IMPORTANTLY UNIMPORTANT.—We have received a communication from a brother, much beloved, directing attention to the religious impropriety of christian teachers employing their time and talents in the school of literary debate, while they might be engaged in "contending earnestly for the faith." Our brother, in every sentence, breathes piety and a Christ-like temper; and, in the main, we agree with him in his remarks and scripture applications. Still, it is rather a local than a general delinquency of which our brother complains, and hence the reason why we have declined giving his letter an insertion. When many of our brethren turn from the model of dispute given by Paul "in the school of one Tyrannus," we shall either lay the communication to which we allude before all our readers, or request this truly devout brother to furnish another.

☞ In Bowmanville, Lord's day May 28th, subsequent to the forenoon meeting, we buried and raised again two young candidates willing to yield themselves to the only Saviour. They were baptized in the presence of many. The work is the Lord's, and to him therefore be all the glory forever.

THANKS.—With pleasure we acknowledge the receipt of the first numbers, current volume, of the "Western Reformer," Milton, Indiana. Our readers should know that this periodical, monthly, sixty-four pages, octavo size, is afforded to subscribers for one dollar per annum, when paid strictly in advance. We shall be happy to serve its editor, brother Franklin, and the cause he pleads, in the way of agency.

THE CHRISTIAN MAGAZINE, occasionally, makes a visit to Oshawa. We have received numbers 2, 3, and 6, and should be pleased to receive the work regularly. As it comes from the south,—Nashville, Tennessee,—farther south than any other point within the circumference of our exchanges, we are desirous of seeing it at the rate of twelve times a year. If its editor, brother J. B. Ferguson, will remember us monthly, he will not only oblige us, but perform a good work
