On Friday, June 4, Binghamton defeated Toronto with the same batteries as they each had yesterday by 6ta 5. Yesserday Toronto biocked the life out of Binghamton by 22 to 5. Such are the fortunes of baseball. In the first instance Sales and Rosbury were never in better trim, while Yeach was not himself at all. In the second "Peek a-Boo" was in grand shape, while Sales and before he wont into the box that he was feeling sore and stift. The day was admirably adapted both for playing and seeing baseball. The sky was overdast but the weather was wsim. Between 800 and 900 people were present. The Bing-hamtons opened at the bat. The first two innings of both teams proved blanks. In the third Binghamton got two, in the accomplish-ment of which Sales and Gilks each made a three-bagger, one to right field and the other between left and centrs. The Torontos followed suit with a bouple. Osterhout, many were subschudnily reconsequence of a statement made by low-workman. -There are so many sough medicing rist, that it is sometimes difficult

Brown (with a sigh)—Ah, I often do. -Mr. John Magwood, Victoria Road, writes: "Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure is a spleadid medicine. My customers say they never used anything so effectual. Good results immedi-ately follow its use. I know its value from personal experience, having been troubled for b or 10 years with dyspepsia, and since using it digestion goes on without that depressing feeling so well known to dyspeptics. I have no hesitation in recommending it in any case of indigestion, constipation, heartburn, or toubles arising from a disordered stomack." Bay. Yesterday was a great day for the Toronto stable at Coney Island. Bandala won the rich Mermaid Stakes for 3 year-old fillies and vindireached the plate, on Albert's fly to right being fuiffed. Albert himself took second and third on a high throw to second and jogged home on Morrison's fit to fert. Both teams were goose-egged in the fourth, but in the fifth the Bings tallied one. Sales hit to right and got third, getting home on Ror-burys hit in the same direction. Things had not so far looked particularly flattering for Toronto, but now with one accord they all opened their shoulders out, the result being that each man of the tams noarde a run and even of them made hits. Osterhout having two in the one innings. A funny incident happened in the case of Spill. After an instant's hesitancy, he ran to first, the catcher being afraid to throw the ball because he saw a Toronto man coming republi-towards him from third. Too late he due covered that the runner was Albert of the andience. Spill got to first. Albert it seems had this trick played on him last year, and has been looking for an opportunity to work it ever since himself. Now he's happy. From this out the grants was comparatively uninteresting the Toronto continuing to thump the life out's poor Sues pretenting.
