HEALTH AND LONG LIFE

To the Editor of The Telegraph. Sir,—During 1916 there was extensive published part of an address by Arthur Hunter, actuary of the New York Life Insurance Company, which in my judgment marks a distinct advance in our views on the subject of long life and good health. A great deal has been written on this subject, its relation to heredity, its connection with diet, its relation to habits of life, etc.; but Mr. Hunter touches a note above all these. Of course the statistics of life insurance companies are without bias, as they care about nothing but the facts bearing on their business. Mr. Hunter says that the consensus of opinion of medical directors shows that the mortality among abstainers was distinctly lower than among those called temperate, and very much lower than among those called "moderate users." The point to which I attach so much importance is the cause of the low mortality among abstainers is not due in Mr. Hunter's judgment to abstinence from alcohol alone. Other factors, such as abstinence from tobacco and the use of self-control, are involved. It requires the strength of mind which has made abstinence a habit may affect other habits, such as eating, in which there should be both moderation and discrimination. The low mortality among abstainers may be said to be due to temperance in all things and total abstinence from alcohol. In my judgment the latter is the most important point in that very notable address. I have no doubt that it will constitute the new health slogan for the future. It is the experience of medical observers that lack of self-control, the discrimination at the table are the cause of many diseases which shorten life. One difference between man and the lower animals is that we are compelled to use our judgment and self-control if we would make the best of life. H. ARNOTT, M.B., M.C.P.S. Toronto, Oct. 21.

(Toronto Star). "The Journal believes that a united appeal signed by the representatives of the two political parties would be a stimulating influence to enlistment all over the country. At any rate it is more than worth a try."—Hawthorn Journal.

Up to October 15 the total number of Canadian casualties in the war had been 62,026.

Up to date, October 19, the war has been in progress two years, two months, two weeks, and two days.

And yet in all that time there has been such pitiful weakness and lack of aggressive purpose on the part of the prime minister that up to the present hour the Government of Canada has made no appeal to the men of Canada to enlist for the war.

Although urged for over two years to make such a call and to throw all the national influence into the scale in favor of enlistment, the government has, ever and always, somehow escaped the actual making of any such call. The government has formally authorized others from time to time, to raise such a call, but they have all failed of raising. It has used no pressure in favor of enlistment. It has used no influence in favor of it. The earlier pronouncements of its authorized spokesmen were on the contrary discouraging—they said, in fact, more men were offering than were needed.

Even now, when it seems no longer possible for the government to preserve its two-year-old neutrality between the hot enthusiasm of the volunteer and the fish-like coldness of the slacker—even now the government nervously suggests that "a united appeal be made by the representatives of the two political parties," as if the making of such an appeal were some desperately dangerous political hazard which the party in office is afraid to face the responsibility of taking.

HOME AND ABROAD

New Collar Badge For the Kitties

Two letters received recently from the front by Mrs. John LeLachue, secretary of the Soldiers Comforts Association, give straight evidence of the prompt delivery of the society's parcels and of the great need of the soldiers for the socks these particular parcels contained. These letters follow:

In the Field, Sept. 26, 1916. From O. C. 26th Battery, C. F. A. To the Secretary Soldiers Comforts Association, St. John (N. B.). Dear Secretary,—I am enclosing tag which was attached to the socks recently received by 286th battery. We thank you very much for your kindness and care that you are being put to good use, as the weather over here is pretty damn, necessitating frequent changes of socks. Again thanking you, I beg to remain, Yours sincerely,

D. A. MACKINNON, Major, O. C. 26th Battery, C. F. A. Somewhere in France, Sept. 26, 1916. Soldiers Comforts Association, St. John (N. B.). Ladies,—On Tuesday last we were issued with an additional pair of socks, and I was rather surprised to find your tag on them, my home being at Minton (N. B.). I feel it my duty to thank you Lieutenant Black Promoted.

It will be interesting to many friends in St. John as well as St. Stephen to know that Lieutenant John Black, who went overseas with the 40th Montreal Infantry, and has been in active service in France for some time has been promoted to the rank of captain for valor in the field. Captain Black is the eldest son of Mr. and Mrs. John Black, of Milltown.

The latest recruit reported from Moncton is Frank Record, of the Canadian Engineers. He has been living in Moncton for some time, but his next of kin is resident in this city. He was born in Sherburne, Kent county, England, and is a millwright. It is reported that the Canadian Engineers have now a total list of about fifty-five officers and men and a large number of recruits have been secured in Moncton and the contiguous district.

To Equip Company One of the most striking gifts to any C. E. F. unit yet authorized in Canada is that to the 26th Battalion, C. E. F., by the general counsel of the C. E. F. Yesterday wrote to Brigadier-General Hugh H. McLean, stating that he was prepared to fit out a company of Colonel Guthrie's unit himself. It is understood that the fitting out of an entire company of the Kitties' Battalion represents an expenditure of about \$4,000. This company equipped, it is understood, will represent western Canada in the unit.

General McLean are as follows: R. B. Angus, \$250; Colonel O. W. McLean, \$100; T. V. Monahan, Fredericton, \$250; J. Morris, of Montreal, \$250; K. A. Chisholm, \$250. About \$5,000 is still needed for the fund, which must reach \$20,000 before it is completed. There is little doubt that the amount required will be secured in the fitting out of an entire company.

The fund for the 26th Battalion is rapidly growing and Lieutenant-Colonel McLevy is putting all his energy into the work. Yesterday he sent a check to the 26th Battalion, Fredericton, N. B., for \$2,000. The C. E. F. of New Brunswick's splendid fighting unit, expressing his personal appreciation of their recent work on the western front as well as that of the people of the province, sending at the same time \$800 to the 26th Battalion, Fredericton, N. B., latest contributions reported by Colonel McLevy are: A. E. Caswell, Georgetown, \$10; W. B. Leck, 81 St. Howard Douglas's Chapter, I. O. O. F., Fredericton, \$100; J. H. Macdonald, \$100; Lieutenant-Colonel T. D. Walker, \$10. The total amount of the fund now stands at \$895.82. Lieutenant-Colonel McLevy is aiming at securing at least \$2,000 for the fitting out of an entire unit, and is making every effort to secure all the money possible for them with which to purchase comforts. New Brunswick should send to the front as well as Nova Scotia, looks after the 26th Battalion. The boys have delivered the goods; they have suffered and when necessary died for the great cause. This last New Brunswick can do is to support them in the best way possible.

Wounded But Cheerful. Cheerful, in spite of his wounds. Private Robert Evans, who was reported recently in the casualty list as wounded, writes to his father as follows: "I'm sorry to say I've been wounded. We made a charge on the German's second line when the first thing I knew something hit me in the throat, jaw and shoulder. I lay in the holes and ditches for eight hours before I got rescued. I say— I am in a hospital in France now and every one is very kind to me. When I get a little better I'll be sent to England. It's damn hard work on my part but if you only had seen some of the sights while the battle was on, you'd think I am lucky. Please don't worry for I am sure to come through in the best way possible."

This is the fourth time that Private Evans has been wounded, but each time in the past he had concealed the facts from his family until he was on the way to recovery.

A letter written two days after his communication was received from the matron of the hospital, conveyed the news that they were feeling very serious about him, and this naturally calmed the family much anxiety. A telegram received this week from the news that Private Evans had been struck off the list of the dangerously ill and this was regarded as most reassuring.

Samuel May, Toronto, Oct. 22.—Samuel May, a pioneer Canadian manufacturer and founder of the firm of Samuel May & Company makers of billiard tables, died today at his residence, 41 St. George street, Dr. L. E. Rice, 24 Maynard street. He was in his 80th year. He was the first man to make a billiard table in Canada, and the first to establish the manufacture of billiard tables, cues and ivory balls in British America.

MARITIME PROVINCE

MEN ON COMMITTEE

Convention of Presbyterians Who Are Opposed to Church Union

Toronto, Oct. 16.—The convocation of Presbyterians who are fighting church union got down to business this morning and definitely defined their stand in relation to the whole movement.

Radical proposals made last night by W. G. Brown, of Red Deer, in reference to withdrawing financial support from the present church of Canada were voted down. The attitudes of the "Antis" at present is that the Presbyterian church has not been disrupted, and as the church still exists the resolutions committee report, "we, as ministers and elders, deem it our duty to continue in the loyal discharge of our obligations."

The dissenting body is to be formally known as the Presbyterian Church Association of Canada, with Rev. Principal Fraser, of Montreal, president, and Rev. A. Robertson, Toronto, vice-president.

It was decided to drop the word "pastoral" out of the letter which is to be sent to all the members of the Presbyterian church, outlining the situation and attitude of those who oppose organic union at the present time. A central executive is to be appointed, but his appointment is left to the executive committee, which consists of T. C. James, Prince Edward Island; John McKee, Nova Scotia; Hon. J. Macdonald, New Brunswick; John Penman, Ontario; Judge Robertson, Manitoba; Judge Farrell, Saskatchewan; F. W. Monteith, Alberta, and Hon. J. C. Brown, British Columbia.

The following were appointed a central executive: J. Turnbull, J. Ross Robertson, Rev. Dr. Eakin, C. S. McDonald, Toronto; A. B. Dewar, Rev. W. H. Sedgwick, Hamilton; Rev. J. E. Fraser, Galt; R. D. McCullough, Galt; Rev. A. McGillivray, Guelph; G. D. Forbes, St. Peter; J. M. Macdonald, Kingston; A. Cuthbert, Ingersoll; Rev. Robert Johnson, Montreal; Rev. Malcolm Campbell, Rev. A. J. Montgomery, James Murray, R. M. McGregor, Montreal; Dr. McLeod, Sydney (N. S.); E. Kaulbach, Halifax; Rev. F. Baird, Woodstock (N. B.); C. S. Everett, St. Andrews; D. McKinnon, Charlottetown; Galbraith Winnipah; A. F. Angus, Regina; W. N. Conacher, Calgary; Rev. W. G. Brown, Red Deer; R. G. McBeth, Vancouver, and A. B. Fraser, Victoria.

A long resolution affirming harmonious relations with other religious bodies and recapitulating the history of the church union agitation and the various unsatisfactory votes on the question was passed last night. The majority view was expressed that the time was not opportune for union, no case has been established by those favoring organic union—only one-third of the total membership of the church expressing their desire for such an amalgamation.
