Mrs.Pinkham Saved me from an Operation."

Operations Avoided.

When a physician tells a woman suffering with ovarian or womb trouble that an operation is necessary, it of course frightens her. The very thought of the operating table and the knife

strikes terror to her heart. And our hospitals are full of women who are there for ovarian and womb operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Mrs. Pinkham's medicine after the doctors had said the operation must be

Lydia E. Pinkham's Vegetable Compound has been very successful in curing ovarian troubles. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

Ovarian troubles are easily developed from womb troubles, and womb troubles are so very common that ovaritis is steadily on the increase among women. It is, nevertheless, a most serious trouble, and to recommend wrong treatment for it is a crime for which there cannot be too deep a penalty.

It is, therefore, with full consciousness of the seriousness of the disease and the steady failure of other medicine to cure it, that we present for ovarian and womb trouble Lydia E. Pinkham's Vegetable Compound as the most certain to help of any medicine in the world to-day. Any person who could read the letters in Mrs. Pinkham's files at her office in Lynn, Mass., would be convinced of the efficiency of Mrs. Pinkham's Compound.

The strongest and most grateful statements possible to make come from women who have escaped the operating table by the use of this medicine. Let any woman suffering from these troubles, or anything which may develop into them, write and get Mrs. Pinkham's advice. If you are beyond the reach of the medicine, you will be frankly told so, but, if not, you will be fully and carefully and kindly advised.

The most serious of all the diseases of women, as well as the minor ills, are promptly overcome by

Lydia E. Pinkham's

Earnest Words of Gratitude.

"DEAR MRS. PINEHAM:—After my child was born, blood poison set in, which left me with granulated inflammation of the womb and congested ovaries. I had suffered from suppressed and painful menstruation from a girl. The doctors told me the ovaries would have to be removed. I took treatment two years to escape an operation, but still remained in miserable health in both body and mind, expecting to part with my reason with each coming month. After using one bottle of the Compound, I became entirely rid of the trouble in my head. I continued to use your remedies until cured. The last nine months have been passed in perfect good health. This I owe entirely to Lydia E. Pinkham's Vegetable Compound."—MRS. F. M. KNAPP, 1528 Kinnickinnic Ave., Milwaukee, Wis.

"Dear Mrs. Pinkham:—Your Vegetable Compound has completely cured me of the worst form of womb trouble, and made me a strong, healthy, robust woman. Before using Lydia E. Pinkham's Vegetable Compound, I suffered with severe pairs in back and side, headache and reproductive with severe pairs. with severe pains in back and side, headache and nervousness. Menses would sometimes occur every two weeks, and once I had a severe hemorrhage which lasted a month. I was confined to my bed and the attending physicians told me I would have to undergo an operation as soon as I was strong enough. I read in one of your little books several testimonials from ledger who were search the strong ledger who were the strong ledger which is the strong ledger which is the strong ledger which is the strong ledger which ledger from ladies who were cured by your Compound after having been told by their doctors that an after having been told by their doctors that an operation was necessary, and I made up my mind then and there to commence taking your Compound. "Dear Mrs. Pinkham:—I feel it my duty to publish the wonderful help Lydia E. Pinkham's Vegetable Compound has been to me. I was like a crazy person—could not eat or sleep; there was no rest for me day or night. Physicians examined me and said an operation was necessary. Before undergoing it, however, I determined to try Lydia. necessary. Before undergoing it, however, I determined to try Lydia E. Pinkham's Compound. I am so glad I did, for it cured me. I am a well woman now and can do any kind of work. I want this published throughout the land, so that all my suffering sisters may read, and if in any way afflicted with female troubles, they may be induced by my sincere statement to try this wonderful Vegetable Compound and be cured."

I was suffering to such an extent from ovarian trouble that my physician thought an operation would be necessary. Your medicine having been recommended to me, I decided to try it. After using several bottles I found that I was cured. My system was toned up and I suffered no more with my ovaries. Your medicine is the greatest boon on earth to suffering women."—MRS.
