Dear Sirs,

On the advice of the U.S.A. Dept of Indian Affairs we are writing to your Dept. to find out if the Children could claim the rights from your Government as heirs, of the following described matter where the mother was a full blooded Canadian flat head band in Canada and married in the U.S.A. to a white man in this country and having 3 heirs by this man. Could the Children still claim the rights if they could produce proper papers acquired by your Govt. to prove their rights. The mother in question is a full blood Canadian flat head band in Canada married in U.S.A. to a white man, they having children by said marriage
