The last number of the United States *Nautical Magazine*, has been received at our office. It is replete with practical information in naval affairs, and as usual, contains several practical drawings on naval architecture.

FIRE AND LOSS OF LIFE IN QUEEN'S COUNTY.—On Monday last about 2 o'clock in the morning a fire broke out in the wood house attached to the farm house of Mr. James [illegible], in Jerusalem settlement, Petersville, in the above county about 12 miles from Oak point. The proprietor of the house and part of the family were absent having gone to a prayer meeting at some distance, but including visitors, there were ten persons in the house at the time of the outbreak. On the alarm of fire being given, all the inmates escaped in the best way they could, except Miss Jemima Reed, who in attempting to save some of her wearing apparel was in imminent danger and had to jump from the window, after being severly burned. Sarah Reed, aged about 50 years, and two children, Mary Dolbee aged 2 years and Margaret Thompson an orphan aged 8 or 9 years, were unfortunately suffocated in the flames. The origin of the fire is unknown as they having been no fire in the house since Saturday. None of the valuable contents of the house were saved and the estimated loss is about £1000, no part of which is covered by insurance. The Rev. Mr. Sterling, a missionary from the Free Church who was staying there at the time, we are informed, saw just a quantity of valuable books and manuscripts. Not a vestige of the bodies of the man or children was found in the ruins.—*Courier*.

A telegraphic report from Washington says that Senor Marcoleta has left that city, having been appointed Nicaraguan Minister to England. Appointed by whom asks the New York *Commercial*? The Rivas Walker Government.

☞ The Heat in New York on Saturday and Sunday last was so intense that several cases of sun stroke occurred. On the same day an violent was the thunder storm, that several boats were upset and persons drowned.

In this city the weather has been unusually warm, with frequent showers.

A DIPLOMATIC NOTE.—LEMONADE.—Mr. John Bull presents his compliments to Mr. Dallas, and begs to say that, although Mr. Crampton may have packed up his things from Washington, that is no reason why Mr. Dallas should be in any hurry to send for *his* things from the wash.—*Punch*

Caution to the Public.

I BEG leave to notify my friends and customers that on the first day of May I removed one door above my old stand in the same building, and since that period parties who leased the premises formerly occupied by me, have without a particle of right put up the sign of "GRANITE HALL," the name that I have done business under for the last seven years: and taken other means to lead strangers and others to believe that it was the same establishment as heretofore.

In justice to the public I now distinctly state that I have no communication with the place whatever, that my place of business is one door above, in the Store formely occupied by William McGlinchy, where I hope to give as good satisfaction to the public as I have formerly.

J. RUSSELL SPALDING'S

AND CASTOR OIL

IS decidedly the nicest and best toilet article in the world for the Hair. The ablest chemist who have examined it testify that as an agent for preserving the Hair and promoting its growth it surpasses any other article.

After a long series of experiments, Mr. SPALDING succeeded, by an intricate process, in freeing the Castor Oil used in this preparation from its *peculiar odor* and all *greasiness*, and inblending it with the ROSEMARY, &c., in such manner as to form the cheapest and best *OIL OR WASH* Ever made, for which all who desire to preserve a good head of Hair until late in life, will be grateful.

The Sale of the Article has been Immense!

And its Success Astonishing—Use it if you wish.
