2. Round Flower Stick—Pine.
3. Square Ruler—Pine.
4. Round Ruler—Pine or Mahogany.
5. Square Flower Stick—Pine.

6. Key Rack—Basswood.
7. Fish Line Winder—Birch.
8. Rope Stretcher—Birch or Maple.
9. Marble Board—Basswood.
10. Paper Knife—Birch.

#### THE PLAN FOR CANADA.

The plan which the generosity of Sir William C. Macdonald of Montreal made it possible for me to adopt for introducing Manual Training into the public schools of Canada, was based very largely on the information and recommendations of that Report. The purpose was to furnish an object lesson of Manual Training in the public schools of at least one town or city in every province in Canada for a period of three years. Sir William provided a fund fully adequate for that scheme, including the equipments of benches and tools, the necessary improvement of the rooms, the salaries of the instructors and the expenses of maintenance for three years. The fund is also sufficient to permit the teachers in training at one Normal School in every province to receive instruction by thoroughly qualified instructors.

#### THE PLACES IN CANADA.

In choosing the places to receive the offer of these Manual Training schools consideration has been given to the advantages of selecting centres from which the movement could spread most readily throughout each Province, and most quickly and effectively benefit its school system and its children.

Altogether, provision has been made for about 5,000 boys in the public schools and the teachers attending the Normal Schools to receive Manual Training during three years.

Under the Macdonald Manual Training Fund, I was able to arrange for the opening of a Manual Training school at Fredericton, N.B., in April of 1900.

The school authorities provided a room. All the other expenses were borne by the Macdonald Manual Training Fund. A Saturday forenoon class
