Many Families Rendered Homeless on Number of Gases Increasing and Schools Saturday Night-Total Loss

About \$4,000.

As a result of a serious blaze on Brussels street on Saturday night three houses were badly gutted and nine families were turned out of their homes. The loss is estimated at \$4,000, fairly well covered by insurance. The fire originated in the new house at 260 Brussels street. The owner had been using tar to thaw a frozen water pipe and left the tar to boil. Before the blaze was discovered it had gained considerable headway. An alarm was rung in from box 16.

The firemen worked from 9.20 o'clock on Saturday until two o'clock yesterday morning, when the all out signal was sounded.

Unionists Made Large Gains on Saturday But Cannot Expect Cost Suggested of Beating Mr. W. J. Ryan

LONDON, Jan. 16—The first day's polling in what is described by both parties as the greatest electoral battle in Britain of our time, indicates that previsions as to the return of a Liberal majority to the new parliament will be borne out. The Unionists, have made some gains, but not enough, if the same ratio as that of today be preserved in subsequent contests, to insure them a final victory.

There is as yet no evidence of a landside to the cluse of tariff reform, of naval increase, or of any other of the issues which the Unionists have invoked, Free Trade and the limitation of the powers of the House of Lords, judging by the returns on this, the first polling day in one election which will cover a fortnight, will scure a majority which may even be large enough to make Mr. Asquith's Government independent of the Irish vote. This, of course, is by no means a certain deduction from today's results, but that the Liberals are likely to have a working majority in the new House of Commons is practically conceded by the Unionists analysing were reduced continue to make Mr. Asquith's Government independent of the Irish vote. ## Our Greatest January Sale Has an Auspicious Opening

We Say Our Greatest January Sale and That Means St. John's Greatest

Among the clothing sales—which, with one excuse and another, have been thrust upon your attention lately—this one stands out like a giant among dwarfs. Saturday, the opening day of our sale, the store was thronged with eager buyers

all day, resulting in the greatest volume of business ever done in any one day during the month of January-and we've held very successful sales during January in the past few years—but this one promises to surpass them all. It will be thronged today -it will be thronged tomorrow-it will be thronged every day while the sale continues because quantities are too large for one or two days' selling to exhaust. And the values! The greatest ever offered in the clothing business in St. John. Make comparisons and prove this statement to your own satisfaction. Prices in themselves mean nothing—any store can advertise worth so much and reduced to so and so—but

it's what you get for what you pay that counts.

A gentleman while here Saturday asked the question: Why is it you always have such generous response to your sale announcements? We answered him: "Because we live strictly up to our motto: 'Best for the money at all times,' and when we announce a sale we never overstate the facts, so that everything is found just as represented—in other words, we deal fair with the public, and through such square dealing we have gained the confidence of the public."

Do you suppose there could be any other reason for this being the largest clothing business in the Maritime Provinces? No! of course not. Come every day while the sale lasts. Get your share of the truly remarkable
