For a number of years he had been afflicted with chronic catarrh and having recently been thoroughly cured of his old affection, an interview was obment to the public:

Police Commissioner Partridge Will Inaugurate Reforms at Seaside Resort.

New York, March 31 .- Coney Island has been plunged in gloom by the announcement that a wave of reform will sweep over the resort. Police Comn sioner Partridge has decided to abridge the privileges of the islanders during the summer, and a circular letter bearing his ignature has been read to the members of the police force, calling for volunteers

In calling for volunteers, Commission Partridge says applications will be re-ceived from patrolmen of undoubted sobriety, "only fearless and willing men" are wanted, who will do "real police duty" and not consider the seaside assignment as in the nature of a summer innket.
