

GOOD HORSE RACING AT MOOSEPATH

Ozen D. and Happy Lad winners in large field — Track heavy after the rain.

The Park Matinee Club braved the uncertainty of the weather yesterday and won out, holding the most successful meet of the season. The track after the recent rains was heavy and in places very bad which the pacers found more to their disadvantage than did the trotters, but notwithstanding this the time made in the various heats was exceptionally good under the conditions.

A large crowd was in attendance, but through the lack of a special train which had been previously arranged for but was not provided many more who otherwise would have went to the race track were deprived of an afternoon's sport. Many even walked from the city to the race track to enjoy the afternoon's programme.

Shortly after 2:30 the first class, the 2:30 trot was called on. This class had four starters. The big gelding Happy Lad and Burpee Brown's Patsy B made their first appearance this season in this class while the other two were Nan Patterson and Ed C. Happy Lad won this event in straight heats with Nan Patterson second and Patsy B taking third money.

The 2:25 pace proved an interesting class and brought out some both popular and new entries. Owen D. Royal Lancer and Pearl Barronmore seemed to be the favorites, the black stallion and Pearl still greater favorites and Kelly's Lou Recall taking third money. Crowther, Shamrock and Royal Lancer finishing in order. The pacers did not take to the mud with the same grace as did the trotters and this is no doubt why some of them did not make a better showing. This event was also won in straight heats by Owen D. who in the last heat made the fastest time of the day, going the route in 1:12.2, the two previous heats being in 1:15. Summary:

2:30 Trot

SCOTCH RIDGE MAN'S 100TH BIRTHDAY

Benjamin Thornton's Friends Join in Congratulating Him — Receives Message from Duke of Connaught.

Special to The Standard. St. Stephen, N. B., July 1. — A number from town drove out to Scotch Ridge this afternoon to join with Benjamin Thornton in the observance of the one hundredth anniversary of his birth.

Born in this county, his entire life has been spent here and he is widely known and respected. About one hundred and twenty-five of his friends gathered to congratulate the aged gentleman on this attainment of a century of life. Mr. Thornton was taken for a ride in an auto and on his return to his home a number of informal speeches were made. T. A. Hart, M.P., spoke first and was followed by Rev. W. R. Pepper who recalled that Mr. Thornton is the oldest member of the Methodist church in that district. R. W. Grimmer, M.L.A., followed.

G. W. Ganong acted as presiding officer and presented the aged gentleman with a large candy heart bearing suitable inscriptions and also read the following telegram that had been received from the Governor General:

Am directed by the Governor General to request you to convey His Royal Highness' hearty congratulations to Mr. Benjamin Thornton on his hundredth birthday and to wish him many returns of the day.

ARTHUR P. SLADEN, Private Secretary.
The aged gentleman was greatly overcome by the manifestation of so much kindness but made a fitting reply. Ladies in the party at the home provided refreshments and the gathering was a very enjoyable one. Mr. Thornton is still hale and hearty and converses with interest on all topics of the day. In the party gathered to-day were his son Albert, grandson Charles and little great grandson, who appear in the picture with the aged gentleman accompanying this sketch.

Special to The Standard. Ottawa, June 30. — A heavy falling off of 53 per cent is shown in the immigration figures for the months of April and May, which have just been issued. SURGICAL OPERATION REVEALS GREAT POSSIBILITIES

Paris, July 1. — The radical cure of a cretinism suffering from cretinism, a disease characterized by physical deformity and imbecility by grafting the thyroid gland of a monkey, was described yesterday at the Academy of Medicine by Dr. Voronoff, a well known surgeon.

The patient, a child of fourteen years, was attacked by myxedema at the age of eight as an after effect of scarlet fever. His physical and intellectual growth stopped. Six months ago Dr. Voronoff, in the presence of nineteen doctors, grafted on the child's neck the right lobe of the thyroid gland of a large baboon.

Almost immediately the patient began to improve and marked development took place in body and mind. While formerly the patient was a pathetic and stupid he became active and quickwitted.

Members of the academy consider the operation of great importance and tending to confirm the possibilities of constructive surgery, as introduced by Dr. Alexis Carrel of New York. Special interest in the case lies in the fact that this is said to be the first time that the grafting of an organ from a lower animal to a human has been successful.

Dr. Voronoff attributes his success to special technique as a result of a

number of experiments in grafting, some of which were described at the last surgical congress. In the opinion of those who have followed the experiments many cretins condemned to a mere vegetative existence may, under the new treatment, be transformed to useful members of society.

Just try one of the accompanying recipes to-night and see how much this outworn tradition is keeping the home-folks from a lot of pleasant surprises. But these are only two of the 1,124 economically-delightful recipes you'll find in

The Canadian Family Cook Book
Compiled by Lady Gay
These recipes comprise everything desirable from soups to desserts, toilet and sick-room recipes. So simple to make that even a child of average intelligence could turn them out satisfactorily. Select any of these delightful dishes and you can rest assured they will give added charm and jactation to the simplest meal. But the best of it all is their economy—the low cost at which these recipes can be produced. One of the first things a successful housewife noticed when looking over her copy of "The Canadian Family Cook Book" was the small amount of expensive ingredients required to make these delicious recipes. Needless to say, her dinner that evening was just as pleasing and appetizing as a hotel supper—and with the exorbitant cost easily brought down to the lowest possible figure.

Couldn't you, too, easily make your dinners "different" if you had these delicious and economical recipes right at your fingers' ends?

Rothesay and Westfield Telephone Service

New Five Cent Rate—Known as TWO NUMBER METHOD

Beginning July 1st, calls can be given by either of two methods, namely:

Two Number—Where a subscriber is willing to talk to any person at the telephone called.

Long Distance—Where a particular person is wanted.

Two Number Method. The subscriber calls the operator in the usual manner. The operator will answer, saying "Number." The subscriber will then give the operator the desired number, followed by his own number, as "Rothesay, 20," "this is Main 3014-21." The calling subscriber will hold the receiver to his ear until connected with the called telephone, or is advised "Line Busy" or "They Don't Answer." If the called telephone answers it constitutes a message. A particular person will not be procured. The Initial Rate for this Service will be 5 cents for three minutes and 1

cent for each additional minute. Messages Cannot be Reversed, but must be charged to the Telephone from which they originate.

Important. As the operator cannot tell the telephone number of the person calling, it is necessary that the subscriber, on either a special or party line, should give his own number as well as the number desired. A call from a subscriber in St. John at Main 3914, wishing to get Rothesay, 28, should be given as follows:—"Rothesay, 28, this is Main 3914."
