#### BASEBALL.

There was a very mild sort of practice game at Tecumseh Park yesterday afternoon, during which the Auburns, of the New York State League, did some more or less lively fielding, and the Londons developed some batting ability and tried out three more pitchers, Crow, Price and McGamwell, each of whom pitched three innings.

Crow was touched for two twobaggers and a single in the second inning, when the only two runs the visitors scored were secured. Carey assisted in the operation by dropping a long fly by McManus to left field. Carey then changed over to the right, Jones taking his place. This arrangement will doubtless be permanent, as Carey is helpless with the sun in his Price gave one pass, and hit one batter, but was touched for only one base hit. McGamwell, the latest arrival, but an old acquaintance, struck out two men, and was found only twice for infield hits. McGamwell showed great speed and considerably better control than he had last year. London appears to have a decidedly strong lot of pitchers and some good, clean fielders. Their batting abilities have not yet been tested to any extent, though Frank did succeed in refour of them on strikes yesterday. The Auburns will need to materially strengthen the box if they Brooklyn ..... 7 7 0 mean to stay in the business, otherwise the team is a good one. The score: LONDON.

### STRATFORD'S TEAM.

So far as known Stratford's team will be as follows: Pitcher, Habel; first base, Porkay; second base, Egan; third base, Donovan; left field, Hemphill; center field, Eddy. Manager Popwill return to Stratford Thursday with a full team, and will likely

and his men will not arrive in the city until Thursday morning. It was at first the intention to return today, but in a letter to the management here, Manager Popkay stated that if the team were allowed to practice at Detroit they could run up against the Detroit team in the Western League, and this would practically be the same as playing a game every day. Mr. Popkay has signed John Haudarber to hold down third base. He is said to be a star player all round, and is apt to be one of the best in the league. Art Stapleton, of Bowmanville, a shortstop of some repute, will be given a trial.

GUELPH VS. STRATFORD. The first league game between the Stratford and Guelph teams, of the Canadian League, takes place in Guelph Wednesday, May 10. Manager Black has arranged for a parade, headed by two brass bands, followed by the common council in carriages, citizens in carriages, etc., and the prospects are favorable for a half-holiday in the afternoon. President Kress and Fred J. Corrie, of the Stratfords, are to accompany the team to Guelph. On the following day, Thursday, the second league game between Guelph and Stratford takes place, at Stratford. There will be a procession, headed by the band, etc., and Mayor Hadd will be asked to declare Thursday after-

noon a half-holiday. THE LISTOWEL TEAM. President Watson, of the Listowel Baseball Club, says they are getting together a team which will surprise some of the clubs of the Canadian League. They have a good battery, and some good basemen, as well as outfielders, which, with the addition of a shortstop, would make a strong combination. Daly, who played short for the Hays last year, has gone to Listowel. He is a good man, a safe hitter and a good baserunner. Pitcher Donnelly and Fred Graham, who

### WRONG IDEA OF DYSPEPSIA..

Throws All the Blame on the Stomach The Real Seat of Trouble Is the Intestines-The Permanent Cure Is Dr. Chase's Kidney-Liver Pills.

It is an old idea long since exploded that digestion is confined to the stom-No modern scientist denies that by far the greater part of digestion and the more difficult part takes place in the intestines. This explains why dyspepsia is never really cured by preparations which merely aid stomach digestion and act only on the stomach. This fact also explains why Dr. Chase's Kidney-Liver Pills have been so remarkably successful as a cure for the worst forms of dyspepsia and indigestion.

Dr. Chase's Kidney-Liver Pills act directly on the kidneys, liver and bowels, and give new tone and vigor to the intestines, and make them able to perform their work of digesting the substances on which the stomach has no effect.

Stomach treatment may do well enough for slight indigestion, but if you have chronic indigestion or dyspepsia of a serious nature you can profit by the experience of scores of thousands who have been permanently cured by using Dr. Chase's Kidney-Liver Pills. Catarrh of the Stomach.

A Pleasant, Simple but Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied with sour or watery risings, a formation of gas causing a pressure on the heart and lungs, and difficult breathing, headaches, fickle appetite, nervousness and a general

played out languid feeling.

There is often a foul taste in the mouth, coated tongue, and if the interior of the stomach could be seen it would show a slimy, inflamed con-

dition. The cure for this common and obstinate trouble is found in a treat-ment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surface of the stomach. To secure prompt and healthy digestion is the one necessary thing to do, and when normal digestion is secured the catarrhal conditions will have disappeared.

According to Dr. Harlanson, the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic, Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets, and not being a patent medicine can be used with perfect safety and assurance that healthy appetite will follow their use

after meals. Mr. N. J. Booher, of 2,710 Dearborn street, Chicago, Ill., says: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing back-ward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of the stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest as well as the simplest and most convenient remedy for any form of indigestion, catarrh of the stomach, heartburn and bloating after meals. Send for little book, mailed free, on stomach troubles by addressing F. A. Stuart & Co., Marshall, Mich. The tablets can be found at all drug stores.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetitegradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters'; and to my great joy and surprise the first bottle made decided improvement. I continued their use for three weeks, and am now well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50 cents a bottle, every bottle guaranteed. For sale by W. T. Strong & Co.

It is said that some of the sheep "runs" or farms in Australia are as large as the whole of England.

A DINNER PILL.-Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment, it becomes a poison to the system. Dr. Parmlee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convey the food partaken of into healthy nutriment. They are just the medicine to take if

troubled with indigestion. Two letters of Mary Queen of Scots. written just before her execution, cost an English collector \$20,000.

But few articles have reached such a world-wide reputation as ANGOSTURA BITTERS. For over 50 years they have been the acknowledged standard regulators of the digestive organs. Their success has incited imitations. Be sure you get the genuine article, manufactured only by Dr. J. G. B. Siegert &
