WAST INCREASE GRAIN SHIPMENTS

ST. JOHN FIGURES TOP LAST YEAR'S BY 1,500,000 BUSHELS

C. N. R. Receipts Up to Dec. 20 Approximately 1,300 Per Cent. Greater Than Those Of Corresponding Period in 1923

ELEVATOR IS LOADED TO CAPACITY

C. P. R. Also Report Increase of 327,722 Bushels, While 212,000 Bushels Are En Route in Cars—Statistics Point to Change in Western Sentiment.

St. John is getting the grain. Figures available today reveal the remarkable increase of approximately one million and a half bushels shipped to the port of St. John up to Dec. 20 this year.

The Canadian National Railways' elevator here is loaded to capacity. 24,000 bushels of C. N. R. grain have been stored in the Canadian Pacific Railways' elevator in West St. John.

The Canadian Pacific report an increase in grain received here up to Dec. 20 of 327,722 bushels over the corresponding period last year.

The Canadian National Railway receipts are fully 1,800 per cent. greater up to December 20, 1924, as compared with the shipments received here for the same period last year.

Tremendous Increase. The Times-Star learns these facts today from a leading member of the local port committee that was organized a few months ago to secure traffic and facilities for St. John. To get the facilities in the way of development at Courtenay Bay, it was first necessary to get sufficient traffic that would force the hands of the Government, and if the present volume of business is maintained, the port not only will receive as much revenue despite the cut made in top wharfage rates on grain but will be in a position to insist on the development at Courtenay Bay.

In the opinion of a member of the port committee, more important still than the tremendous increase in receipts is the change in sentiment by the western shippers toward St. John. Present figures afford ample proof of that fact.

The Figures. Total of grain shipments to this port by the Canadian National Railway up to December 20, 1924, was 8,191,816 bushels of all kinds of grain, according to figures supplied today.

For the same period this year 698,697 bushels have been received. In addition to that, there is 212,000 bushels here on the way but not yet unloaded. Still further, 288,912 bushels of corn have been handled here, where last year not a bushel of corn was received. In tabulated form, here is the story:

Seek Meaning of Green Light Band

NEW HAVEN, Conn., Dec. 22.—Astronomers will seek through observation of the total eclipse of the sun on January 24 next to find some clue to the meaning of a green band of light. When the light of the corona, the fringe of illumination which appears around the sun during a total eclipse, is split up into different colors by a prism a bright green line stands out prominently. Professor Edwin W. Brown, Yale astronomer, says that no one yet knows what it means. He explains that when the ordinary light of the sun or of a star is treated the same way the bright or dark lines which are seen crossing it have been shown to be due to substances present on the earth, but no satisfactory explanation has yet been found for the corona's green line.

Maginot Declares Cabinet Acts Are Insults To Veterans

THREE MEETINGS. Two Demonstrations Against Government's Anti-Clerical Policy Are Staged.

PARIS, Dec. 22.—The opposition is not letting the grass grow under its feet. Former President Millerand having fired the opening gun last week in his campaign against the Herriot government, his principal lieutenant, former War Minister Maginot, yesterday delivered a fierce diatribe at Epinal against the Left bloc. It was the first manifestation by the National Republican League in the provinces, since at the same time a reply to Premier Herriot's speech in the Vosges City three weeks ago.

It had insulted those who had fought and struggled for victory by pardoning deserters and traitors, reinstating, with promotions, employees who had sabotaged the public services and, by recognizing the Soviets, it had installed Bolshevism in the government. The block, he said, had evacuated the Ruhr, abandoning this important pledge for payment by Germany without any corresponding advantage.

Islands to Veterans. Other Demonstrations. While M. Maginot was attacking the general policy of the government at Epinal, General de Castelnau presided over a manifestation attended by some 7,000 persons against the government's anti-clerical policy at Perpignan, and Cardinal Lucon headed a similar manifestation at Rheims, with more than 5,000 present.
