THE SPIRIT OF WINTER.

The Spirit of Winter is with us,
making its presence known in many
different ways—sometimes by cheery
sunshine and glistening snows, and
sometimes by driving winds and
blinding storms. To many people it
seems to take a delight in making
bad things worse, for rheumatism
suffers, hardier things sharper, car-
tarrh becomes more annoying, and
the many symptoms of scrofula are
developed and aggravated. There is
not much poetry in this, but there is
truth, and it is a wonder that more
people don't get rid of these ail-
ments. The medicine that cures
them—Hood's Sarsaparilla—is easily
obtained, and there is abundant proof
that its cures are radical and per-
manent.
