

EATON'S PROGRESS SALES

A Series of Sales Containing Values That Are The Foundation of Our Success.

PROGRESS is indicated by the success of an institution founded upon the confidence of the public. Success is attained only by constant attention to details and this has ever been our policy. TIME AND OUR PROGRESS HAVE JUSTIFIED THIS OPINION.

EATON'S PROGRESS PRINCIPLES

Consisting of Cutting to a Minimum the Three Costs Determining the Price of Merchandise!

A—THE PRODUCTION

Our buyers purchase in immense quantities. Quantity production means a lower price per unit. You share this advantage.

THIS IS PROGRESSIVE BUYING

B—COST OF HANDLING

Our system of handling merchandise does away with waste. Thrift governs your purchase. There is no lost energy, no lost time, and no unnecessary labor. You do not pay the extra amount usually added to take care of wastage.

THRIFT ANOTHER STEP IN THE PATH OF SUCCESS INDICATING PROGRESS

C—THE COST OF SELLING TO YOU

Our method of selling also reduces the price of merchandise. The profit on each sale is extremely small. Progress is possible only through a maximum amount of sales made possible by offering the greatest values for the least money.

THIS IS PROGRESSIVE MERCHANDISING

VOICE OVER WIRELESS
RECORDED BY PHONOGRAPH
Words Spoken Forty Miles Away Engraved as Ordinary Disk is Manufactured.
London, May 3—Experiments which have been carried out here have resulted in the making of a talking machine record on wax of a voice transmitted by wireless telephone forty miles away. While the voice was speaking at Chelmsford in the County of Essex,

where there is a high power instrument capable of transmitting the voice many hundred of miles, the equipment at the receiving plant in the Strand, London, was attached to a recorder, which engraved the message in soft wax in the same way as an ordinary talking machine disk is manufactured.
The record when produced was perfectly audible, though a trifle "patchy." With larger amplifiers the result, it is said, would have been louder though rather hoarse in its effect.

OVERALLS IN THE DIGNIFIED COMMONS.
But M. P. in England Also Will Wear Spats to Break Shock.
London, May 4—Overalls are about to invade parliament, but will be combined with spats to relieve the historic place of some of the shock. Major John R. P. Newman, M. P. for the Finsbury division of Middlesex, will introduce them to Westminster. He has admitted

his intention to wear overalls to the House and says he has become a convert to this means of smashing clothing prices. He claims, however, to spats, and has told an interviewer he will wear them in connection with his parliamentary garb.
SAYS CANADIANS NOT INCLUDED IN REQUEST RE MEXICANS
Toronto, May 4—Denial of a statement attributed recently to Frank Morrison, secretary of the A. F. of L., at Washington to the effect that Canadians were included in a request made upon the United States government to bar cheap Mexican labor from the states, was made here last night by John Flett, general organizer of the A. F. of L. for eastern Canada.
He said he was making the denial at the request of President Gompers of the A. F. of L. on behalf of Secretary Morrison.
According to these officials Mr. Morrison did not refer to Canadians when he was pleading to get rid of the Mexicans who have been flooding the border states with cheap labor.

MAIL TO WINNIPEG BY THE AIR ROUTE.
Winnipeg, May 4—The first aerial mail for western Canada was brought here last night by Lieutenant A. F. Bingham of the Manitoba Aero Club, who flew with it from Grand Forks, N. D.

MARRIED FIVE YEARS AGO, JUST TELL IT NOW
New York, May 4—Fanny Hurst, a thor, yesterday announced her secret marriage five years ago to Jacques Da felsen, a pianist, under a pre-nuptial agreement with her husband she said they have lived apart since their wedding so as not to interfere with her other's career. She said they made the marriage a purely formal manner, "meeting a per inclination and not duty." She said they intend to continue that plan.
