AN EASTER GIFT BOX. Lining for Fine Cigars.

Tobacco "humidors" have been generally adopted for the keeping of fine cigars in the home or at the office, but a less expensive and less cumbersome a less expensive and less cumbersome device for touring or traveling has been developed by an ingenious studemt of tobacco lore. A cigar-box of tin, with a cedar lining, is practically a humidor, for these are made to be air-tight. The new boxes were gotten up for the preservation of the delightful aroma of the famous "Cabanas." These cigars are made from a leaf grown in a certain district in Cuba, and this leaf is noted for its delicacy and mildness. G. W. Muller has imported a splendid line of four different sizes and values in the "Cabanas," and they are all packed

line of four different sizes and values in the "Cabanas," and they are all packed in these air tight boxes. On motor tours, or on sea voyages, where one meets with great changes in both humidity and temperature, the condition of the "Cabanas" remains unchanged. The new box will be a great advantage, and the fact that the cigars are Cabanas will help it towards a smart Cabanas will help it towards a smart pepularity.

At Chicago—Waddell's pitching was responsible for the defeat of Chicago by St. Louis to-day. Score was 1 to 6. Atz was the only batsman to get a safe hit from him and only one ball was batted past the infield. St. Louis' run was due to a base on balls, a sacrifice hit and Ferris' single. Score:
