BILLION DOLLAR

CROP EXPECTED

After a thorough canvass of various points throughout Western Canada, Dr. McGill of the Dominion Grain Commission, is quoted in Calgary as saying that Alberta would have a crop as good as last year, that the Dominion would have a billion dollar grain crop and that the grain crop of the three Prairie provinces would be little, if any, behind that of last year.

"The country as a whole never looked better than it does at present," said Dr. McGill. "The weather was made to order, as you might say, and I am of the opinion that this year's harvest will be another wonderful one."

Those who contemplate going West will do well to remember that the most fertile districts in Western Canada are served by the lines of the C.N.R. and that this season they can travel from their home districts to destination Canadian Northern all the way.

Arrangements have been made whereby passengers may travel in comfort. Colonist and lunch counter cars being a feature.

The first of these excursions will be run in August, the date will be announced later.

For further information apply to nearest Canadian Northern Agent, or write to R. L. Fairbairn, General Passenger Agent, 68 King St., E., Toronto.

THE CARRANZA NOTE

Wilson Cabinet to Take Up Mexican Reply To-day.

Washington, Aug. 8.—President Wilson and his cabinet will take up to-day Gen. Carranza's note informing this government of the appointment of the Mexican members of the joint commission to be created by the two governments for the settlement of their difficulties.

It is believed from intimations dropped by high officials yesterday that the Carranza note will be accepted as a basis for proceeding to the appointment of the American commissioners, and that the United States will agree to having the commission consider first the three propositions defined by Gen. Carranza.

To The Editor

Help for Prisoners.

Dear Sir.—The accompanying letter may prove interesting to many of your readers, and may be the means of more prisoners of war being "adopted" either by individuals or societies.

The Ladies' Aid Society of Zion Church undertook four months ago to send food twice a month to twelve prisoners in Germany, through the Canadian Red Cross Society in London, England.

From postcards received in acknowledgement of their boxes, it is quite evident they are keenly appreciated, this letter makes assurance doubly sure.

All information in regard to the work may be had by communicating with Mrs. Rivers Bulkeley, Prisoners of War Department, Canadian Red Cross, Cockspur St., London, Eng. Sincerely yours,

A. M. WATT.

Interned Prisoner of War,

Lt.-Sgt. Colin Alexander, Regt. No. 24554.

13th Batt. Canadian Infantry,

Hotel Beau Sejour,

Chateau d'Oex,

Switzerland, 28th June '15.

Mrs. Wm. Watt:

Dear Friend.—I write from this country, Switzerland, to thank you so much for your kindness in helping me by sending parcels of food to me whilst a prisoner of war in Germany. I really cannot thank you enough for such a kindness, because you have helped me to sit down to a good meal which the Germans never would have shown us, let alone give us. I have written to the Canadian Red Cross to stop all my parcels, but let the Red Cross continue to help others through their good arrangements, because they know more or less the names of those wanting food. Do not stop helping prisoners in Germany, because all are needing wholesome food and moreover all are worthy of it. It is no waste of money to help such a good cause, so please keep on sending to our men in Germany.

I am now lucky enough to get to Switzerland, and I do appreciate being in such first class hotels. We all have feathered beds and first class food and the doctors are also doing their best for us.

I was wounded near Ypres, April 24th, 1915, having a fractured thigh from the effects of a German shell.

The doctors (Swiss) gave me to understand that they are going to break it again and reset it. In Germany I had four X-ray photographs taken of the right leg and two operations each time sewing the bones together with silver wire. Then they did not do it properly and very soon I expect to go to Lucerne to have my leg properly attended to. My leg is now fairly strong, but I 1-2 inches short in length, but if I were to have a very slight fall it would easily break again. I have always to use a walking stick, but I've done my little bit for the right of civilization and I'm quite contented for the present time. May God help our cause and may all our men come forward and do their bit towards treading down this German militarism.

Again thanking you for your kindness.

Yours thankfully,

COLIN ALEXANDER.

Car Service is Resumed in New York

About 75,000 Employees Affected by the Settlement.

By Special Wire to the Courier.

New York, Aug. 8.—Normal service of the most important surface street car lines in Manhattan and the Bronx was resumed to-day after having been partially interrupted by strikes of motormen and conductors beginning about two weeks ago and culminating Friday night last in a walk-out of the employees by the New York Railways Company. About 75,000 employees of this company and of the Third Ave. Railway system are affected by the settlement agreed upon yesterday by the directors and officials and the men after conferences with Mayor Mitchell.

Under the terms of the agreement the right of the employees to organize is conceded, and the two companies promised to treat with committees of their employees in considering grievances. A demand for increased wages will be discussed by committees not later than Aug. 30, and if they fail of an agreement the controversy will be submitted to arbitration.

Oswald Cummings, the 11-year-old son of Oswald and Mrs. Cummings, Hamilton north, was found dead at the foot of an elevator shaft on the premises of E. T. Wright and Co. Staff-Sgt. Kristian Pielstedt, Anderson of the Royal North-west Mounted Police, has been gazetted as inspector of the force in succession to Inspector Pennefather, promoted.

BRITISH AND FRENCH FORCES

(Continued from Page 1)

The French attack north of the Somme was made by infantry operating on the right of the British in the course of an attack made by the British on Guillemont. The French took 40 prisoners.

The announcement follows: "North of the Somme, our infantry, operating on the right of the British, in the course of an attack by our allies on Guillemont, made an advance east of Hill 139, north of Hardecourt and took 40 prisoners."

"East of Monacu Farm the Germans made two attempts this morning to recapture trenches which were taken yesterday. Both attempts were repulsed by our infantry fire. The enemy was compelled to fall back, leaving a number of dead before our lines. The number of unwounded, 17 with twenty-six persons on board. Local shipping circles assume that the loss may have been flown from their course during a West Indies hurricane. She carried a crew of 23 men."

TUG IS MISSING.

By Special Wire to the Courier.
New York, Aug. 8.—Wireless messages were flashed down the Atlantic coast to-day in an aerial search for the missing tug Charles W. Morse, which, having left New York on July 17 with twenty-six persons on board, is twelve days overdue at Porto Rico. Local shipping circles assume that the tug may have been flown from their course during a West Indies hurricane. She carried a crew of 23 men.

ARMONY LODGE PICNIC.
Invitations have been issued the members of Harmony Lodge of Oddfellows and their families to attend a picnic to be given by the lodge on Civic Holiday at Mohawk Park in the afternoon. As in former years, no doubt, this one will prove as great a success.

DORCHESTER BARN AND CROPS BURNED

St. Thomas, Aug. 8.—The season's crop of hay, 400 bushels of last year's wheat and 400 bushels of oats were destroyed and the barn burned to the ground at a fire on the premises of George Demaray, concession 10, lot 8, Dorchester, yesterday morning. Mr. Demaray has just turned out the cows after milking them when he discovered the roof on fire.

The neighbors came to his assistance and saved some of the implements. The loss will be considerable and is protected by \$2,000 insurance.

Milk.

"Milk at a penny a quart" is the ideal propounded by a number of Scotchmen who think that the goat will enable them to realize it. Taking their cue from a demonstration at the National Economy Exhibition in London, they have formed a co-operative association with the object of securing goats and arranging for their settlement with farmers throughout Lunenburg. Princess Louise, the Duchess of Argyll, is interesting herself in the movement, and declares that the goat's milk, that she tasted at the exhibition, was "wonderfully good." To make a goat pay and to get that

quart of milk at a penny a bit of ground is necessary and the garden waste comes in handy. That is the reason why many small-holders and country dwellers are now realizing the utility of the goat. Some goat-keepers, indeed, have stated recently that they are obtaining goat milk at less than a half-penny a quart.

THE WHOLE OF ERIE TO BE PAVED,

Special Session Laid to Proceed With man Ward Stationer Would Not b

The paving of the whole of Erie Avenue, from Emile street to the T. H. and B. station is to be carried out this year following upon the resolution of the city council at a special session held last evening to deal with the matter and to wind it up once and for all. A deputation of residents of Eagle Place waited upon the council in regard to the question, and when the final vote was taken a total of 9 years was shown, against four years.

Streets to be Oiled
The first matter dealt with by the council was that of the oiling of a number of additional streets.

On the motion of Ald. Ward, seconded by Ald. Freeborn, an amendment was made to the oiling and watering of the city streets, to include the following:
Burford, Oxford to Brant.
Oak, Balfour to Brunswick.
Marlboro, Brock to Rawdon.
Brock, Park Ave. to 17 feet north of south of Lot 6, W. Brock St.
Mary, Brock, 132 feet easterly.
Superior, Cayuga to Brighton Row.
Strathcona, Erie to River Road.
Main, Wilkins to Buffalo.
Park.

The by-law introduced for the purpose having passed, Ald. Welsh moved the prohibition of the sale of any meat on the city market after the hour of 1 p.m. between April 1st and Oct. 1st. This resolution was later withdrawn.

Erie Ave. Matters.
The matter of the paving of Erie Avenue was then broached. Ald. Ward submitting a report of the board of works, which moved that the work be proceeded with at once from Emile St. to the T. H. and B. station, the necessary finances to be provided by the finance committee. Messrs C. H. Waterous and D. J. Ansell, members of the deputation of Eagle Place residents, then addressed the council.

All or Nothing
Mr. C. H. Waterous favored the completion of the work at once, at the present time, if possible, and at a future date, if present finances would not permit, of the other alternative. The general opinion of Eagle Place residents was to have all done or none. The speaker admitted the necessity of watching every dollar of the city finances, but favored the completion of the work if possible at the present time. He expressed assurance that the interests of the city were in the heart of every member of the council.

Mr. J. D. Ansell spoke also in favor of the immediate paving of the entire street, pointing out the desire of Eagle Place residents to obtain a thoroughfare in keeping with that section of the city.

Suggested Holding for a Year.
Ald. Bragg questioned the advisability of the work at present, because of the labor situation, and also because of the tying up of the Street Railway, essentially atten
