

De Laval Separators Are Best

The St. Louis Exposition gave the highest award to De Laval Separators, as has every International Exposition before it.

98% of the creamery butter of the world is made with De Laval machines.

700,000 users, or ten times all others combined, have bought them and more are buying them to-day than ever before.

Each of these facts is significant.

Send for catalogue.

Montreal Toronto New York Chicago Philadelphia San Francisco

Regular \$10.00 DAY AND NIGHT FIELD GLASSES Only \$3.65
FOR FIELD OR MARINE USE

Buy direct from us and save the Wholesaler's and Retailer's Profits

We offer you this High Grade Field Glass as the equal of anything you could buy from your local dealer at three times the price. It is an exceptionally fine instrument, perfect in workmanship, finish and optical construction, and we can guarantee it to give perfect satisfaction. It measures 9 inches long, when fully extended, is strongly and handsomely made, the trimmings, cover bars and draw tubes being heavily nickel plated and the covering the best grade of brown tan leather, alligator pattern. It is provided with extension sunshades which may be pulled down over the object lenses thus enabling the glasses to be used with remarkable results at night and is fitted with 6 specially ground lenses, (the outer or object lenses being over 2 inches in diameter), of four times magnifying power, fine definition and great clearness. We could not think of offering this Field Glass at such an extremely low price were it not that we had a large number made specially for us by one of the biggest Field Glass manufacturers in France, during their slack season in the winter. Thus by buying from us you not only save the Wholesaler's and Retailer's profits but you get the benefit of our close prices, obtained by having our goods made this way. We also give you the same privilege you would have in any store to see and examine the glasses before paying for them.

SEND NO MONEY

Just your name, address and the name of your nearest Express Office and we will ship the Glasses C.O.D. in a strong waterproof canvas case with leather carrying strap to your nearest Express Office where you can call and EXAMINE AND TEST THEM BEFORE PAYING ONE CENT. Compare them with any Glass you have ever seen at double our price, and if you find them in any respect inferior, you can return them at our expense and we will pay the charges both ways. Could we make a fairer offer? If you think of the many advantages to be gained by having a powerful Field Glass, of the miles of travel such an instrument will save you every year, of the money you will save by purchasing from us, you will not hesitate to write us. Questions and Answers

Kindly forward me the address of the secretary of the Canadian Percheron Association.

B. C.

T. R.

Ans.—There is as yet no Canadian Percheron registry, write S. W. Stubblefield, Union Stock Yards, Chicago, Ill.

LAME HORSE

Horse got slightly lame on the left hind foot about a month ago, and kept getting worse, started to treat for thrush by washing then using bluestone, horse kept getting worse. Then used spirits of salts but no effect, is now so lame that he goes on three legs. Begin to think I have been treating for the wrong complaint. Have been told that thrush never starts in the hind foot but always in the front, is this always the case? (No.) To-day for the first time notice a slight swelling just above the hoof in front of the foot.

S. Man.

J. J. W.

Ans.—Thrush is generally found in the hind feet, would suspect ringbone, or quittor, but as this is a valuable horse would advise you to consult a V. S. The death of the first horse may have been due to rupture of a blood vessel, a postmortem examination would be necessary to be certain.

TAXING DOGS

Can the Municipal Council tax dogs in small towns or villages when not incorporated and they have no sitting councillors?

2. Can they tax one of my neighbors' dogs and not mine?

Man.

R. McD.

Ans.—Not unless there is a by-law empowering them to do so and if there is no council there can be no by-law.

2. It would depend upon the reading of the by-law. It would be possible to exempt pure bred dogs and to tax mongrels.

Give a plan to make an incubator and brooder, a fifty egg size, hot air.

Man.

C. A. B.

Ans.—Write F. C. Elford, Department of Agriculture, Ottawa, for bulletin on the matter.

FEEDING COCKLE

Will cockle fed to stock after being ground with other grain in any way injure them, if so in what way?

Sask.

J. E. T.

Ans.—No, we have never known it to have injurious effects; much would depend upon the amount fed.

1. Will you kindly give me the law on laying poison for catching foxes, etc. I have had my two dogs poisoned to-day by poison which was only laid about 300 yards off the main trail and only about half a mile from our town.

2. Are chemists supposed to sell poison without getting the signature of the purchaser?

3. If there is a law for No. 1 question, what is the penalty for breaking same?

Ans.—1. If you can prove who put the poison out by which your dogs were poisoned, you will have a civil action against them for damages.

2. No.

3. Civil action for damage.

WART—A HERNIA.

1. Mare has large wart just behind the pastern, a little to the inside of the off hind foot, about the size of a hen's egg. It resembles an angleberry; bleeds often. I have been washing it with soap and water and rubbing butyr of antimony on it for three weeks but still it seems to grow larger. What shall I do with it?

2. I have a mare colt, rising two years old, that has been ruptured since birth.

Alta.

R. R.

Ans.—If convenient to a V. S. have him operate in both cases.

FOR HALTER PULLERS.

Procure a good strong rope about ten feet long. Tie one end around the horse's neck so that it cannot slip, and pass the other end through the chin strap of the halter and around the 2x6 on top of the manger and fasten to one hind foot so that it cannot tighten up around the pastern. It is better to have a heavy strap with a good strong ring in it, that can be buckled around the hind pastern.

The Penalty Of Overeating

THE LIVER FIRST TO SUFFER, BUT KIDNEY DISEASE COMES LATER
—GOOD RESULTS FROM THE USE OF

DR. CHASE'S KIDNEY-LIVER PILLS

Few people realize that it is not what they eat but what they digest and assimilate that goes to form new blood and repair the waste effected by the act of living.

Hurried eating and lack of proper mastication of the food are among the most common causes of indigestion, and overeating is undoubtedly the beginning of trouble with the liver and kidneys.

Kidney disease and Rheumatism are not usually the first indication of a deranged system, but these troubles follow unheeded headaches, constipation and bilious attacks.

Because of their direct and combined action on the liver, kidneys and bowels Dr. Chase's Kidney-Liver Pills are effective in whatever stage of such derangements they may be used, except when the structure of the kidneys has been wasted away by Bright's disease.

What we would emphasize, however, is the advantage of beginning this treatment at the first indication of trouble with the liver. It is the liver which first feel the result of overeating because of its difficulty in filtering the blood. Keep the liver right by the timely use of Dr. Chase's Kidney Liver Pills and you not only prevent headaches, biliousness and constipation, but entirely escape derangements of the kidneys, which are at once so dreadfully painful and fatal.

Reliability is the word most frequently applied to Dr. Chase's Kidney-Liver Pills, as well as to his other medicines, for people have come by experience to know that, as a means of ensuring the regular and healthful action of the kidneys, liver and bowels, there is no medicine to be compared to this.

With these filtering and excretory organs in health, indigestion and bodily pains are unknown and one runs little danger of contracting colds or contagious diseases.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers or Edmanston, Bates & Co., Toronto.

PREVENT BLACKLEG

BLACKLEG VACCINE FREE

To introduce, we will send one 10-dose package (value \$1.00) of

CUTTER'S BLACKLEG PILLS
