TYPE TAKES TO FARM AND MAKES SUCCESS

Real printers who are genuine farmers are not often met with. Nevertheless, an opportunity presented itself one day last week of witnessing such a transformation. Mr. H. Balson of Darlington was for nearly 30 years a good practical printer, 20 years of which was spent in the Methodist Book Room, Toronto. He tired of the wearisome details which attend so strenuously a life and thought he would like the change which life on a farm would bring. Accordingly, he, a year or two ago, bought a small farm in Darlington, east of Toole's mills, on the Kingston road, and moved there.

At the time stated a visit was made to Mr. Balson, home to witness his progress. On reaching the premises there was a pleasant surprise at seeing so many evidences of thrift and effort on every hand, well suited to the purposes for which they were erected. The garden abounds in many useful vegetables; the orchard in an excellent variety of large and small fruits, and the fields in well cultivated crops, not the least of which is an experimental plot of potatoes, their other crops looking well enough to win a prize competed for. Another feature of his farm not to be overlooked is his poultry, which he breeds for the market, and of the product of 20 hens, not less than 1350 eggs, from January to June, those used for domestic purposes not included. While the regions of Plymouth Rock and Orpingtons are chicken preferred, but not free from chicken thieves who may have to face the law if this thieving is not stopped.

Mr. Balson is a brother printer, and is a man of quiet proficiency, and is none the less so as a farmer. He has a good opinion of Canada, including Ontario, and believes in the every-day thing, only on the eve of great things he believes nearly every-day more energy were thrust into themselves. Farmers are in proportion to their standing in the communities. He is an advocate of better roads, more rural electric lines, cheaper telephone and postal delivery, etc., and strikes rather against the lack of interest manifested in these and other things, by our parliamentary representatives. He is a citizen who does not confer with their constituents as frequently as they should.

OLD "CON" GAME REVIVED

Artfully Dropped Bill Leads Two Victims to Financial Disaster.

Once more the ancient game of the dropped hundred dollar bill was worked by a shoe young man of 22 years of age, dressed in a blue suit and wearing a straw hat, at the Union Station Sunday morning. Yesterday afternoon he complained to the police that he had turned in the bill, a valuable Confederate \$100 bill. The police are looking for the sharper.

FROM GERMAN REICHSTAG

Two prominent members of the German Reichstag, Dr. Van Der Borght, president of the Kaiserliche Reichstag, and Herr Meisinger, Kaiserlicher Regierungsrat and Mitglied des Kaiserlichen Statistisches Amt, were in Toronto yesterday. Both are members of the German Reichstag, and were on their way to Ottawa for an official tour through Canada. En route from New York they crossed the lake on the Chippewa and were entertained in this city by Mr. E. W. Polger, general manager of the Niagara Navigation Co., and others. They left for Montreal on the steamer Toronto.

WATERFRONT NOTES.

Men engaged in dredging the new western channel yesterday made the discovery of a sunken two-masted schooner. The vessel turned out to be the Young Leopard, which ran aground in this city in 1885 in the locality where the hull has been found. The 55 years under water the timber is said to be in an excellent state of preservation, but the hull is in a state of decay. The schooner was built at her best she is but a hulk of wreckage and it has been a long time since she has been raised more apropos to break her up. The Sequin of the Canadian Lake Line arrived yesterday morning with 275 tons of freight from Montreal, and left in the evening for Port Arthur and Fort William with a cargo of 100 tons.

THE WATER WAY MARCH.

Send for New D. & C. March and Two-Step.

The D. & C. Lake Lines have just published a march and two-step written by Harry H. Zickel, composer of the popular "Jolly Student," "Black America," "Ford," and other songs. This composition, which was expressly written for the D. & C. Lake Lines, is full of life and action, and so catchy that it is bound to be the popular favorite of this season. You will hear it everywhere. Everybody will whistle the tune. Get your copy first.

A Cowardly Act.

BROCKVILLE, Aug. 8.—(Special.)—A most cowardly and inhuman act was perpetrated upon a cow belonging to George Smith of Smith's Falls. Upon going to the pasture, the animal, dead, had been disemboweled on the under side of the body from the under towards the front. The work showed that a very sharp knife had been used.

LARGE CATTLE RECEIPTS AT UNION STOCK YARDS

Export Cattle Are Easier and All the Market Dragged Everything Was Cleaned up.

Receipts at the Union Stock Yards on Monday were heavy, namely, 123 cars, comprising 82 cattle, 12 calves, 81 pigs, and 230 sheep. The receipts were nearly double those of the week previous, and were the heaviest since the regulation delivery of the G. I. R.

The quality of the cattle was about an average, with perhaps one or two instances better than the usual run. The large deliveries had an influence on the market in the early part of the day's business, but the demand was sufficiently good to clean up all the offerings before the day expired. Slightly lower prices were cited against the prices for exporters, and prices consequently dropped from 10¢ to 12¢ per hundred weight for the best grades. Medium exporters were also off to the extent of about 10¢ per hundred weight.

Exporters, as a whole, were not in the best of humor, most of them stating that they had paid for their cattle, and were sorry for cattle that they were able to obtain on the market.

Despite the supply of exporters, they were in good demand, and prices ranged on the average from 35.70 to 36.00 per 100 lbs. net. Some of the best reached 36.70, but this was regarded as an exceedingly select sample, and was not the average weight of the firm of Gordon & Ironsides.

Butcher's. Butcher cattle in good demand, and prices were not shaded from that of the week ago, notwithstanding the weak market. The average weight of the week's average weight sold at about 35.50.

Milkers and Springers. The offering of dairy cattle was not in large volume and prices held steady. Good milkers were quoted at 80¢ each.

Veal Calves. Calves were in demand, particularly those of the higher grades, some of which reached as high as 94¢ per lb. Sheeps and Lambs. Prices for sheep and lambs were steady, one firm taking practically all of those consigned to the market.

Hogs were unchanged, at \$3.40 f.o.b. and \$3.75 fed and watered. There were 3000 hogs on the market, and these were in transhipment to Montreal.

Representative Purchases. Wesley Dunn bought 60 calves at from 35¢ to 40¢ per lb.; 40 sheep at from 35¢ to 40¢ per lb.; 200 lambs at from 64¢ to 68¢ per lb. Campbell bought for Morris & Co. 65 exporters for shipment to Liverpool, the average weight being 1175 lbs., the prices ranging from 33.70 to 36 per hundredweight.

C. Zeagman bought two lots of cows, 100 to 1200 lbs. at \$4.50 to \$4.80; two lots of light loads of butcher heifers and steers, averaging 600 lbs. each, at \$4.40 per cwt.

Corbett & Hall sold 123 exporters at from \$3.50 to \$4.85; 8 export bulls, weighing 1200 to 1500 lbs., at \$4.25 to \$4.50 per lb.; 150 butchers, weighing 800 to 1100 lbs., at \$4.50 to \$4.75 per lb.; 40 butcher cows at from 40¢ to 45¢ per lb., and these milkers at 60¢ each.

Corbett & Hall sold eight lots of exporters at from 33.50 to 36.00 per cwt. and cows at from 34 to 35 per cwt. Rice & White sold 325 exporters, averaging from 1100 to 1250 lbs. each, at 87¢ to 90¢ per cwt.; 112 butcher steers and heifers, averaging 1000 to 1200 lbs., at from 41.25 to 45 per cwt.; two bulls, one 1500 and the other 1800 lbs., at \$4.35 per lb.; 150 butchers, weighing 800 to 1100 lbs., at \$4.50 to \$4.75 per lb.; 40 butcher cows at from 40¢ to 45¢ per lb., and these milkers at 60¢ each.

McDonald & Halligan sold 23 carloads of cattle at the Union Stock Yards to-day; about 7 carloads of exporters and the balance of the lot was made up of 35 carloads of best butchers, \$5.50 to \$5.75; medium butchers, \$4.75 to \$5.00; best cows, \$4.50 to \$4.75; 8 milch cows, \$4.00 to \$4.25; 1 milch cow, \$3.50; 1 milch cow, \$3.25; 1 milch cow, \$3.00; 1 milch cow, \$2.75; 1 milch cow, \$2.50; 1 milch cow, \$2.25; 1 milch cow, \$2.00; 1 milch cow, \$1.75; 1 milch cow, \$1.50; 1 milch cow, \$1.25; 1 milch cow, \$1.00; 1 milch cow, \$0.75; 1 milch cow, \$0.50; 1 milch cow, \$0.25; 1 milch cow, \$0.10; 1 milch cow, \$0.05; 1 milch cow, \$0.02; 1 milch cow, \$0.01.

STILL TALKING WAGES. Sitings of Street Railway Board to Go On.

The wage schedule and the cost of living were the chief questions of discussion by the street railway arbitration board at the King Edward yesterday afternoon.

At the conclusion of this discussion the board will have heard all the arguments on both sides, but it is not expected that the sessions will be concluded until to-morrow, when the arbitrators will endeavor to have both sides come to an agreement. Failing in this they will prepare their award and forward it to the minister of labor at Ottawa.

Outside of the wage schedule most of the other points have been gone into by the board. Yesterday afternoon's meeting was concluded about 4 o'clock.

MAY BE GENERAL STRIKE. PARIS, Aug. 8.—A proposal for a general strike was passed unanimously at a meeting of railroad men at Toulouse on Sunday. Immediate action was decided on, if the employers fail to make the concessions demanded. At Bordeaux the railroad men decided also on general strike and expressed their intention of fighting to the bitter end.

Richard N. Vernon, formerly of the Royal Canadian Dragoons, was arrested on charges of desertion from his regiment yesterday morning. He deserted several months ago and collected clothing from his comrades before leaving. He will reside at the Central Prison for one year.

Blow Out His Eye. CORNWALL, Aug. 8.—By exploding a railway fog torpedo with a stone, Roy Simmer, the 14-year-old son of Donald Simmer, lost his eye yesterday afternoon.
