On Wall Street To-Day.

The tone of the Wall-street list was, on the whole, heavy to-day. In the forenoon there was heavy liquidation in Manhattan, Metropolitan Traction and other specialties. Both recovered to some extent later, especially Metropolitan. Tobacco was pretty strong. The close was generally heavy. Easier money is not expected until the flotation of the new smelter company and other new industrial ventures has been completed. Among the issues which showed marked net lesses for the day were: B. R. T., N. Y. C., Federal Steel, Manhattap, Metropolitan and St. A.

Federal Steel, Mannattan, Metropolitan and St. ar. Messrs. Henry Clews & Co., New York, wired Kerr & Morson at noon to-day as follows: "Market erratic, tending to strength on easier feeling in money." St. Paul earnings for fourth week in March show an increase of \$118,750 over last year, the largest in the company's history for the period.

Notes by Cable.

In London to-day, with the exception of
N. Y. C. and Canadian Pacific, American
