LIBERTY OF THE PRESS.

CROWN ATTORNEY CLAIMS ALL PAPERS BREAK LAW

In Publishing Results and Entries of Horse Races—The Case Against The Toronto World—Judgment Reserved.

Toronto, Jan. 14.—Reporting the entries and the winners of horse races on American tracks, information contained on the sporting pages of practically every paper in Canada, Crown Attorney Dewar argued yesterday, was facilitating and encouraging betting, and therefore an offence.

The argument of Mr. Dewar before the County Judge in the case against H. E. Smallpiece, advertising manager of The Toronto World, for aiding and abetting betting horses, was somewhat startling. He declared that not only was the printing of the "get-rich-quick scheme" of the Maxim & Gay Company, published by The World, against the law, but the prosecution did not limit itself to that, and would ask the court to say that the reports from the tracks, printed by any paper, tended to facilitate and encourage betting, and was therefore punishable.

His Honor reserved judgment.

HOUSE OPENS TO DAY.

All in Readiness at the Legislative Chamber.

Toronto, Jan. 14.—The opening of the Legislature at 3 o'clock this afternoon promises to be a brilliant social event, the political side being for the day in abeyance. The interesting political situation which has developed in the Province has aroused a great deal of general interest. Except to see the principals in the case, there will be little for the general public to see to-day.

Unless the extraordinary happens, there will be no business but the introduction of the new members elected since last session—Mr. C. N. Smith, Mr. A. Mahaffy and Mr. E. A. Dunlop—the reading of the speech from the throne and the introduction of the bill respecting the administration of courts of justice of the Province. The latter does not appear important, but precedent demands that no delay occur in carrying it out.

LUMBERING HAMPERED.

Too Much Snow in the Woods This Winter.

Toronto, Jan. 14.—Reports to the Crown Lands Department from northern Ontario indicate that lumbering operations are greatly hampered by the heavy snow in the woods. The lumber cut is rather lighter than usual this winter in any case, but the difficulty in breaking roads for hauling to the skidways will make this even less.

ATTORNEY-GENERAL ACTS.

Seeks to Revoke Toronto Junction's Club's Charter.

Toronto, Jan. 14.—Proceedings have been instituted in the High Court by the Attorney-General against the Toronto Junction Recreation Club, by a writ of summons praying for a declaration that the club is conducting an illegal business at its premises, at Toronto Junction by keeping and using the same as a common betting house; asking also for an injunction restraining the club, its officers, members, servants and agents from keeping and using its premises as a common betting house, or otherwise carrying on any business contrary to the provisions of the criminal code, or its charter of incorporation; and for the forfeiture and revocation of the club's charter.

WILL PICK CUSTOMERS.

Patent Medicine Men Not to Sell to Everybody.

Toronto, Jan. 14.—A considerable concession was secured by the wholesale and retail drug trade from the Proprietary Articles Trade Association, an association of proprietors of patent remedies, yesterday, when the Board of Control of that body decided that it gives such unbounded credit to the industry of the wholesale trade and the retailers who bought on their own account.

Atlantic Mail Contract Signed.

Ottawa, Jan. 14.—The contract between Messrs. H. & A. Allan for an improved Atlantic mail service has at last been signed. The Allan line to maintain a regular weekly service between Canada and Great Britain from the opening of navigation next spring until August 1st, 1906. The Allan line have under construction two turbine steamers of seventeen knots guaranteed speed, which are to be added to their existing fleet. One of the new vessels is to be ready in August next and the other by the opening of navigation in 1905. The contractors will receive \$2,000 for each round voyage between Liverpool and Quebec or between Liverpool and St. John, and \$300 for each round voyage run by the Bavarian or Tunisian, and \$500 for each round voyage by the Ionian, Sicilian or Preterian between Liverpool and Quebec, and \$750 for each round voyage by the latter vessels between Liverpool and St. John.

YOU WILL BE ALL

SMILES AGAIN

FORGET YOUR STOMACH AND YOU'LL HAVE A SANTA CLAUS FACE.

HOW TO DO IT.

If there is one thing more than all others that will give a man a forlorn and friendless appearance and make him morbid and "cranky" and disagreeable, that thing is dyspepsia. It makes one forget his friends and become morose and irritable. He is so wrapped up in his misery that he is inconsiderate of every one else. Believed of this terrible and depressing ailment, he again becomes a good fellow and a man among men.

Stuart's Dyspepsia Tablets are beyond question the most effective and popular remedy ever offered to the sufferers of this terrible disease. The thousands and thousands of cures they have brought about and the enormous increase of their sales fully attest the truth of this statement.

They are, above all, a natural remedy. They possess exactly the same properties that the gastric juices and other digestive fluids of the stomach possess and they actually do the digestive work of the stomach and enable that organ to rest and recuperate and become sound and well. They act in a mild, natural manner and cause no disturbance in the digestive organs. They prevent any fermentation of the food which causes sour stomach. In fact, under their influence the subject forgets that he has a stomach and his resulting cheerfulness presents a great contrast to his former dejection.

Millions of boxes of Stuart's Dyspepsia Tablets are sold annually and they are but on the dawn of their popularity. Every man, woman and child who has been cured of this terrible disease. The following is one of hundreds received each week:

Rev. J. R. Hoag, of Wymore, Neb., writes: "For six years I have been troubled with dyspepsia. Last fall I became very much alarmed at some symptoms of heart trouble and came to believe there was a sympathetic relation between the two diseases, or rather, that the stomach trouble was the cause of the heart trouble. I hit upon Stuart's Dyspepsia Tablets for a remedy and invested a dollar and a half for three boxes, which I have used for three months, and I can eat any kind of food I want and have a good, vigorous appetite. Although I am 77 years old, I now feel perfectly well and without being requested by anyone I make this statement as a compliment to the virtues of Stuart's Dyspepsia Tablets."

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box.

GERMANY IN EARNEST.

Anxious to Have an Agreement with Canada.

London, Jan. 14.—The Standard's Berlin correspondent says the deadlock existing in the removal of the dispute between Canada and Germany is due to the fact that the British Government referred Germany to Ottawa as independent in commercial matters, while Ottawa referred her back to London on the ground that Canada is part of the empire. Germany is sincere in the matter. In the last notification by the German Federal Council prolonging the preliminary commercial treaty with Britain and the colonies Canada was not mentioned, in the hope of a friendly agreement on this question at an early date.

Sir Henry Campbell-Bannerman addressed a large meeting at Maidstone last night on the fiscal question. He said that the entire Liberal party would welcome the assistance of those of the Conservative party who were unable to follow the tariff reform game, which was political gambling. A gain of 50 per cent. as evidenced in 23 bye-elections indicated a coming Liberal triumph. Mr. Campbell-Bannerman wholeheartedly advocated the tariff reform, which was the only way to the ruin of the Board of Trade returns. The Standard, referring to Sir Henry Campbell-Bannerman's speech, says the Conservative cry of the loss of the trade in iron and wool and cotton and shipping placed a most effective weapon in the hands of the speaker in view of the awkward Board of Trade returns. The over-sea commerce was never more active, and exports were £30,000,000 in excess, even with prices at a far lower level, of the great boom year of the Franco-Prussian war.

Britain has refrained from identifying itself with the tariff commission until it sees how things pan out.

RACKING PAIN IN THE JOINTS.

Also every form of rheumatism, neuralgia and sciatica are best cured by Nerviline, the quickest relief for muscular pain yet discovered. It's because Nerviline strikes in and penetrates right to the core of the pain that it gives such unbounded relief. "I caught cold in my shoulders while driving and suffered great pain," writes G. E. Dempsey, of Berlin. "I used Nerviline freely and was soon quite well. I have found Nerviline an excellent remedy for rheumatism and neuralgia as well as for cold on the chest. I recommend Nerviline highly and wouldn't be without it." Price 25c.

Women like fancy work because it has the appearance of industry without much in the way of toil.

Liberty of speech is the liberty which secures all other liberties, and the abridgement of which would render all other liberties vain and useless possessions.
