

GIRL COULD NOT WORK

How She Was Relieved from Pain by Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I had pains in both sides and when my periods came I had to stay at home from work and suffer a long time. One day a woman came to our house and asked my mother why I was suffering. Mother told her that I suffered every month and she said, 'Why don't you buy a bottle of Lydia E. Pinkham's Vegetable Compound? My mother bought it and the next month I was so well that I worked all the month without staying at home a day. I am in good health now and have told lots of girls about it.'—Miss CLARICE MORRIS, 22 Russell Street, Taunton, Mass.

Thousands of girls suffer in silence every month rather than consult a physician. If girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion would take Lydia E. Pinkham's Vegetable Compound, a safe and pure remedy made from roots and herbs, much suffering might be avoided.

Tenders For Pulpwood Limited

Tenders will be received by the undersigned up to and including the seventeenth day of December next for the right to cut pulpwood and pine timber on a certain area situated in the vicinity of the Kapuskasing River in the Districts of Timiskaming and Algoma. Tenders are to offer a flat rate per cord for all classes of pulpwood, whether spruce or other woods. The successful tenderer shall be required to pay for the Red and White Pine on the limit a flat rate of \$10 per thousand feet board measure. The successful tenderer shall also be required to erect a mill or mills on or near the territory, and to manufacture the wood into pulp and paper in the Province of Ontario, in accordance with the terms and conditions of sale which can be had on application to the Department of the Province of Ontario, for Twenty-five Thousand Dollars (\$25,000.00), which amount will be forfeited in the event of their not entering into agreement to carry out conditions, etc. The said Twenty-five Thousand Dollars (\$25,000.00) will be held by the Department until such time as the terms and conditions of the agreement to be entered into have been complied with and the said mills erected, equipped and in operation. The sum may then be applied in such amounts and at such times as the Minister of Lands, Forests and Mines may direct in payment of accounts for dues or of any other obligation due the Crown until the whole sum has been applied. The highest or any tender not necessarily accepted. For particulars as to description of territory, capital to be invested, etc., apply to the undersigned, G. H. FERGUSON, Minister of Lands, Forests and Mines, Toronto, September 1917. N.B.—No unauthorized publication of this advertisement will be paid for.

NEWS OF NORFOLK

Successful Jail Breaking by Two Prisoners at Simcoe.

WITH THE TRIBUNALS

Women of Town Organize for Coming Dominion Election.

(From Our Own Correspondent). Simcoe, Nov. 28.—James Cooper, aged 33 years, married, and John Smith, aged 19, single, made good their escape from the county jail yesterday evening about seven o'clock. They were seen descending the wall at the rear of the yard with the assistance of a rope of blankets, and striking west were soon out of sight. Cooper belongs to Simcoe. He had served four months of a two-year sentence for desertion from the 133rd. Smith had a few days ago got two months from the late Squire Earl for stealing and destroying two colonies of bees, and six months for desertion from His Majesty's service. There were no other inmates in the jail. The man escaped through a door at the rear of the main corridor opening into the jail yard, which has not to the turnkey's knowledge, been open for months. The huge padlock which fastened the bar across the grated middle door was missing. Both the inner and outer wooden doors were habitually closed, through the former was not fastened, and the men may have secretly been filling at this lock for some time. It is thought that friends may have been successful in getting a file in for the purpose. Cooper is smooth faced, fair, of medium build and slightly below average size. Smith is about 5 ft. 9 in. tall, of medium complexion and build and weighs about 160 pounds. He walked slightly bow-legged. They will probably find it difficult to conceal their movements as there is a slight coat of snow on the ground.

The Women Organize. The women's executive for the election campaign chosen at last night's mass meeting is: President—Mrs. Rupert Simpson; Vice-president—Mrs. G. O. Werritt; Secretary—Miss Johnson; Treasurer—Mrs. W. B. Tomlinson. Ward captains—No. 1, Mrs. E. F. Jackson; No. 2, Miss Clara Price; No. 3, Mrs. L. F. Aiken; No. 4, Mrs. Wm. Rigg; No. 5, Mrs. R. Edmonds.

Mr. Charlton, who understood, addressed the meeting briefly and the organization proceeded in a business like way. The ladies will undertake to see that all the women voters are well informed regarding the great stake involved in the coming election. The possibility of getting votes for stepmothers and step-sisters was threshed out. Some soldiers' wives under 21 years of age are quite scarce because they are not old enough to vote. There was a much larger turn-out to last night's meeting than to the men's meeting last week and it may be taken for granted that the women's vote will be brought out.

Hon. W. A. Charlton arrived from Toronto last evening. He will remain in Simcoe during the campaign.

PURE RICH BLOOD PREVENTS DISEASE

Bad blood—that is, blood that is impure or impoverished, thin and pale—is responsible for more ailments than anything else. It affects every organ and function. In some cases it causes catarrh; in others, dyspepsia; in others, rheumatism; and in still others, weak, tired, languid feelings and worse troubles. It is responsible for run-down conditions, and is the most common cause of disease. Hood's Sarsaparilla is the greatest purifier and enricher of the blood the world has ever known. It has been wonderfully successful in removing scrofula and other humors, increasing the red blood corpuscles, and building up the whole system. Buy today.

AIR FORCES THE CHIVALRY OF ARMY

Notable Tribute Paid by Lloyd George to British Flying Corps.

(Associated Press).

London, Nov. 28.—The Chivalry of the Army was the title bestowed upon the British air forces by Premier Lloyd George in a tribute he paid to them in a recent speech in the House of Commons. The Premier was moving a vote of thanks to the British army and navy. Of the aviation service he said: "The heavens are their battle-fields; they are the cavalry of the clouds. High above the sennet and the mud, so high in the firmament that they are not visible from earth, they fight out the eternal issues of right and wrong. Their struggles there by day and night are like a Miltonic conflict between the winged hosts of light and darkness. They fight the foe high up and they fight him low down, they skim like swallows along the ground, they scatter armed men in their trenches, they scatter infantry on the march and destroy convoys. Every flight is a romance, every record is an epic. They are the chivalry of the air, they are the chivalry of the sky. They recall the old legend of chivalry, not merely by the power of their individual exploits, but by the nobility of their spirit, and the nobility of the multitude of heroes we must continuously thank the chivalry of the Army."

QUITE A STEADY JOB.

(Associated Press). London, Nov. 28.—Government regulations in the leather trade have become so intricate that one of the leading manufacturers has the following advertisement in the last issue of the British Shoe and Leather Record: "Wanted: A super-man, to read through and duly fill in Government forms. Must be capable of unshelling figures, arriving at results, and working out decimals with microscopic exactness and lightning rapidity. Successful applicant must possess the patience of Job and the infatigability of a Pope, must be endowed with miraculous powers, capable of judging at sight with mathematical precision exact qualities, sizes and value of thousands of boots in various states of manufacture. He must have inexhaustible energy and capable of working 24 hours a day for weeks on end. Sleeping and meal time will be allowed him after the war."

INVESTIGATE FIRE.

Parry Sound, Ont., Nov. 27.—Mr. Pointon, Deputy Fire Marshal, is here hoping an enquiry into the cause of the fire which destroyed the old Ross buildings on November 1st. The store was occupied by an Italian named Marchelone and a boarding house, the fire broke out shortly after 9 o'clock in the morning and some of the numerous inmates escaped with difficulty. The enquiry Marchelone was not present and his whereabouts is not known. The goods in the store when first opened in February were valued at \$2,000 and insurance was obtained in Toronto for that amount. A lot of evidence was taken and the case turned over to Police Chief Joffe, who was instructed to continue investigations and procure a warrant if circumstances showed evidence sufficient.

NEW WINNIPEG TRAINS.

Travel between Eastern and Western Canada is always heavy in the winter months, particularly during December with its holiday season. To meet the requirements of the public, therefore, a special Daily Service between Toronto and Winnipeg is announced by the Canadian Northern Railway. Westbound, December 3rd to January 2nd, 1918, only; Eastbound, December 1st to January 5th, 1918, only. Thereafter, regular tri-weekly service will be resumed. A Through Tourist Sleeping Car will be operated between Toronto and Calgary as part of the above special service, and connection will be made with regular daily trains between Winnipeg and Edmonton. Service between Toronto and Vancouver remains tri-weekly, leaving Toronto Mondays, Wednesdays, and Fridays, as at present. For further particulars apply to City Agent, or write to General Passenger Dept., Canadian Northern Railway, Toronto.

TO KENT DOWN THE COST.

Harry C. Marlatt has decided to cut out his telephone and begin a "cash and carry" business on December 11th. He figures that by eliminating delivery service, telephone and other expenses heretofore paid by the customer, he can continue to sell at the old price and in some cases at a reduction. The store will be closed on December 10th to mark down stock. This experiment on Mr. Marlatt's part will be watched with interest.

ITALY NOW HAS ANOTHER FOE

High Cost of Living is Making Itself Felt This Winter.

(Associated Press).

Rome, Nov. 28.—(Correspondence of the Associated Press)—Italy this winter has passed from the position of one of the cheapest to one of the dearest war countries as regards cost of living. Speculation in food and clothing and heating material is generally held responsible for the very high prices, in many respects above the market than in France. Woolen goods that last summer were sold at \$2.50 to \$4.00 a yard are now being re-invoiced and sold in the same stores at \$5 to \$10 a yard. Women's clothes have been doubled or trebled in price, according to the whim of the storekeeper. "If you don't buy now, you either won't get the chance at all later in the winter or else you will have to pay more money," purchasers are informed.

Second hand furniture of the most ordinary quality, particularly beds, mattresses, carpets, chairs, tables, sells for the price of new furniture. Single woollen mattresses that last spring sold for \$10 each, among the market at \$20. The price of a coten bed sheet is \$3. The cost of housekeeping has doubled since last winter. Eggs that formerly sold at 3 cents each, now sell for seven to nine cents. Fresh vegetables sell almost at meat prices. Butter is 75 cents a pound. Sugar remains at 34 cents a pound, while coffee has gone to 80 cents a pound. Entirely from the market as being too dear for anybody to buy. Oatmeal sells at 30 cents a pound. Despite the fact that all of Italy is being denuded of forest timber to turn into firewood, and that wood has been one of the principal freight products on the railways all the past summer, coal sells at \$70 a ton. Wool sells at 10 cents a pound. Light globes worth 15 cents sell at 70 cents.

Hotel prices have reached \$5 to \$8 a day in the better hotels of the larger cities, prices that would have seemed fabulous in Italy before the war. "It's war time" is the inevitable and final answer to all objections regarding high prices.

OFFER DOES NOT DESIRE TO ENTER FRENCH ACADEMY

Paris, Nov. 28.—(Correspondence of the Associated Press)—Belief that Marshal Joffre would be the next person elected to the French Academy, has been entertained by the public for months, but his reported declination to follow the rules of the Academy by announcing himself as a candidate appears to create a situation resembling a deadlock. The thirty-four "Immortals" now composing the Academy are said to be unanimously in favor of Joffre as the first of the six new members to be elected. Everyone has talked about the eventuality—everyone but Joffre, and it appears to be essential that the reticent hero of the Marne must speak up if he wants to become an "Immortal." It is a rule of the Academy that aspirants for membership declare their candidacy, and it has been the tradition that they should call upon the members to solicit their votes, much in the same way as a candidate for a political office. This Joffre has not done and it is said that he will not do it.

Hero of Marne Declines to Make Candidacy as an "Immortal."

"The Marshal has never had any ambition to become an Academician said a close friend of Joffre, in fact he asserts that he has no right or title to the honor. Several of his friends have urged him to propose his candidacy but he considers that there is no person of consideration in the matter; that if he were chosen it would be simply in honor of the army and that, consequently, personal solicitations or expressions of personal preference in the matter are not in order." The question now is whether the illustrious commander will sacrifice his traditions in order to choose the Marshal for one of the vacant seats.
