The Right Honourable Arthur Meighen
Senator
Toronto., Ont.

My dear Senator.,

My son Antoine, 24 years old is an advocate since July last. He would like to live a few months in an english centre to master its language and at the same time improve in Commercial, Insurance & Company Law by following the courses at Osgoode Hall.

Antoine is a teetotaler, a serious minded young man who will fully honour the confidence set in him.

Toronto would be for my son the ideal sojourn. Do you think he could secure for a few months a position of french secretary or any work that would enable him to defray his costs of board and University lectures?

I was your candidate in 1925 and 1926 and my request is one of an old soldier to a former general.

It came to my mind that with your world of acquaintances it would perhaps be easy for you to favour me with precious references.

Respectfully yours

Wesley
