parts of Empire.

London, Nov. 1.—(By Canadian Press)—A statement which has just been issued by the British treasury makes public the contributions of the British colonies and protectorates towards the cost of the war and states that the chancellor of the exchequer will devote such sums when received to the cancellation of the war debt. These contributions are as follows:

Bermuda—40,000 pounds, sterling, payable in the form of an annuity of 5,400 pounds.
Ceylon—Two contributions of 1,000,000 pounds sterling each, one payable by instalments of 100,000 pounds annually for ten years, and another by such instalments as may be convenient to be paid within 10 years.

PHYSICIAN AND HIS WIFE BOTH ILL IN THE HOSPITAL

The news that Dr. George N. Pearson and Mrs. Pearson were both patients in the General Public Hospital in this city was learned with sincere regret by friends in city and country. Mrs. Pearson had a severe illness last spring, and while she had partially recovered, her condition recently became more serious and after consultation with Doctors McAllister, Farris and White, it was decided to have her come to the hospital, as her case was a puzzling one and required careful observation. Dr. Pearson accompanied her and her nurse to the city one day last week. He also had been overworked and, while en route to the city, was taken so ill that on arrival he had to remain in the hospital, and will probably have to remain for a couple of weeks.

Thus the doctor and his wife, who have so often gone together to minister to those in need of medical or surgical skill are themselves in hospital, under the care of doctors and nurses.
Both were able to receive friends yesterday, and are as cheerful under the unusual circumstances as Dr. Pearson would desire his own patients to be while under his care. Their niece, Miss Sybil McAnn, motored from Sussex yesterday to visit them. All their friends, and especially the doctor's patients in Sussex and that section of Kings county, will hope for both a speedy and complete recovery. Throughout the war period and since, both Dr. and Mrs. Pearson have been tireless workers, and never spared themselves when there was a duty to be performed.

PRENTICE BOYS' FAIR IS OPENED

A big drive is in progress in Carleton under the auspices of the 'Prentice Boys' No. 40, in the shape of a fair for the purpose of raising funds to enable much needed repairs to be made to their hall. Their fair was launched Saturday night with everything pointing towards success in their undertaking. There was a good crowd in attendance and the various arrangements made for the visitors' amusement showed that each committee had done its work well. Those on the committees are as follows: Chairman of the executive committee, A. L. Belyea; members of the executive committee, Clifford Price and E. A. Duffy; secretary, E. J. Anderson; treasurer, W. Much credit is due 'Prentice Boys' No. 40 for their charitable work during the year as \$2,000 has been given for charitable purposes and the Wright street Memorial Home and the Protestant orphanage have received \$750 each this year from them.

Samuel Cunningham, who for the last eight weeks has been a patient in the General Public Hospital, is sufficiently recovered to be removed to his home in Coburg street. Colonel Murray MacLaren skillfully performed a very serious operation.

Adler-i-ka Again!

"I was bothered with gas on the stomach, belching and general stomach distress. The first bottle of Adler-i-ka gave relief, and 2½ bottles cured me. I feel fine now." (Signed) George Kosak.

FOUR PERSONS FOUND DEAD IN AN APARTMENT

(Canadian Press Despatch.)
New York, Oct. 31.—Four persons were found dead from gas poisoning today in a rooming house, East 53rd Street. The accidental detachment of a rubber hose, which connected a gas jet with a small radiator, is believed to have been responsible. Apparently all four persons had been awakened by the fumes because their bodies were found close to a window which they had been unable to open. The victims are Mr. and Mrs. John Harold, 40 and 35 years old, respectively and H. F. Lambert and E. Perkins, members of the crew of the battleship Florida.
A surgeon from the battleship who identified the bodies said that Lambert came from Midway, Texas and Perkins from Mechanic Falls (Me.). The two youths were wireless operators and had been on shore leave.

ELECTROCUTED AT SYDNEY, C. B.

(Canadian Press Despatch.)
Sydney, N. S., Oct. 31.—Henry J. Boutillier, an employee of the Cape Breton Electrical Company, came to his death on Saturday night about 11.30 o'clock by being electrocuted while at work in the company's power house at the car barns in Townsend street. He was one of the company's oldest employees in point of service and for the last ten years or more has been engaged in that part of the plant where he met his death. Boutillier touched a high tension wire, carrying 22,000 volts. Death was instantaneous.

TEMPLEMORE WAS SCENE OF FIERCE RIOTING FRIDAY

(Canadian Press Despatch.)
Templemore, Oct. 31.—Templemore Friday night was the scene of five hours of terrorism when military forces raided the town, armed with guns, hatchets and other implements. They fired shots and burned premises, but no casualties have been reported.

Several jewelry and clothing stores were broken into and looted and, after being sprayed with petrol, were set on fire. Windows in more than 50 houses were smashed, but the occupants escaped without injury. The proprietor of the burned shops asserted it was set on fire by fishermen, some of them wearing trench helmets and others masks. Members of the clergy and "black and tan" and other policemen helped to put out the flames. Many people left the town, fearing further reprisals; others took refuge in the police barracks. Tribute has been paid in some quarters to the policemen and the "black and tan" police for their assistance and behaviour during the rioting.
The raid is believed to have been in reprisal for the attack on an army lorry at Tipperary Thursday, when three soldiers were killed and five wounded.

Portrait of Mr. MICHAEL T. ROONEY, of 65, Granville Avenue, Long Eaton, England, who writes:—

"Some years ago whilst touring Ireland with 'Sanger's Royal Circus' I contracted some kind of an irritable skin complaint, which seemed to baffie different treatments in the way of ointments and lotions, all of which utterly failed to give me the slightest relief. Recently at Long Eaton, where I am engaged as Advertising Manager of The Picturehouse, the conductor there begged me to try Clarke's Blood Mixture, but I refused. However, he, knowing its curative powers from experience, made me a present of a bottle, which I began to take. Recognising a slight improvement in my limbs, I got another bottle, and continued the treatment until I had used four bottles, and now my skin is perfectly healthy again."

from Bad Legs, Abscesses, Ulcers, Sufferers from Swellings, Piles, Eczema, Boils, Eruptions, Rheumatism, Scald, should realize that lotions and ointments are but give temporary relief—to be sure of complete and lasting benefit, the blood must be thoroughly cleansed of the impure waste matter, the true cause of such troubles. Clarke's Blood Mixture quickly attacks, overcomes, and expels the impurities, that is why so many remarkable recoveries stand to its credit. Pleasant to take, and free from injurious ingredients.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast
if your Back hurts or Bladder
is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.
The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.
Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys lean and active and the blood pure, hereby avoiding serious kidney complications.
