D.C.F.

Herewith is a summary of the pertinent correspondence re CF-DEC.

I asked RAE Groat to look into the matter and to

(i) deal with Leaven re his poor workmanship and selection

(ii) Advise why Groat didn't give the C. of A. and C. of A. at the time and if the reason was because of uncertainty (see letter of July 24) why was a temporary given instead of granting the C. of A.
