Sinn Feiners Attack Orangemen in Mill-Police Come To Rescue.

Belfast, July 22.—Rioting was renewed in the Falls area of West Belfast during the mill dinner hour today. The postoffice was wrecked and the police fired on the rioters. In the melee, a soldier and several civilians were wounded.

Belfast, July 22 .- Belfast this morn ing was quiet after a night of sanguin ary fighting between Sinn Fein and Unionist mobs, but the situation was tense, and the military with armored cars were patrolling the affected areas. Rain was falling, and it was hoped this would prove a deterrent to further

figh'ing.

Casualties thus far recorded are two men and one woman killed and twenty-treated at hospitals for serious gunshot wounds. Many wounded did not report to hospitals. Fifty-four arres's were made

The primary cause of the trouble is The primary cause of the trouble is believed to be the recent murder of Col. Smyth in Cork, as many men employed at Belfast come from Banbridge, which was Smyth's native town. The rioting began yesterday after a number of Sinn Fein employees of Harland & Wolff's shipyards were attacked.

Sinn Feiners are said to have be-sieged a number of Orangemen in a mill for two hours late yesterday, cap-turing them later, and beating them. A few of the Orangemen were rescued When troops and police attempted to separate the combatants, the Sinn Fein attacked them with stones and other missiles. The police charged with drawn clubs and temporarily dispersed the rioters, but they reas-sembled and the Falls road and Sandy

were then hurriedly raised by the military. During the afternoon trouble developed in the east end of Belfast when a mob invaded a distillery and tried to get the workers from the premises.
