Beaver Makes Excitement On the Mining Exchanges THE CHAMBERS-FERLAND

Quick Upturn of 10 Points Based on Rumors--- Cobalts Are Gen- Captain Jeffery Makes an Optimiserally Firm.

World Office, Thursday Evening, Oct. 8.

A sharp advance of over ten points In Beaver this morning created ex-citement at the local mining exchange. This stock sold yesterday down as low as 30, and opened up this mornlew as 30, and opened up this morning at 41 1-2. Brokers and traders were mystified at the advance, but purchases of the stock were made by responsibles, and it was only when speculators started to take profits that the price showed any weakness. Nothing was known definitely around the exchanges regarding the sydden decrease. was known definitely around the hanges regarding the sudden deat 35.

BRIGHT PROSPECTS FOR

tic Report on Output and Vein RACE NOW STRENUOUS Extensions.

From a report made to McQuaig Bros. & Co. of Montreal, by Capt. Jeffery, on the progress and development of the Chambers-Ferland mine, it would seem that the affairs of the

The new ore house for shaft No. 2 is nearly completed and work will be cover for the two shafts, so that in a few weeks' time the property will pre-sent a more finished appearance than

it does at the present time.

A five drill compressor has been purchased from the O'Brien mine and arrangements completed for obtaining air from that source, so that with what it is getting now from the Nipissing and La Rose the mine should have 18 drills in operation by the end of the month. Rapid progress is being of the month. Rapid progress is being made with the Taylor hydraulic, and it should be possible to obtain a steady supply of air from that source early in 1909.

Over 155 feet of drifting has been run at the 100 foot level of shaft No. 1, Barlow, the well-known geologist, and been which means that more than half of J. Evans, mining engineer, had been the Chambers-Ferland section of the

vein has been explored.

As soon as the boundaries are reached this drift will connect with one on the O'Brien and another on the La Rose, when the vein will be completely blocked out 4.0 completely silver upon the same 40 cores but the same Rose, when the vein will be completely blocked out down to the 100 foot level. silver upon the same 40 acres, but some distance from the other dis-covery stake. In the La Rose drift the vein is five nches thick at the present time and very rich. The lowest assay of ore taken out of this vein ran over 5000 All parties set out for the recorder's office at Elk Lake City 40 miles disounces to the ton and some as high the matter was laid before that official tant down the Montreal River. There as 9000 ounces. It will probably aver-Kilpatrick contending that the first staking disclosed no proper discovery. The matter was taken under advise-ment. The claim is said to be one of

age 6000 ounces per ton.

If calculated out it will be found ceived from the Nancy Helen Mine.

that this block of ore should be worth \$2,000,000. It is the intention of the management, as soon as the drift has been extended to the La Rose line, to run a cross-cut to vein No. 15, which is the best defined fissure on the properthe really big finds made in the disover the discoveries and after his rety, and at this point is nearest to the O'Brien vein.

Was anxiously awaited. At 1.30 p.m. on Thursday, Sept. 24, the decision

shaft for 127 ft. to reach the vein.

This was started and 120 ft. of the distance had been covered last April when it was decided to stop work there. Last week it was decided to finish the cut. and it is now proven.

O'Brien vein.

The shaft will further be extended on the 175 foot level, so that it should not be many months before a considerable body of ore is blocked out in this one vein. was posted. It re-opened the claim for staking.

Both parties had been prepared for this, but Kilpatrick's arrangements were the more perfect. At the far side of each of the 13 portages, which crossed the 40-mile waterway up stream to the site of the claim, he had placed

Capt. Jeffery expects to ship a car of high grade ore that will run over s75,000 in the course of the next two weeks, and three cars of low grade ore that should have a combined value of \$40,000. He says that after this month they can maintain regular shipments amounting to \$50,000 per month.

Arrangements have been completed with the Right-of-Way to cross-cut to the La Rose vein, a distance of about 60 feet, for \$15 a foot. Altogether

To the La Rose vein, a distance of about 60 feet, for \$15 a foot. Altogether

To the sate of the sale of t The vein when encountered had rock is heavily shot with silver. The the situation is pregnant with possi-

A favorable point in connection with the mine is the economy with which it is being run. Since July last less than \$9000 have been spent in running it, out of which a house was built for the superintendent.

SALE OF MINING **PROPERTY**

FOR THE WHITE META Judicial Sale By Tender of the Assets of the Red Rock Prospecting Parties Paddle Thru Silver Mining Company, Smoke and Fire to Stake Limited. a Claim.

The Electrical Ore Finding Co., Limited

is now operating on Lot 7, Concession 1, Township of Bucke,

COBALT, Oct. 8.—(Special.)—Stories of thrilling adventure, which rival those of the early exploration days, drift down from the Cobalt region to the city dwellers. Wherever there is found great wealth in the untrodden ways these adventures arrive.

No more exciting tale has been written in the pages of fiction than is the telling of a mad race for what promises to become a rich mine on the banks of the Everett and Miller Lake on the Montreal River.

IN THE HIGH COURT OF JUSTICE.

Pursuant to an order of the High Court of Justice for the Province of Ontario, and in the Made in the matter of the winding-up of the Red Rock Silver Mining Company, Limited, dated the 25th day of September, A.D., 1998, and pursuant to the direction of George Kappele, Esq., Official Referee, made thereunder, sealed tenders will be received addressed to H. W. Edgar, Esq., 84 Victoria-street, Toronto, up to 11 of clock in the forenoon of the 19th day of October, 1908, for the purchase of all the assets and undertaking of the above Company, including:

(1) The north thirty acres of the north-winding rights.

IN THE HIGH COURT OF JUSTICE.

mining rights.

(2) All the machinery and equipment now on the above lands.

(3) The highest or any tender will not necessarily be accepted.

(4) In case the purchaser desires to pay all cash, a liberal discount on the mortgage will be allowed by the Liquidator.

tor.

(5) Tenders will be opened by the Official Referee, George Kappele, Esq., at his office, in the Home Life Building, in the City of Toronto, on the 19th day of October, at 12 o'clock noon, when all tenderers are requested to be present. TERMS OF SALE.

A marked cheque for \$2500 is to accompany each tender. Upon the acceptance of any tender, twenty-five per cent. of the purchase price is to be paid by a marked cheque in favor of the Liquidator, and if such twenty-five per cent. does not amount to \$20,000, then such additional percentage shall be paid as brings up the total to \$20,000, the balance to be secured by first mortgage on the property payable in four equal instalments at six, twelve, eighteen and twenty-four months after date, with interest at seven per cent.

months after date, with interest at seven per cent.

In case of default in payment by the purchaser, after notice the liquidator may declare the deposit forfeited.

Possession will be given upon payment of the cash instalment, and the execution and delivery of the mortgage aforesaid securing balance.

The other conditions of sale will be the standing conditions of the court.

Full particulars of the same can be had upon application to the Liquidator, J. W. Edgar, 84 Victoria-street, Toronto, Canada, or to his Solicitors, Messrs, Masten, Starr & Spence, Canada Life Building, West King-street.

Oct9,14

FRANK C. FOY PROMOTED. Now Canadian District Passenger Agent for N. Y. C. Lines.

The pace was killing, and the smoke from forest fires, which were raging in the district at times, almost choked the panting paddlers. Then they would pass thru narrow stretches of the river, where the heat of the fires raging on either side blistered the paint upon the canoe.

After hours of toil Kilpatrick and Stephenson arrived at the end of his past portage only to find that his canoe had been burned by the forest fires since he had left it snugly reposition in the underbrush. Twenty-seven past portage only to find that his canoe had been burned by the forest fires since he had left it snugly reposing in the underbrush. Twenty-seven miles had been covered, but there still remained nine to go. Whathan to go known in railway circles in Canada, will take charge of the New York Central lines ticket agency in the Clifton House at Niagara Falls, Ont.

MOTORMAN SAW DANGER. Wrote Asking for Protection at Cross ing Where Wreck Occurred.

W. H. Hodgson, a street railway motorman, wrote a year ago to Controller Hocken concerning the dangerous condition of the crossing at Front and Windsor-streets, where Miss Cummings lost her life on Wednesday. minute apart should mean stake the claim. He lit a candle and lit two shots, but his candle went out before City Engineer Rust was notified by the controller and the former wrote to Mr. Hodgson admitting that there was much in his contention and stating that something would be done to protect the

Mr. Hodgson, on behalf of the motormen, has also condemned the De Grassi-street crossing. He calls attention to this now in order that the moormen will not be blamed for an accident due to conditions of which com-plaint has been made months ago. TELEGRAPHIC BRIEFS.

Leslie Ogden, who was struck by a G.T.R. train, had his arm amputated at Belleville Rev. G. R. Beamish, rector of St Thomas' Church, Belleville, has declined the rectorship of Kemptville, Que., at \$1500 per year.
Wilbur Wright has fulfilled the terms

Hunt Club Races.

The idea prevails in some quarters that the races and gymkhana to be given by the hunt club Saturday afternoon on the club grounds, Kingstonroad, is for members only, but such is not the case. The gates will be open to the public, and, judging by the excellent program of cross-country races and other events, there should be a large attendance.
