## N. B. KENNEL CLUB DOG SHOW A SUCCESS

The annual dog show given by the New Brunswick Kennel Club was opened in the Queen's rink, Charlotte street, last night and proved in every way to be a grand success. There was a good attendance despite the wet weather, and the showing of dogs this year is the largest, and of the best class that has ever been shown in New Brunswick. The different kennels have been tastefully decorated by the exhibitors and a great deal of interest was shown by the large number of people who attended last night, as the exhibit of dogs of every class is well worth seeing.

The proceeds of the show go to towards patriotic funds and the ticket selling, the sale of prize lists, etc., is being entirely handled by an efficient committee from the Daughters of the Empire. In the centre of the rink there has been built a refreshment booth where a committee of young ladies sell refreshments.

The judge of the show is John F. Campbell, of Montreal, and this official is kept busy morning, afternoon and evening judging the 236 dogs of all breeds which are exhibited.

Wyoming Valley Salop, owned by Mrs. Robert Smith, completed his ten points yesterday and is now a champion of record.

The judging resumes this morning at ten o'clock with collies. At two o'clock this afternoon cocker spaniels will be judged, to be followed immediately by Boston terriers. The evening judging will commence at 7:30 o'clock.

## HERE IS BASEBALL SEASON'S LATEST "FIND"

In desperate straits to keep the Braves in the pennant race and keenly disappointed because Rudolph and James had failed to repeat their wonderful performances of a year ago, George Stallings, manager of the Boston, was Arthur Nehf, who, since the beginning of the season had attracted attention in the Middle West because of the excellent work he was doing for the Terre Haute team, of the Central Association. From the moment he stepped into the box for the first time in the big show he proved to be a master of southpaw pitching, and, after trying one and winning four of his five games pitched to date, three of which were shutouts, he has been hailed as one of 1915's greatest baseball "finds." He depends upon his unusually fast ball, which appears to have almost as much speed as the tosses of Alexander and Johnson.

**Fire at Jordan's Mill.**  
 A slight fire occurred at Jordan's mill, Pleasant Point, last evening, about half past eight. The fire started in a pile of waste wood and spread to one of the runways which lead up into the mill, but was extinguished before any serious damage had been done. For a time, however, there was quite a blaze and the mill and lumber piles were in danger.
