**GOOD CROPS OR POOR CROPS,**

Which Shall it be for 1893?

W. A. FREEMAN, Esq.: Niagara, Jan. 27th, 1893.  
Dear Sir, - Having given your "Bone and Potash" a fair trial with most satisfactory results, I have much pleasure in adding my testimony to its excellence as a fruit producing fertilizer. I have used it at the rate of 8 lbs. per tree in full bearing. I have placed in the hands of Mr. Gage my order for eight tons, an increase of two tons on order of last year. Respectfully,  
(Signed) J. H. BENN.

W. A. FREEMAN, Esq.: Niagara, Jan. 27th, 1893.  
Dear Sir, - Used your potato manure last year, and am well pleased with it. We used on one piece one sack with manure per acre, on another two sacks with manure, and a small piece without manure, but with fertilizer at the rate of three to four bags per acre. The manure plots had at the rate of twelve to twenty loads per acre. The largest yield was received from the plot where fertilizer alone was used. (Signed) A. C. HOWE.
