Rich Finds Reported in China Creek-General Mining Intelligence.

Renewed Activity in Hydraulic Mining-The Horsefly and Victoria.

The Nelson Miner. An English company, represented by Mr. Hughes, is prospecting a piece of ground near Lillooet. The ground onsidered good, and water will brought from Cayuse creek, though there will be some heavy digging to be done. On the Lambert claim on Bridge river men are engaged bringing water to sluice a channel so as to divert the course of the river, exposing 11/4 miles of the bed, which is supposed to be very rich. There are rich quartz ledges far-

Mr. J. B. Hobson, manager of the Cariboo Hydraulic Company at Quesnelle, writes that more men are going into Cariboo tnan can find work; quite a number are destitute, and it would be charity to dissuade those who have no

means from going up. Reports of rich finds in China creek, Alberni, are brought by Mr. Henry Saunders, of Victoria. - Messrs. Mc-Tenallan and Childs have claims running \$1 to the cubic yard. On the Mountain Rose there is a two-foot ledge from which assays of \$500 to \$1,000 were got. The Alberni, further up, goes even better. Some of the China creek claims

promise well. The Victoria company has 45 men engaged on its claims on Quesnelle river opening up a ditch used some years ago and expect to have water on it in six

Forty-five claims have been staked by private parties near the Horsefly and are eing worked by hand process. Some deanups as high as an ounce a day have been made.

Geo. T. Gardner and J. Wendell will likely open two hydraulics this summer near North Bend. Horsefly Hydraulic company stock is

quoted at \$25, making the total value of the property \$1,500,000. It is strange that a paper like the Spokesman Review permits itself to be so badly misinformed about matters in its neighborhood as it is. In a recent issue it states that the Silver King tramway is to end at the Nelson & Fort Sheppard depot, which is absurd as well as untrue. In another place it says that a Scotch company, of which Sir Joseph Pett is the "president," has recently taken hold of the Silver King, which is wrong again. This latter statement is made on the authority of Mr. J. Hendry of Vancouver, and the former by Mr. Dilsheimer of Spokane. As long as the paper is content to depend on the "man in the street" for its news it will go on

making ridiculous blunders in this fash-The proprietors of the Unfor have about ten tons of ore on the dump. The latest assay shows \$12 in gold.

The Mabel has been bonded for \$5,000. worth of ore a day. The new machinery completely shattered, to learn that, with works well.

made two locations near the boundary. nerves made strong, their blood purified, Samples of their ore show both gold and and life made happy and worth living

A. Hall and P. McCormick have located a claim called the White Elephant ery Compound, nature's great life restoron Stony Creek. The ore assays \$28 in er. No medical agency in the world is gold and 70 ounces in silver. The claim so well adapted for the re-building of

has already been bonded. The lead on the Kootenay is looking well: the ore is rich and in great quantity. There is no doubt about the bond being taken up.

The Grand Prize No. 2 is a good looking prospect with a ledge of quartz about 20 feet wide bearing auriferous pyrites and galena.

The St. Elmo has been bonded to Messrs. Loring and Crane. M. A. Burbridge reports a rich strike of free milling ore near the boundary. Assays show an average of over an ounce of gold and a rush to that neigh-

borhood is expected. There has been some excitement during the last few days over some strikes on Eight Mile Creek of gold bearing ore. Claims have been staked on this creek for two or three years, but till now nothing very great was thought of them. Lately some very good assays have been

made. Two claims have been staked immediately opposite New Denver and assays of surface rock show \$6 in gold.

Vernon News. The agricultural society of New Westminster have invited His Excellency the Governor-General to open their fall exgagements.

On Monday afternoon a party of immigrants from Washington State, bound for Northern Alberta, passed through, having come up on the steamer Aberdeen. They took with them three cars of horses, among which were several fine looking animals. The Edmonton and Red Deer districts are attracting a large number of settlers this spring from the northwest American States. There can be seen at this office a sheaf of fall rye forwarded to us from the farm of Mr. Charles Balagno, on the Mission road, which is good evidence of what this country can produce. The grain, which is a volunteer crop, is fully headed out, and on the last day of May it measured 6 feet 2 inches in length. If there is any part of this Dominion that can beat this we would be glad to hear

Trout fishing in Long and Okanagan Dr. Price's Cream Baking Powder lakes is still pursued by local sportsmen, World's Pair Highest Medal and Diploma.

though without quite as much success .s was the case earlier in the season. Mr. C. Cosens, however, met with good luck one day last week, securing five fish, the largest of which was a beautiful silver trout which weighed a little over twelve pounds and made an extremely hard fight before he got it into the boat. This is, we believe, the largest silver trout that has been caught this spring, though several of the red variety have been secured which rival it in weight

THE REVOLT OF ISLAM

Bedouins Threatening the Europeans-Hospitals Destroyed.

Djeddah, June 7.—The situation here is considered a very grave one for Europeans who have not been able to take refuge on board the foreign vessels in the harbor. There are very few Turkish troops in the garrison and the town people generally are pleased at the Bedouin attack on the foreign consuls and at their wrecking of the cholera hospital. This being pilgrimage time, the religious feeling among the masses runs very high and unless something is immediately done by one of the powers, or by Great Britain, Russia and France, whose consular representatives were murderously assaulted, to enforce respect for Europe, the lives of the latter will not be safe and a revolt of the Bedouins shortly is very probable.

Its Terrible Effects

Shattered Nervous System Built Up and Strengthened By Paine's Celery

It is in the combined perfection of motion, intemgence and sensation, speech that man excels all created ani-

The brain, that grand centre of sensation and perception, and the whole nervous system, are wonderfully made, and man's happiness and very life de pend upon their condition of health. The human brain and the nervous system become impaired, shattered and broken down in various ways. Careless living, loose habits and over-indulgences, when persisted in, and continued for a length of time, tend to wreck and des-

troy the whole nervous organism. There is no form of disease that can more rapidly shatter the system, or more surely lead to death, than the use of strong drink. Its effects are felt in every nerve and tissue, and its poison can be traced in every drop of blood. It will plant courage and hope in the hearts of many men who are broken a firm determination to avoid strong F. S. Algiers and his partner have drink, their bodies can be rebuilt, their This grand work of re-creation can be accomplished by the use of Paine's Celbrain and body.

Mr. Samuel B. Guild, of Ellershouse, Hants Co., N. S., writes as follows:

"I wish to express my gratitude for hibition in October, As our show falls the great good accomplished in my case on about the same date, it would be a by your Paine's Celery Compound. I good idea for the Okanagan and Spall- had commenced using strong drink when umcheen Agricultural Society to endeav- quite young, with the result that my or to secure the presence of Lord Aber- whole system was run-down and shatterdeen before he makes any connecting en- ed. I was under the care of several doctors, but they did not seem to understand my case, and could do nothing for me. I commenced using your Paine's Celery Compound, and it soon made me a new man. My nervous system is completely built up, my appetite is natural and healthy, and I feel better and stronger than ever before. Paine's Cel ery Compound has done these wonders for me, and I cannot thank you sufficiently.

me. One side of his nose is powdered and
one side of yours isn't.

Gould's New Yacht Again Victorious in the Channel Races at Dover.

Sailors Defeat Soldiers-Amities Defeat Nanaimo-The Tug-of-War.

YACHTING

CINQUE PORTS RACES. Dover, June 10.-In the regatta of the Royal Cinque Ports vacht club to-day the Ailsa and Britannia started at 12.02 p.m. The Prince of Wales and Duke of York were on board the Britannia. The sky was overcast and a fresh northeast breeze was blowing. Both the big racers carrying their four plain working sails crossed the starting line too soon and were recalled. In the race for the 20-raters, the Niagara, Stephanie, Augrey and Luna started at 12:30 p.m. The Niagara crosed the starting line too soon and was recalled, with the result that she got away last. In the early stages of the race the Luna was about 30 seconds ahead of the smaller yachts with the

Stephanie second. The 20-raters in a heavy thunder storm finished the first round as follows: Niagara, 2:01:10; Luna, 2:01:50; Stephanie. 2:02:30. As the end of the race was neared it was evident that the Niagara was a winner easily. The Luna was far

Dover, June 10.-The following were the times of 20 raters at the finish: Niagara, 3.16.59; Luna, 3.22.12; Stephanie,

The big yachts finished in the following times: Ailsa, 4.34.45; Britannia, 4. 36.04. The Britannia, however, won the race or time allowance.

CRICKET. ALBIONS DEFEAT VICTORIAS. The score in the cricket match of the Appions vs. Victoria second eleven on Saturday stood 26 in favor of the Albions. The Albions went to bat first and made 82, but the Victorias only piled up 54. Schwengers got 27 and Anderson 16 for the Albions, while the highest scores for the Victorias were Gamble 19, and Hills 12.

THE NAVY IS BEATEN. A double innings game took place on Saturday at the canteen grounds between the Victoria cricket club and the navy, the local club winning the match by 83 Victoria's scores were 129 and runs. 101, making a total of 230, and the nav, in their two innings made 147, divided up into 84 for the first and 63 for the second time at bat. Wallis played a good game, scoring 44 and Smith made 30. The best batting for the navy was done by Wigram, who scored 27, and corporal Glover with 20. Goward's bowling was very effective on the navy's

SAILORS DEFEAT SOLDIERS. The Hyacinth and Dockyard defeated 71 to 32. Staples made 16, Baker 12 the 6th of July. and Horner 10 for the sailors. scored 12 and Hibben carried out his bat for 10 for the landsmen. Staples and baker bowled well.

The Victoria College team defeated the Nymphe eleven by 65 runs and four wickets. The match was a single inn-W. R. Wilson for the college scored 43 and A. Langley added 23.

ANOTHER RECORD BUSTED. New York, June 8 .- The greatest exhibition of long distance riding in the history of cycling between Chicago and this city terminated at 2:39 this morning The race was started from Chicago on Wednesday morning at 9 o'clock and scheduled to cover the 1000 miles intervening between that city and New York in 72 hours. The record has been broken and the distance covered by six hours and 47 minutes in advance of the sche-

TUG-OF-WAR.

BRAWNY SCOTS VICTORIOUS. There was a good attendance at the Market Hall on Saturday evening to witness the tug-of-war between Scots and firemen. The fine band of the Royal Arthur, under the leadership of Mr. McKay, enlivened the proceedings, rendering the choice programme which had been arranged most excellently.

It was 8.30 before the two teams filed in and took their places on the cleats. Robert McGregor was captain, and Chief of Police H. W. Sheppard was judge for the Scotch team, which was composed of the following: A. Mc-Donald (anchor), Jno. Manders, Wm. A. Anderson, James Woods, James Mc-Donald, W. G. Murray, A. McLennan and Wm. R. Hill. The firemen were: F Steuk (anchor), L. McNeill, J. Mc-Kay, A. Munro, A. McKinnon, A. Wilson, E. Wilson, J. Hay, W. J. Crull and Milestate, with Chief Thos. Deasy as captain and Sergt. Major Mulcahy as

was in store. After a fifteen minutes | H. W. Gordon's Jerry Satan with W. rest the two teams again took their | H. Webber up, and F. W. Galpin's Deplaces. Some little time was conplaces. Some little time was con- mon. Demon won with Ginger a close sumed in seeing that no undue advan- second. Satan acted like a worthy detage was had by either team in the. scendant of the Old Boy, for he bolted

inches on the first strain. Then they settled down, but the firemen lost little by little. The captain of the Scots jauntily paced backward and forward, cheering his men by his confident manner, when suddenly he made a signal which was answered by a skirl of the bagpipes, which were stationed near. The audience rose as one man, a mighty

cheer burst forth, the sturdy Scots gave a long pull, a strong pull, and a pull all together and succeeded in pulling the firemen clear off the cleats, thus winning the contest in two straight pulls.

BASESALL. AMITIES TAKE THE LEAD. The first four innings of the game beween Nanaimo and Victoria cn Saturday was as nice ball as could be seen anywhere. Clark, the Nanaimo twirler, started out by performing wonders. His eceptive outdrop completely puzzled the leading batsmen of the Amities. Gus Gowen fanned three balls, Duck was similarly treated and George Gowen foilowed suit. The Nanaimo men obtained one in their half of the first, and the visitors' stock rose rapidly in the estimation of the audience. The home team, realizing that there was heavy work before them, settled down and played steadily. The first run of the Amities was scored by successive hits by Lenfesty and Duck, the latter making one of his terrific drives to right centre for three bases. In the fifth the Amities began to find Clark, and a combination loss to the Triangles. The Vancouver of hits and errors brought five runs over team played a fine combination game the plate. Voegel, the visitors' catcher, was injured in this inning, and Tarrant, kept the Triangles on the defensive he second baseman, was substituted, most of the time. The ball was faced Hayes coming in from the centre to take the latter's place, and C. Wriglesworth kindly consenting to field in centre. The great plays of the day were by Jackson, Widdowson and Scott, there being nothing particularly brilliant about the visitors' fielding. Jackson's stop of a hot grounder at second was a gem, and Widdowson brought down the grand stand with a running pickup of a likely basehit. Lenfesty fielded a hot liner in the box, and Scott made a clever stop with one hand and succeeded in throwing the runner out at first. At bat Scott secured a long drive over the left field fence, Gus Gowen a triple to the fence, Duck another triple, George Gowen a timely twobagger, and Clark, the Nanaimo twirier, a long clean hit to the southern boundary fence for three bags. Fred Gouge was given quite an ovation when he stepped to the plate, the Victoria public not forgetting his past work on the

Amity nine. The audience were very impartial in applause, and anything meritorious in the visitors' playing was enthusiastically cheered. By Saturday's victory the Amities take first place in the league race, Nanaimo dropping to sec-Clark, the Nanaimo twirler, received a

LACROSSE.

VICTORIA V. VANCOUVER. The first game of the season of the Triangle team was played at Brockton Point, Vancouver, on Saturday. The Triangles, owing to various causes, only completed their team on Friday night, and with only a few hours' practice on three evenings, it was not to be expected that they would put up a first class game, far less that they would defeat the Vancouver team, which had the advantage of one match with Westminster and numerous practices. Nevertheless the Triangles played an excellent game from start to finish, and although beaten five to two, the reason for the defeat -lack of training-was so apparent that they are inclined to believe that after a few weeks' regular work, the result of the next meeting will be very different. In addition to being out of condition, the absence of three of the best men of last year's team was a great and with the exception of the first game at 3.50, the teams being lined up as follows:

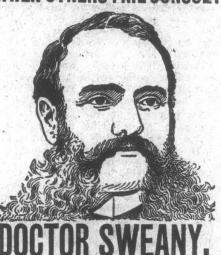

Vancouver Quigley Miller . Cover Point Defence Field Defence Field Defence Field
Centre Field
Home Field
Home Field
Home Field Paterson Ditchburn dyers . Campbell Outside Home Field Captain There were a number of plays on both sides, but of the Victoria team, next to the Cullin brothers, Belfry

and Patterson, the three intermediates, G. Snider, A. Smith and A. Smith, especially distinguished themselves. The game was a very agreeable one throughout, and although a few knocks were received the boys did not lose their heads or forget to play lacrosse. A. E. Suckling was an impartial referee.
