

## THE WEATHER.

## Forecasts.

Maritime—Moderate to fresh southwesterly winds; fair with stationary or a little higher temperature.

Toronto, Oct. 11.—Showers have occurred today in northern Ontario and in British Columbia, while in all other parts of the Dominion the weather has been fine.

## Around the City

## YESTERDAY'S HONOR ROLL

Those enlisted at the recruiting office yesterday were:

Clyde Currie, St. John  
Clayton Stewart, St. John  
John Canning, Loch Lomond  
Bertram Lacey, Clarendon Station  
Albert Boyne, Lepreau  
Harry Gilbert, England

## Opera House.

During the engagement of the Paretto Stock Company at the Opera House, matinees will be given on Wednesday and Saturday only.

## Coal Boat Here.

The Dominion Coal Company steamer Inona with a cargo of coal arrived in port last midnight from Sydney and docked at the piers.

## Rails Expected Today.

The rails for the western approach of the street railway to the new bridge are expected to be here today. Everything is in readiness for placing them in position as soon as they arrive.

## Interesting Lecture.

Rev. W. Spurgeon, D. D., who has been conducting special services in Main street Baptist church during the last ten days, delivered an interesting lecture last evening. He took for his subject, "Is the Bible the Word of God," and showed that it was. There was a good attendance.

## Concerning Those Moths

During the last few nights thousands of the lime tree winter moth which much resembles the moth of the canker worm in its method of flight, have been much in evidence in the city. They are all males, as the females have no wings and consequently have to stay at home. The caterpillar of the visitors exists on various forest trees, but is not considered to be particularly destructive. This year these moths have been more than ordinarily plentiful. October is the usual month for their combined flight to areas where there is the attraction of bright lights at night.

## Baptist Women.

The annual convention of the United Baptist Women's Missionary Union is to be held in Sussex on Tuesday, Wednesday and Thursday, 12th, 13th and 14th of October. Several delegates from St. John are going up to attend the meetings. The executive committee will meet today, and two returned missionaries, Miss Newcombe and Miss Harrison, will address the convention. Two other returned missionaries will address some of the other meetings. They are Messrs. DeGroot and Gavelstone. The estimates for the coming year will be made out today.

## A Quiet Holiday.

Yesterday proved very quiet in police circles. There was not one arrest and the officers state that there was not even the sign of a drunk about the city. The thirty ones are no doubt very dry as it is quite a long stretch from Saturday afternoon at 4 o'clock until this morning at 8 o'clock for saloons to be closed.

A half dozen drunks who were gathered in on Saturday have been given the rest cure in the police head quarters' cells, there being no court yesterday. They will all have a chance to face the police magistrate this morning.

## Thanksgiving Service

The United Presbyterian churches of this city held their annual Thanksgiving service in St. John's Presbyterian church, King street east, yesterday morning at eleven o'clock. A large congregation filled the church. The service was conducted by the Rev. J. H. A. Anderson, pastor of the church, assisted by the Rev. F. W. Thompson of the Calvin church, who led in prayer. Rev. Capt. Harrison, chaplain of the 64th Battalion, gave a very interesting and forceful sermon. He took for his text a passage from Judges, 5th chapter, 16th verse, which reads: "Why abodest thou amongst the sheep folds to hear the bleatings of the flock?" The singing was very hearty and was led by the choir of St. John's Presbyterian church. The offering will go for the Protestant Orphanage of this city.

## Work on Warehouses At Sand Point Wharves Will be Started Today

Materials are on the ground and as many men as possible will be employed in rushing buildings—Ready for winter trade.

The work of constructing three new sheds on the Sand Point wharves will be started this morning by Rhodes, Currie & Co., who have the contract. Already a quantity of material is on the ground and more will be delivered at once. As many men as can be secured will be employed, and it is the intention to have the warehouses completed for the winterport season.

The sheds to be erected are three in number and they will give accommodations for the housing of freights on the two new government piers, and also at No. 7. At No. 15 pier the new shed will 220 feet long by 90 feet wide. On No. 14, the warehouse will be 200 feet by 90 feet, while on No. 7, the new shed will be 155 feet by 60 feet. The total length of the new shed will be 600 feet, and these will greatly facilitate the handling of the freights through this port.

Hon. Mr. Hazen has used his influence to have the work rushed and the new accommodations supplied at the earliest possible moment.

Mr. Bent, of the Rhodes, Curry Co., told The Standard last night that his company would rush the work, and as many men as possible would be employed. Already much of the material was on hand and more would be delivered every day.

It is expected that the business through St. John this year will exceed that of any other year, and it is for the accommodation of this extra trade that the new warehouses are to be built.

Workmen in the employ of the civil public works department were busy yesterday removing the concrete from the space formerly occupied by the rails of the St. John Railway Company in Main street near Douglas avenue.

Operations which were suspended at 5 o'clock last evening, were resumed about midnight and residents of the North End are beginning to think that in the near future they may have an uninterrupted car service to Indian town. It is understood that the work will be carried right along, and the space for the tracks will be clear of concrete some time today.

## NOMINATIONS FOR COUNTY COUNCILLORS

Present members of Municipal Council are again nominated—Others in the field.

Candidates for seats in the Municipal Council of the Municipality of the City and County of St. John were nominated in the different parishes yesterday. In Lancaster the old board, Messrs. O'Brien, Bryant and Golding were nominated and R. H. Cushing, Joseph S. Dwyer and John Slane were also placed among the candidates.

In St. John's the nominees are: Thomas Carson, Harry Shillington and G. Fred Stephenson, present councillors, Martin Dolan, Fred McLeod and Frank Rafferty. In the Parish of Musquash, W. J. Dean and Fred Thompson of the old board and James E. O'Donnell and Oscar Hanson.

In the Parish of St. Martins, Messrs. Black, Smith and Howard were nominated the other candidates being Robert Connolly, Robert Bowland and Samuel J. Shanklin.

Firemen and Police will attend funeral.

Resolution of condolence for death of George B. Barker sent to family.

There was a large attendance of the members of the Fire Department at a meeting held in Hook and Ladder Station No. 1, King street east, with Chief Blake presiding. After the chief had made some touching remarks on the death of Captain George B. Barker the following resolution was adopted:

Whereas this meeting of the members of the St. John Fire Department has learned with deep regret and sorrow of the death of our well beloved Captain and comrade, George B. Barker and

Whereas during his long connection with the Fire Department of the City of St. John he had ever been faithful to his duty and by his kindly disposition and many sterling qualities had gained the esteem and affection of his colleagues and of the citizens generally, be it therefore

Resolved, That this meeting of the members of the St. John Fire Department to place on record its deep sense of loss occasioned by the death of the said George B. Barker, and further

Resolved, That this resolution be entered in full upon the minutes of this meeting and that a copy thereof be sent to the bereaved relatives of the deceased.

The funeral will take place this afternoon from the home of the deceased, 41 Garden street, and in addition to the members of the fire department and Salvage Corps attending in a body, Chief of Police Simpson has issued orders for the members of the police force to attend in a body.

George W. Stackhouse.

The death occurred at Moncton on October 9, of George W. Stackhouse, a former resident in St. John. Deceased, who had been in ill health for some time, was fifty-eight years of age. Much sympathy is expressed for his wife and family. The body will be brought to St. John tomorrow morning by the Maritime express, and interment will take place in Fernhill.

Mrs. Alfred W. Jonah.

Hillsborough, Oct. 11.—The community is saddened to learn of the death of Mrs. Alfred W. Jonah, which occurred yesterday afternoon at her home, after an illness of one week. Mrs. Jonah was a member of the First Baptist church of this place and was a woman of sterling Christian character. She is survived by a husband and two sons, Sonward and Obed, father and mother, Mr. and Mrs. Caleb Bishop, of Steeves' Cove, one sister, Maude Bishop of Boston, Mass., and one brother, Wilfred Bishop of Windsor, Ont.

Much sympathy is felt for the bereaved family. Funeral will be held on Tuesday afternoon, conducted by the Rev. S. W. Schurman.

PERSONAL.

Mr. and Mrs. Percy L. Robinson have returned to Hampton after their trip to Montreal and neighboring cities.

Senator Thorne, Senator Daniel and H. V. MacKinnon of this city left last evening on the I. C. R. to join the Canadian Northern Railway's special trip to the Canadian West.

The condition of H. L. Spencer, the venerable poet, who has been ill in the Public Hospital, was unchanged at an early hour this morning.

Use Dearborn Perfect Baking Powder, made in St. John.

Boy wanted at C. P. R. Telegraph Co.

## Reach Hard-to-Get-At Places

It rests with you to cut your dusting-day labors in two—to take much of the drudgery from house-work.

Whenever dust may gather, whether on tops of doors, door casings or high furniture, under radiators and out-of-the-way corners, you can reach and get it, easily, with the

## O-Cedar Polish Mop

which takes up every particle, quickly, thoroughly, leaving a fine, durable, sanitary lustre. The O-Cedar Polish Mop will hold the dust so it cannot scatter to settle somewhere else. The mop can be readily cleaned with soap and water, and a little O-Cedar oil will make it just like new again.

O-Cedar Mops, Triangular, . . . . . 75c. and \$1.25  
O-Cedar Mops, Round, . . . . . \$1.00 and \$1.50  
O-Cedar Oil, Bottles, . . . . . 25c. and 50c.; 1 quart cans, \$1.25
