## Here's the Opportunity! Are You the Man?

If an employer should say, "I want a man for an important position" would you be the right man?

Opportunities like that are coming constantly to men and women trained by the Canadian Correspondence College, Limited, a school that qualifies men and women for every opening; to command high salaries; to succeed in the best positions.

Doesn't it shake you up when you see another fellow pushed ahead, because he is trained, and yourself plodding along in the same poor job at the same low wages?

Just this week a young man came into our office who had recently graduated in our Complete Commercial Course. Before he had finished the course he obtained an excellent position as bookkeeper with a large manufacturer. Shortly after graduating he was offered and accepted a splendid situation in a Toronto bank. He called to enroll in our Chartered Accountant's Course. He recognized the value of getting ready for future promotions. Why don't you get in line for a good position?

It's the business of the C. C. C. to help you. No matter where you are, what you do, or how little you earn, the C. C. C. comes to you, right where you are, at your present work in your own home, and qualifies you for the good things others will grasp if you don't wake up.

The first step is to mark and mail the coupon. It costs nothing but a stamp, and will bring you information and help that may be worth thousands of dollars.

Draw a line through the course wanted. Clip out and send with your name and address for full information.
