Acadia votes on CUS

HALIFAX (CUP)—Acadia University has sent the question of CUS membership to a student referendum.

Acadia student council voted Oct. 3 to hold a referendum "within three weeks".

The date is tentatively set for October 16.

The Acadia move to send the question to a referendum followed a council motion advocating withdrawal from CUS which passed 16 to 1.

LOSE STIMULATION

Dalhousie council president Dennis Ashworth said after the vote: "I think there are ideas that you people can develop on your own. I'm sure you people can't come up with all the ideas that are in the book (CUS's resolutions book from their last congress) but you're going to dry up. You're going to lose ideas."

"You're going to lose your stimulation and this university is going to become isolated from the mainstream of Canadian student thought and is going to become a desert."

"I'm sorry for this campus. I'm sorry for your people", said Ashworth.

THE UNIVERSITY OF ALBERTA PERSONNEL OFFICE

Students interested in part-time employment are invited to register with the Personnel Office, Administration Building.

Birth control program hit

TORONTO (CUP)—Students attempting to distribute birth control information in University of Toronto residences are meeting opposition from some university officials.

Laurel Limbus said she has been officially requested not to hold meetings in St. Michael's College.

Some deans of women, she said, have put the whole question to a vote in the residence governments.

Others ask that the information be distributed individually, not at meetings in residence common rooms.

Miss Limbus said she suspected officials were afraid of bad publicity.

"The general attitude seems to be that having sex is more damaging than a pregnancy".

The U of T student council has endorsed the birth control education program being conducted on campus by a group of co-eds.
