SITUATION WORSE THAN EVER REGARDING MEXICO

WASHINGTON, Oct. 15.—Following a meeting of the Cabinet to-day, Secretary Bryan, by direction of President Wilson, sent telegraphic instructions to Nelson O'Shaughnessy, charge d'affaires of the United States in the City of Mexico, to inform the Mexican Government that in view of President Huerta's assumption of the role of dictator of the Republic this Government would be unable to recognize as legal and constitutional the election of President and members of Congress set for Oct. 26. By this action the Wilson Administration practically destroyed the last hope that the forthcoming elections would pave the way for the establishment of a constitutional government which would be recognized by the United States.

Situation Worse Than Ever.
Broadly speaking, the political situation in the perturbed Republic is worse than ever since the accession of General Huerta to the Provisional Presidency last February. Officials admit this. They see hope for better things, however, in the belief that Huerta's high-handed action in imprisoning 110 members of the Chamber of Deputies who would not do his bidding, and his assumption of dictatorship, will arouse the enmity of many of those who up to this time had given him their support.

DOG SAVES HIS MASTER FROM CERTAIN DEATH

WIARTON, Oct. 15.—On Monday evening James Ward, a farmer of Lake Charles, about 10 miles from Wiarton, had a narrow escape from death by being gored by a bull. He was leading the animal to the stable, when it turned on him and tossed him a distance of 12 feet, and then when he arose tossed him again about the same distance, which left him on the brow of the hill. Here the bull rushed at him and trampled and then lifted him and let

him fall about 30 feet upon a pile of large rocks. The bull then followed him and was preparing to trample him, when his cries brought to his assistance his dog, who immediately attacked the bull and in a few minutes distracted his attention so that Ward could crawl away to his brother, who was coming in answer to his cries. Mr. Ward will be unable to move for a number of weeks, as he is badly bruised from head to foot and is internally injured.
