LARGE OVEN A SPLENDID BAKER

LARGE SQUARE FULL SIZE OVEN—Constructed with great care, so that it will bake to perfection with the least possible labor and fuel. No oven ever baked more evenly or quickly with so little fuel. **OVEN DOOR** is strong and solid, opens level with the oven bottom. **COOKING TOP AND COVERS**—Extra heavy, made from highest grade stove plate. Have five solid covers and one three-ring sectional cover made to fit different size utensils. This lid fits in any of the six cooking holes; a convenient feature. **FIRE BOX** has heavy three-section back, duplex grate, heavy front end lining. Ash pit has large hinged pan and ash pit filled with ash chutes. **WARMING CLOSET**—Easy to reach and unusually on the contact principle. The water heats quickly. **OVEN** is extra large and deep. Made of one sheet of cold rolled steel and strongly braced on top and bottom. Oven front and feed and ash pit door are full nickel.
 No. 89—18-inch oven **\$49.50** No. 109—20-inch oven **\$53.50**

Beautiful Ribbed Shade Verde Green Base

SAFETY—The Radiant Lamp has been designed by hundreds of lighting experts all over the world. It is as safe as a lamp can be made. You can turn it upside down and it will burn just as well as in an upright position. It can be tipped without spilling oil. It does not smoke and has no odor. It is the safest and most satisfactory light ever devised.

THE LAMP ITSELF is handsomely equal to any obtainable; all parts are well made and neatly finished. The design is neat and symmetrical. The shade is very artistic. The lamp is attractive in every way.

SIMPLICITY—The Radiant Lamp is just as simple as it is safe. There is no wick to bother with nor chimney to clean. It has two shallow, inverted mantles of excellent durability. It generates in 20 seconds, and no generating touch is required. The generator is removable without the aid of tools, and without disturbing either shade or mantle.

No. 32-463—Suitable for hanging or setting on table; is 22 1/2" high; capacity of fuel, 1 quart tested to 100 pounds pressure; will heatify your home fully 100 per cent.; looks just like an electric light and is just as good. Order it on approval.

No. 32-463—Price at Winnipeg **\$8.75**

You Can Hang from Ceiling or Stand on Table

335 CANDLE POWER—As a light giver the Radiant Mantle Lamp has no equal. It is the most powerful table or reading lamp on the market today. The light it gives is intensely bright, yet soft, easy on the eyes, and steady as the sun. It produces a light of 335 candle power. Gives 13 times as much light as the ordinary oil lamp, 7 times as much as gas and 21 times as much as the standard 16 candle power electric light. Unlike all other lamps look yellow and dim.

ECONOMY—The cost of operation of the Radiant Lamp is practically nothing. You can burn it 24 hours a night every night in the month on a single gallon of kerosene or coal oil. By actual test it has burned 89 hours at a cost of 39 cents, or about 1-3 of a cent for each hour of burning. It will soon pay for itself in the saving of oil.

WITH EACH LAMP WE INCLUDE a pump, cleaning needle, two mantles and an instruction card which shows you how to set up and operate the Radiant Lamp.

No. 32-463—**RADIANT TABLE LAMP**—Has colonial design standard with 10" white ribbed shade. Base is finished in verde green. Order it on approval.

No. 32-463—Price at Winnipeg **\$8.75**
