in the world is to be developed extensively in the vicinity of Spokane.

At the village of Latah, forty-two miles from Spokane, is an oozy area surrounding a large spring. Geologists say this spring and its surrounding strip of swamp have existed for countless centuries; in precisely the same spot as to-

day. Prehistoric animals coming down to drink sank in the bog and their bones exist in quantities that makes the sink hole a mine of wonderous richness for the

hole a mine of wonderous richness for the scientist.

The skeletons of twenty-eight prehistoric animals have already been taken from the Latah spring. One of these, the framework of the largest mastodon in the world, is now mounted in the Field Museum at Chicago. It is said to be worth \$25,000 as it stands. From all indications the spring is likely to yield a whole herd of mastodons in skeleton. The Eastern Washington State Historical Society, headed by E. C. Lindsley of Spokane, president, has acquired the spring and will develop the ground exploration. Portions of a big mastodon have already been uncovered and it is proposed to exhume the complete skeleton and reserve it for a Spokane museum when one is erected. The Chamber of Commerce is co-operating in the effort.

The monthly executive meeting of the Playgrounds Association was held last evening in the Y. M. C. A. building with the vice-president, Capt. A. J. Mulchay presiding in the absence of A. M. Belding, the president. There was a strong representation of the men of the executive and expenditures which were answered by the secretary. Plans for the closing exercises were laid asside to be taken up when the president was able to attend. There was some discussions regarding the work and expenditures which were answered by the secretary. Plans for the closing exercises were laid asside to be taken up when the president was able to attend. There was some discussions regarding the work and expenditures which were answered by the secretary. Plans for the closing exercises were laid asside to be taken up when the president was able to attend. There was some discussions to the found the stall empty, and eventually found the horse in a dark corner of the hayloft, reached only by a steep flight of stairs. To get him down he had to cut a hole in the side of the barn and lower the horse with a tackle.

when the president was able to attend. There was some discussion as to how the playgrounds children might be represented in the soldiers' day parade and celebrations, and Mrs. A. C. D. Wilson was appointed a committee with power to add for the purpose of making all arrangements in this respect.

Reports from all the grounds were very favorable. Attendance was said to have been good. Reports also said that during the wetweather of last week the children were inside a great part of the time and had accomplished much in the way of raffia and reed work. Order was said to be excellent in all of the grounds, said to be excellent in all of the grounds, the trouble in the Allison grounds hav-ing been obviated through the kind of-
