### TURKS HAVE SACKED TABRIZ HOSPITAL

Being an American Institution, Outrage May Be Regarded as Act of War.

Washington, June 19.—Sacking of the American hospital at Tabriz, Persia, and seizure of the American and British consulates there by invading Turkish troops was reported to the state department today by the American minister at Teheran.

If the report as it reached the minister is officially confirmed, the outrage may be considered an act of war, and settle the long-pending question of whether the Ottoman allies among America's enemies.

Turks according to today's despatch the protest of the hospital over the charges, as representative of American interests, in an address of the hospital flag flying over the building.

The hospital at Tabriz is a Presbyterian missionary institution established several years ago. Many American doctors and nurses have been stationed there, but for several months the situation has been so serious that the force has been greatly reduced, and a few days ago it was reported to the state department that the last one had gone.

According to the best information obtainable here, the Turkish force is few thousand strong. A British force is operating not far south of Tabriz. Fighting between Turks occurred at that city and the British force is expected to be there.

There have been vigorous demands in congress from time to time for declarations of a state of war between the United States and Turkey and

### ZEEBRUGGE HARBOR THOROLY BLOCKED

Germans Working Night and Day to Clear Passage, But Aviators Undo Labors.

Amsterdam, June 19.—The entrance to the harbor of Zeebrugge is blocked, according to Lieutenants George Coward and John Read of the British Royal Air Force, who landed in the Province of Zeeland Monday and are to be interned at The Hague. In an interview published in the Telegraph, they say the Germans are working day and night to clear the passage, but each night British aviators demolish the Germans' progress.

The cement ships sunk in the harbor are still there, and the Germans are afraid to blow them up for fear they will also destroy the sluices. The lieutenants assert that no submarines can enter or leave Zeebrugge. The blockade of Ostend is not so complete, but the Germans are having great trouble there.

The motor of the seaplane carrying Coward and Read failed while they were bombing Zeebrugge. German aviators attacked their machine, but they managed to reach Holland and escape capture by the Germans.

Many Captives Penned In.

London, June 19.—Twenty-one German destroyers, a large number of submarines and numerous auxiliary craft are penned up in the Bruges Canal docks as the result of the recent British naval operations at Zeebrugge, the German submarine base on the Belgian coast. Thomas J. Macnamara, financial secretary of the admiralty, made announcement in the house of commons to this effect today, and said that the operations were more successful than at first had been supposed. He added that the German craft were now the object of constant bombing.

### FRANCE IS STRUGGLING.

Something Which Canadians Are Asked to Remember on Registration Day.

Ottawa, June 19.—A bulletin issued by the Canada Food Board today reads as follows:

The population of France, our ally in this war, was about 39,000,000 when the war broke out. About 7,000,000 able-bodied men were conscripted, 1,000,000 more were put out of action. Agricultural production has dropped to nearly one-third. Women, children, old men and crippled soldiers are struggling to till the fields of France. Horses were also conscripted for military service, and French women hitched themselves to the plows and harrows in place of draught animals. French men are fighting starvation. Deaths from starvation among the allies in Europe since the war are estimated at 4,790,000.

Remember that on registration day, when you are asked to help with the harvest.

### TWO MEN, PRESUMABLY DESERTERS, TOWED TO SHORE AT NIAGARA

Niagara Camp, June 19.—Four officers and 765 other ranks from the Railway Construction Battalion left camp this afternoon for the east and were given a hearty send-off. They left by train.

Two men, presumed to be military deserters who evidently had rowed across Lake Ontario in a boat from Hick's boat house at the mouth of the Humber and were almost exhausted, were towed to shore west of Niagara today by a fisherman. The pair did not wait for an introduction to the military authorities on this side of the lake, but immediately made off into the woods, while the fisherman was telephoning to authorities here about them. Captain Stehman, provost marshal, began a hunt for the pair as soon as notified.

The Niagara camp outdoor baseball league was formerly opened here tonight with the camp commandant, Col. McLaren, pitching first ball, Major A. C. Lewis at bat and Staff Captain MacDonald umpiring. The first game was between the Railway Construction Battalion and the Polish camp, the construction winning after a close contest.

Sixty-three French Canadians who are being transferred from units in Niagara camp to a French Canadian Battalion in the Province of Quebec left here today.

### U. S. SOLDIERS STOPPED THE WORK ON MUNITIONS PLANT AT NIAGARA

Niagara Falls, N.Y., June 19.—Work on the million dollar plant under construction north of this city for the manufacture of chemicals used extensively in the war ceased abruptly yesterday. At 4 o'clock a company of soldiers from Fort Niagara marched on the grounds and the workmen were ordered to pick up their tools and leave.

The contract for the construction of the buildings is held by the J. C. White Engineering Corporation, J. J. McMillan, the concern's representative here, declared he had received no explanation. Army officers refused to tell why the work was stopped.

### TOLL OF PEMBROKE FIRE.

Loss is \$600,000 Exclusive of Big Claim Put in for Winer Destroyed.

Pembroke, Ont., June 19.—A large section of commercial buildings on the main street of Pembroke and several fine dwellings are toll of last night's fire.

The property loss is estimated at \$600,000, exclusive of an extraordinary loss of \$500,000 which J. O'Kelly, cigar manufacturer, claims to have suffered in the destruction of an immense stock of wines stored in the basement of his building occupied by the F. W. Woolworth Company.

Fortunately there was no loss of life and a fair percentage of the damage is covered by insurance.

The burned areas in the business section take in an entire block on the north side of Pembroke street, the main thoroughfare of the town, bounded by Prince, Lake and Alexander streets. On the south side of Pembroke street the central part of the block between Moffatt and Church streets and running back to Renfrew street is completely wiped out. In addition there were a number of dwellings burned two blocks farther south on what is known as "The Point."

Some thirty families were rendered homeless when the houses or little flats above the various stores were burned to the ground.

### REPORT ON FOOD IN COLD STORAGE

Increase is Shown in Butter, Eggs, Pork, Mutton, Lamb and Fish.

Ottawa, Ont., June 19.—The cost of living branch reports to the Hon. T. W. Crothers, minister of labor, as follows, concerning food in cold storage.

Reports from the cold storage companies for June 1 indicate an increase in quantity in store of butter, eggs, pork, mutton, lamb and fish, and a decrease in the quantity of cheese, beef and fowl, compared with May 1 of this year.

As compared with June 1, 1917, we have more butter in store, more beef and more fish. We have less cheese, eggs, pork products and fowl than a year ago. The most striking comparison is in the case of beef, of which we have 11.72 per cent. more than on June 1, 1917. Since the purchasing commission of the allies is fully aware of this fact and we have the statement of these gentlemen to the effect that a large portion of this stock is already under contract to them, we find no grounds for any charge of hoarding.

Comparison of holdings of May 1, 1918, with June 1, 1918:

Commodity	May 1, 1918	June 1, 1918
Butter	1,182,211	2,251,673
Cheese	2,141,771	2,986,997
Eggs	2,765,997	8,422,183
Beef, fresh and pickled	21,592,408	15,233,470
Pork, fresh and pickled	27,235,490	31,218,914
From ham and spiced		
ed meats	13,279,961	14,721,221
Mutton and lamb	1,449,625	1,667,824
Fish, all varieties	15,237,228	16,154,305
Fowl, all varieties	1,640,150	994,075
