another branch of the line of defence to the west of the Butte de Tahure and to the west of the Noyon farm. At this latter point certain detachments of our troops made their way thru and resolutely advanced beyond the German lines, but it was impossible for them to maintain this advance because of a curtain of fire maintained by the German artillery, as well as a very violent flanking rifle fire. Our men hold firm at the points conquered by them on the second line of the enemy."

"To the south of Ripont we have enlarged and completed our conquest of the first line German positions by taking possession of a portion of the important supporting works known locally as the 'Ouvrage de la Delfaite' (the defeat earthworks)."

"The night passed quietly along the remainder of the front."

"In spite of most unfavorable atmospheric conditions, our air squadrons yesterday bombarded the lines of communication behind the German front. Shells were thrown down on the railroad station in the valley of the Sappe, at Bazancourt, Warnerville, Font Faverges and St. Hilaire-le-Petit, as well as upon a German column marching near Somme-Py."

CANADA HAS GIVEN LOWEST PER CENT.

N. W. Rowell, K.C., Gives
Figures at City Hall
Meeting.

DOUBLE THE STANDING

Three Hundred Thousand
Men Fitting Total for Do-
minion to Have.

The recruiting meeting held in front of the city hall yesterday was under the auspices of the Irish Protestant Benevolent Association, N. W. Rowell, K.C., being the chief speaker. He urged that Canada should double the number of recruits and bring it up to 300,000, and outlined the work being done by the Dominion Government to aid recruiting.

Of all the colonies of the empire, the percentage of recruits from Canada, according to population, is the lowest, declared the speaker. Great Britain has given eight per cent.; South Africa, four per cent.; New Zealand, three per cent.; and Australia, two and a half per cent., while Canada has only given two per cent.

He did not think that Canada was doing its duty as well as the other colonies, although the Dominion is the most populous, the wealthiest, and nearest to the mother country of all the self-governing Dominions. In urging the young men of the city to enlist, Mr. Rowell pointed out that they would only be filling the places of those who had died for the empire since the war began.

Other speakers were Dr. Charles Sheard, Hon. Thos. Crawford and W. H. Price, M.L.A.

GOT FALSE PASSPORT FOR GERMAN DEALER

Andrew D. Meloy Arrested at
New York for Fraud on
United States.

NEW YORK, Sept. 30.—Andrew D. Meloy, who was arrested by department of justice agents when he arrived today on the steamer Nieuw Amsterdam, was arraigned before U. S. Commissioner Houghton, charged with conspiring with Franz Rintelen, a German wine merchant, to defraud the United States Government in securing a passport for Rintelen.

Meloy, who said he had recently been engaged in promoting Mexican enterprises, was held in \$10,000 bail for a hearing on Oct. 1.

Meloy was released on a \$10,000 bond, which he had arranged for by wire.

Meloy's wife, who was with him when he was taken off the Noordam at Kirkwall, returned with him today. She did not accompany her husband after he had been arrested, but went to their home on Riverside drive.

Bulgaria Must Demobilize, De-
clares Paris Temps in Semi-
Official Hint.

PARIS, Sept. 30.—The number of Austro-German troops concentrated on the Serbian frontier is estimated on the Nish correspondent of The Temps at 300,000. He says that 350,000 of these are Germans.

The correspondent at Petrograd of The Temps says that approval is given in influential quarters at the Russian capital to the idea of joint occupation of Macedonia by the allies. It is believed that this would be an effective means of keeping Bulgaria and Serbia apart and of defeating German efforts to bring Bulgaria into the war while Austro-German forces are invading Serbia.

Must Demobilize.

The Temps says that the French Government has arrived at a certain decision as to what should be done to avert an attack on Serbia by Bulgaria. The indications are that Russia will assent to this plan, that Italy will not oppose it and that England probably will give her adherence. The nature of the plan is not disclosed, but The Temps states that the situation in the Balkans requires that the prospective Bulgarian attack on Serbia shall be prevented by a demand on Bulgaria for immediate demobilization. This newspaper asserts it has reason to believe that the reports from Saloniki that Bulgaria has definitely agreed to take the field on Oct. 15 are correct, and that delivery of the territory recently ceded by Turkey is contingent on action by Bulgaria against Serbia at that time.

COTTON INTERESTS ABLE TO DO WITHOUT RELIEF

British Government Finds It Un-
necessary to Take Special
Measures

LONDON, Sept. 30.—The British Government has not found it necessary to take measures to relieve American cotton interests, since Great Britain declared cotton contraband. Lord Robert Cecil, under secretary for foreign affairs, declared in the house of commons this afternoon.

The under secretary was asked if Great Britain had arranged to buy American cotton to maintain prices. He replied that the government did contemplate relief measures in the event of an abnormal depression of the American market, but that nothing had been done, as no abnormal depression had occurred.

Mr. Crothers left for east at 6 o'clock tonight.

The Tageblatt remarks that nothing would be more foolish than to overlook the terrible seriousness of the recent battles in the west, and that it would be equally wrong for Germany not to have the fullest confidence in their troops and leaders.
