Refrigerators

By HOWARD L. RANN

The refrigerator is a handsome piece of furniture which will hold everything but ice. You can stuff a refrigerator full of early vegetables, fresh butter and skimmed milk, and it will hold them until they all taste alike, but the minute that a 50-pound chunk of ice is placed inside it will fade away faster than the creamed chicken at a church supper.

Ice is placed inside of a refrigerator for the purpose of keeping things which otherwise would curl up and die before they could be worked into a semblance of food. The refrigerator accomplishes this by freezing the contents into a stiff and solid state, in the meantime allowing the languorous breath of the young onion to permeate the butter. People

who like chop suey and Welsh rarebit do not object to this practice, but mingle rutabagas, Dutch cheese and custard pie in the same refrigerator with the utmost nonchalance. Refrigerators are filled with ice by coarse men who weigh the ice with the human eye, seize it around the neck with a pair of tongs and jam it into the ice box with a noise like throwing a chifferon down the back stairs. This is done as early in the morning as possible, so that the head of the house will have to get out of bed and let the iceman in. Most icemen call about 6 a.m. and try to batter down the back door while waiting for father to slip on his bath robe.

The ice compartment in a refrigerator is built to hold fifty pounds, but by the time the iceman has dragged a chunk over the front lawn and broken it up on the kitchen floor it will look like a piece of nut coal. Some refrigerators have the habit of running out of zero weather just when the hostess is about to open a six o'clock dinner, compelling her to serve butter which gives away at the knee joints in a very humiliating manner.

EXTORTION FROM DIVE-KEEPER PROVED AGAINST EX-CONSTABLE

Eighteen Months for Man Who Secured Protection Money at Elk Lake When Provincial Policeman.

NORTH BAY, April 18.—Found guilty of extorting protection money from Ethel Crawford, the keeper of a disorderly house at Elk Lake, former Provincial Constable M. P. McGrath was yesterday sentenced to a term of one year and six months in the Central Prison at Toronto by Mr Justice Britton at the conclusion of his case in the Criminal Assizes here.

Evidence was submitted at McGrath's trial which showed he received amounts that had been paid to him from time to time by the Crawford woman for immunity from police interference in her business. A cashbook, containing entries recording all money transactions of this nature, was shown to the jury. McGrath also sold Scotch whiskey

to the resorts in his territory. The Crawford woman and an inmate of her house testified that they had purchased a case from him, and that he had collected the price of it.

It was Ethel Crawford who was responsible for the exposure and arrest of the then provincial constable McGrath had demanded \$100 in a single payment, and this was refused by the woman.

Theodore Pogalorsky was sentenced to two years in the penitentiary for shooting with intent to wound Henry Starkey the complainant, declared that he was shot deliberately from behind, and the motive of robbery was advanced by the prosecution. The charge laid by the Crown was that of intent to kill, but this was reduced by the jury.

THEIR MAJORITY IS MUCH REDUCED

Result of the Elections in Alberta Yesterday—Liberals Win.

EDMONTON, April 18.—At ten o'clock last evening incomplete returns for the province give 29 Liberals, 18 Conservatives, and one Independent Liberal elected, and six seats, five of which are northern so incomplete, that no trustworthy estimate can be made. Very few of the returns with the exception of the cities, are anyway complete and there may be changes.

The Opposition had some investigation in the general defeat, for their numbers both actually and relatively are greatly increased and they scored some notable victories. At Medicine Hat they defeated a cabinet minister, Hon C. R. Mitchell and they ran well in all the cities, carrying Lethbridge, sweeping the three Calgary seats and breaking even in Edmonton. Premier Sifton's majority in Vermilion is probably reduced as that of Hon. Duncan Marshall in Old. The Premier was beaten by a narrow margin in his second seat of McLeod and Attorney General Cross, who headed the poll by a good majority in Edmonton, was also unsuccessful in carrying his second seat.

of Edson. The Conservative candidate in Rocky Mountain succeeded in defeating the only Socialist member, O'Brien, of the old Legislature, the vote being split up. Hon. A. G. McKay, formerly of Owen Sound was defeated in Edmonton.

Liberals—Alexander, Beaver, River, Bow Valley, Camrose, Cardston, Claresholm, Cochrane, Coronation, Dilsbury, Edmonton (one seat), Gleichen, Grosard, Handhills, Lacombe, Ledue, Little Bow, Nanton, Olds, Redcliffe, Sedgewick, Stettler, Sturgeon, St. Albert; St. Paul, Taber, Vegreville, Vermilion, Victoria and Wetaskiwin. Total 29. Conservative—Calgary (3 seats), Edmonton (1 seat), Edmonton South, Edson, High River, Innisfail, Lethbridge, Macleod, Medicine Hat, Okotoks, Pincher Creek, Red Deer, Ribstone, Rocky Mountain, Stoney Plain, Wainwright. Total 18. Doubtful—Acadia, Clearwater, Lac St. Anne, Pembina, Ponoka and Whitford.

A WONDERFUL DISCOVERY.

An eminent scientist the other day gave his opinion that the most wonderful discovery of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poisoning. Not one species of microbe has been found that Zam-Buk does not kill. As soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again. As soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day, Mr. Marsh, of 101 Delormier Ave., Montreal, called upon the Zam-Buk Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him. To-day—over three years after his cure of a disease he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema! All druggists sell Zam-Buk at a price, or we will send free trial box if you send this advertisement and a r.c. stamp (to pay return postage). Address Zam-Buk Co., Toronto.

MUSIC and DRAMA

"Passers By."

Mr. Chambers, in his play, "Passers By," which comes to the Grand on Saturday, April 19, has stretched once or twice the long arm of coincidence, pulled it, almost, from the shoulder, but he has put on the stage some very human characters. His material, real and fantastical, familiar and novel, is well worked. His dialogue is fluent, almost always to the point and aiding in the presentation of character; it is amusing without being flippant, without the aid of paradox. The sociological views and the position taken by Margaret, who has not the slightest desire to pose as forsaken and repentant, might well lead to academic discussion; but the expression of these views does not check the course of the play.
