#### NEW ROSS ROAD

Cattle buyers still seem as numerous as ever in our neighborhood.

What might have been a serious accident occurred last Monday morning while Mr. and Mrs. Legge were enjoying a sleigh ride. Their horse being smoothly shod on crossing a piece of slanting ice slipped and fell, breaking both shafts. Mr. Legge at once righted his horse, repaired the damage done temporarily and he and Mrs. Legge spent the day in town as they had planned to do on leaving home. With twenty-six miles from Kentville to New Ross, which means twenty-six miles from blacksmith to blacksmith we often find our horses without the necessary ability to retain a footing on the ice.

Mr. and Mrs. Nathan Lsenor of Canaan visited Mr. and Mrs. Truman Costley this week.

Mr. Arch Foster, chief of the surveying party and crew are still at work in the vicinity of Beaver Brook, leaving in their wake a row of stakes with cross piece announcing the result of their labor. Back of this work there is we understand a large capital which we hope will benefit our country later on.

Miss Wamboldt spent the week end with her friend Miss Rafuse at Aaldersville, guest of Mr. and Mrs. J. Hatchard.

We are sorry to report Mrs. Joseph Lockhart and Miss Theresa Aalders on the sick list.

#### CANAAN

Our farmers have done a great winters work getting out logs, Messrs Brown and Wood are busy getting the mill ready for operation. They will commence sawing about the 20th.

Miss Kathryn Jones, who has been detained home on account of tonsillitis for the past two weeks has returned to Kentville to resume her studies at the Academy.

A large number of our young people enjoyed a delightful sleigh ride to Kentville, some went to see "Charlie's Aunt" while the rest attended the Arena, after which a pleasant half hour was spent at the Green Lantern.

Mr. Wilfrid Kinsman who is attending the Agricultural College, at Truro, spent the week-end with his parents Mr. and Mrs. David Kinsman.

Miss Helen Jones who went West early in the fall is now attending the Normal School at Camrose, Alberta.

We get favorable reports from our boys at the front.

#### FIRE AT CANNING

The Canning School Building caught on fire yesterday afternoon shortly after school was dismissed. For a while it looked as if the fine building was doomed. But the firemen and others by hard work and by cutting several holes through the roof and partitions soon had the fire under control.

#### A Tower of Strength

Now that Sir Robert Borden is entering into conference with the greatest statesmen of the Empire he will be by no means the least commanding figure. No man will enter the conference with better intellectual equipment. Ever a close and serious student of imperial concerns he has a well stored mind and his views are firmly based upon a complete and accurate knowledge of the situation. His contentions are not likely to go away with the impression that because he is courteous he is lacking in strength. They are not likely to mistake patience for irresolution. It is only a few Canadian politicians who endeavor to make it appear that he is lacking strength and leadership. Some of them appear to think that because he chews rough-house methos he is "spineless." That is the Montreal Herald and Brockville Recorder view. This is not really their view. It is only their pretended view promulgated with persistency to create a misapprehension in the public mind.

Hon. George Graham himself knows better. He has seen too much of Sir Robert Borden's mettle to have even a doubt as to his strength. He has never seen him shrink from combat and what is of more consequence he has never seen him worsted. He is amiable, he is courteous, he is modest but he is not weak. He is "the oak that defies the storm."

Wanted — A Gander, Arthur Clarke, Centreville.
