COPY OF CODE TELEGRAM
FROM THE GOVERNOR GENERAL
TO THE SECRETARY OF STATE FOR DOMINION AFFAIRS

OTTAWA, 9th August, 1926.

SECRET.

Your telegram August 5th, Secret.

Military and Air Resources for 1925.

My Ministers state that owing to the fact that the revised forms only reached the Department of National Defense on July 4th, it will be impracticable to compile the return for 1925 at this late date.

Only unimportant changes occurred during 1925 in the Military and Air Resources of the Dominion of Canada, and it is considered by the Department of National Defense that the return for 1924 may be taken as substantially correct for use in connection with the secret return showing the Establishment and Strength of the Land Forces of the Dominions, Colonies and Protectorates, which the War Office intends to produce at an early date.

(Sgd) GOVERNOR GENERAL.
