The Ministry has decided to continue the fetes for the purpose of allaying public apprehension. Queen Victoria is irreconcilable, declaring that she is responsible for so many persons being killed.

King Alfonso had even a more miraculous escape than is generally known. A fragment of the bomb struck his breast, but the force was broken by the chain of the Portuguese Order of Santiago, which he was wearing. The chain was broken, but it stopped a piece of steel which might have pierced the King's breast.

By direction of the Ministry no flowers were received at the palace yesterday, owing to the danger of missles being concealed in bouquets.

The searches made by the police disclosed the fact that the author of the outrage was Manuel Morales, a man of luxury and wealth. He left many valuables and fine clothes behind him in his hurried flight. He bought a bouquet of flowers before the attempt and concealed the bomb within it. This bouquet was thrown amid the strewing of the flowers which fell upon the coach as a greeting to their Majesties. The would-be assassin rented an overlooking balcony at a fabulous price.
