

CURE SICK HEAD

It has been found that the cause of sick head is the accumulation of poisons in the system, such as bile, indigestion, etc. While these poisons are in the system, the head is sick, the eyes are sore, the skin is itchy, and the system is generally unwell. The only way to cure sick head is to get rid of these poisons. This can be done by taking a course of the Little Liver Pills. These pills are gentle and safe, and will cure sick head in a few days. They are sold by all druggists.

ACHE

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c. Take Hall's family Pills for constipation.

REFUSE FREIGHT REDUCTION.

NEW YORK, Thursday—The Trunk Lines Association has formally refused the petition of the trans-Atlantic steamship companies that a reduction be made on grain rates to New York, Boston, Philadelphia and Baltimore to meet competition through the port of Montreal.

In defence of its action the association declares that, although for the months of May, June and July 1908 as compared with the same months in 1907, the wheat, exported from New York declined from 5,843,344 bushels to 3,248,035, and from Boston from 562,186 bushels to 434,207. In Philadelphia on the other hand, it increased from 1,590,086 to 2,557,225 bushels, and in Baltimore from 412,000 bushels to 2,488,799, so that the total export of the four cities shows an increase.

Trunk lines say the reduction of rates east of Buffalo necessary to equalize the rates of competitive all-water routes leading to Montreal would result in rates wholly unremunerative. Railroads are without evidence or assurance that reduction to the extent proposed will result in increased movement through Lake Erie gateways.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

THE CONGO QUESTION

Belgian Press Welcomes End of the Country's Ills

BRUSSELS, Wednesday—The Belgian press welcomes the end of the Congo question with expressions of relief and assurance that Belgium will demonstrate to the world how power, humanity and wisdom govern the African continent. The Independent, a Belgian paper, says that the Senate's concurrence for the annexation is certain, and that therefore the grand work accomplished by King Léopold in Africa will not be lost to Belgium. The Derniere Heure declares: "We must obliterate the reign of twenty bloody years, wipe out hatred, distrust and prove to the world that the Congo's woes and ills are over for ever."

Other newspapers point out that the Congo debt difficulties will certainly be adjusted by parliament and declare that financial fears are unnecessary. The annexation of the Independent State has been received by the public generally either with indifference or the opinion that the Congo would prove a burden upon the country.

Longboat was beaten again in the five-miles. We apprehend that so far as speed is concerned Longboat is shifting from the war canoe to the canal scow class.

IN THE TABERNACLE PULPIT

Rev. P. J. Stackhouse of Campbellton spoke to his old congregation at the Tabernacle church, on the 23rd on the subject, "The Life That Is Worth While." After briefly sketching the moral and spiritual conditions of the age in which Jesus lived, he claimed that Jesus Christ came into the world to show men the life that is worth while. He showed negatively that a life devoted to the acquisition of material things, a life devoted to pleasure or to the ecclesiastical duties and the externals of religion is not a life that is worth while. Positively, according to Jesus, the life that is worth while is a life of communion with God expressed in loving service. Jesus not only taught the life that is worth while, but he illustrated it in his own person.

In closing, Mr. Stackhouse showed that Jesus not only taught and illustrated that life, but He also inspired others to live the same life. If Jesus were simply a Jewish martyr we would be interested in what He had to say, but we believe that in Jesus, God has come into the life of humanity, that He was God manifest in the flesh.—Sun.

Poor tea is poor economy—use "Sallada" and you will appreciate the excellent qualities of high-grade tea.

Caravans filled with ardent Suffragettes are having a rather mixed reception throughout England. At Blackpool an attempt to address a crowd on the beach resulted in the entire routing of the female orators, who had sand thrown into their faces, only escaping more serious treatment by an ignominious but necessary flight. The driver of the caravan was badly handled also.

BRITISH M. P. AT MONTREAL.

Declares Socialism and Trades Unionism Combined is the Panacea for the World's Ills.

Montreal, Aug. 28—Monument National was packed to the doors last night by an audience who gathered to hear Kier Hardie, the British labor leader and Socialist M. P. In the course of an hour's talk, he discussed trade unions, strikes, Socialism, governments, powers of land owners, combines and trusts.

According to Mr. Hardie the panacea for all forms of social and economic evils is to be found in combination of trade unionism and Socialism. The present time is one of unrest, world-wide in its scope. We have political and social changes not only in western Europe and America but in east Europe and Asia. Japan, China and India are awakening Russia, Persia and Turkey have been granted parliaments.

In Great Britain the most remarkable movement of the past hundred years is that for women's emancipation which is now going on.

At present time there were forty-six representatives of Labor in the House of Commons and in three years they had obtained the present organization and substitute others of their own creating. The labor movement in Great Britain is rapidly becoming Socialistic in its tendency.

Mr. Hardie defined Socialism as a movement by which the land and industrial affairs of the country were to be acquired by the public and used for the common good and not private ends. Socialism is the only remedy for the present poverty and hunger of the world. Socialism stands for peace. It is the only goal worth striving for.

Mr. Hardie leaves to-morrow for a tour of the principal cities of Ontario.

OTTAWA, Aug. 28—Kier Hardie, M. P., labor representative in the British house, delivered an address to-night in St. George's Hall.

He explained the programme of the Labor Party in the British parliament and the aims of the Socialist party to take land and capital and administer it for the general benefit of all classes. He predicted a larger representation of the labor members in the British House after the next election and declared that the movement for female suffrage would succeed in Great Britain.

He called upon all labor unions in Canada to see that the striking machinery of the Canadian Pacific railroad did not fail for lack of financial support and advised all sympathizers with the men to aid them by boycotting the company until the men were restored to the regular work.

Asked as to his opinion of the Lémieux Act Mr. Hardie said that he thought it well that an investigation into the difference between men and employers should precede any other step provided unfair advantage against the workingmen was not taken through delay in the investigation.

Alphonse Verreille, M. P., for Montreal, stated that Mr. Hardie would be present at the trades and labor convention in Halifax this fall, and predicted that the result of the convention would be a more organized labor of Canada and Britain upon more intimate relations.

A clever, popular Candy Cold Cure Tablet—called Preventives—is being dispensed by druggists everywhere. In a few hours, Preventives are said to break any cold—completed. And Preventives being so safe for children, are good for children. No Quinine, no laxative, nothing harsh nor sickening. Box of 48—25c. Sold by all dealers.

WILL COMPETE AT THE C. A. A. U.

TORONTO, Thursday—The following Western C. A. A. U. athletes who will compete at the C. A. A. U. fall championships at Halifax Saturday left for the East today. Robert Kerr Hamilton, Y. M. C. A. Sprints; Percy Sellen, Irish Canadian Athletic Club, Toronto, for five mile and mile; Tom Longboat, Irish Canadian Athletic Club, Toronto, for mile and half mile; Chas. Sisco, Irish Canadian Athletic Club, Toronto, for mile and half mile runs and mile walk; Tim O'Rourke, Irish Canadian Athletic Club, for all weights Ed Archibald, West End Y. M. C. A. Toronto, for all around championships. W. W. Worthington, West End Y. M. C. A. Toronto, for sprints and jumps; Lou Seibert, West End Y. M. C. A. Toronto, sprints; Irving Parkes, West End Y. M. C. A. Toronto, for half mile; "Oatsy" Kerr, West End Y. M. C. A. for five mile race; Abbie Wood, Gordon Harriers, Montreal, for one and five miles.

THE WRONG BEE

"I hear that you resigned the postmastership?" said the stranger in Frog Hollow.

"I did," grunted the old man with the bound-up thumb.

"What was the trouble?"

"Trouble enough. You know the law allows queen bees to be sent through the mail, so the other day a package came through my office labeled Queen Bee."

"And did it contain a queen bee?"

"No, by heck, it contained a full-grown bumblebee, and when I opened a corner of the box to investigate the bumblebee landed on my thumb and hung on like a red hot coal. Yes sirree, I resigned."

According to Chinese law a wife who is too talkative may be divorced.

GUN SILENCER TESTED

SPRINGFIELD, Mass., Thursday—The first official test of Hiram Maxim's gun-silencer was made by the officers stationed at the United States armory here. The test, it is said, proved the claims of the inventor. The device was attached to the regular army rifle, which is manufactured here. The test was made on the regular range, relay of signals being stationed at intervals. It was found that while the discharge of the unquiet rifle is audible 7,700 yards with the silencer this distance was cut down to 1,500 yards. Further tests were made to determine whether the silencer interfered with the velocity of the bullet, and it was found that the interference was slight, reducing the velocity not more than five or six per cent. The tests were made with a rifle fitted with a barrel somewhat shorter than the regulation. Other tests will be made in a day or two with a rifle with the regular length of barrel. Mr. Maxim came from his home in Hartford, Conn., to oversee the trials.

It is said that New York city has an average of 1,500,000 visitors a week.

Minard's Liniment for sale everywhere.

THE BOGEY OF OVERTIME.

(Grand Haven, Mich., Printers, Album) "You'll work yourself out of a job." I was once a young clerk in the United States Pension Office at Washington, with a record to make, says a correspondent of the Spare Moments. Carl Schurz was Secretary of the Interior, and had set in motion a little civil service of his own, appropriating of the splendid system which later came in through all the government positions. Traveling half way across the country to attend the examinations he had directed to be held, to secure twenty-five men for the Pension Office. I sat down in the Census Bureau with about three hundred more men and women, to face the test. I had won my clerkship with these odds against me, and I determined that if it lay in my power I would hold it, but get to the top.

Every morning at a little after eight o'clock I was at my post in the office, although this was an earlier hour than business was supposed to open. Some of the 'on the tick' clerks laughed at me knowing that I was a new man.

But I kept at it. The overtime bogey did not worry me in the least. And it worked well. From a clerkship paying \$600 a year, I was regularly promoted until four years after I took my position in the office I was receiving \$1400, with \$3 a day for personal expenses and all railway and livery bills paid by the government, as I had been appointed to a position as special examiner for the Bureau of Pensions.

But how fared it with the "in at the minute" men? There came a wholesale discharge one day and several of my colleagues were sent away to other parts of the government.

The man that works a little longer than the regular hours is on the road to better things. Don't be afraid to stay a few minutes after time. You need not do this for the express purpose of winning your promotion.

That is not the best motive. Do it because you really love your work, and want to do the fair thing as between man and man.

Thousands of men tonight, when the whistle blows, will swarm out of the offices and shops of the country. They have been making preparations to get out for ten or fifteen minutes before the hour for closing. They do not think that while they have been clearing up their desks and washing up their hands their time was really that of their employer and ought to have been used as such. What they think of is getting out on the tick.

If it took barrels of whiskey to convert Colechester from a Liberal into a Tory seat at a bye-election, what will it cost to win the half dozen seats which are the most Tories claim in Mr. Fielding's province. In a general election? A reply from that apostle of electoral purity the Halifax Herald, would be appreciated.

St. Isidore, P. Q., Aug. 18, 1904.

MINARD'S LINIMENT CO., LIMITED.
Gentlemen—I have frequently used MINARD'S LINIMENT and also prescribed it for my patients always with the most gratifying results, and I consider it the best all-around Liniment extant.

Yours truly,

DR. JOS. AUG. SIROIS.

CONDUCTOR DEAD

Conductor Joseph LeBlanc, who has been ill for some time, died at Port Daniel on the 23rd. The remains were brought to Esquimaux by train and were buried in the St. Anne de Resigouche burying ground. The deceased was well and favorably known along the coast and his family have the sympathy of all. He was in his twenty-ninth year. A wife and three children survive. Mrs. LeBlanc was formerly Miss Godeau of Oak Bay.

The deceased was a member of the I. O. F. and Brotherhood of Railway Trainmen. A wife, one son, his mother, three brothers, A. LeBlanc and two in Montreal, three sisters, Mrs. F. L. Fletcher of Nashua, N. H., and Mrs. J. Doherty of Esquimaux, and one in Montreal, survive.

Those over-wise Bostonese are now arguing that hard times are a benefit. They can have our share.

Can't keep a good man down. Count Zeppelin is going up again as soon as he can build a new air ship.

COL. GIBSON GOV. OF ONTARIO

OTTAWA, Thursday—It is understood that Hon. Colonel J. M. Gibson of Hamilton, ex-Attorney General of Ontario, will in a few days be gazetted as Lieutenant Governor of Ontario, to succeed Sir Mortimer Clark, whose five years' term of office expired last April. Colonel Gibson is now completing arrangements to withdraw from his business connections as head of the Cataract Power Company and other enterprises.

New Plans For Quebec bridge

OTTAWA, Thursday—The board of engineers appointed by the Government to prepare new plans for the Quebec bridge will meet on Monday next for the first time. Mr. Fitzmaurice, the British representative on the board, will reach Montreal from England on Friday or Saturday. Mr. Modjeski has been summoned from Chicago and Mr. Vantelet from Montreal. The first important question to be settled is whether the existing piers can be used to support the new structure. An effort will be then made to prepare a design for a bridge which will be safe and economical and which can be accommodated by the existing sub-structure. It is desired to use it if possible, as it has been thoroughly tested, and represents an expenditure of nearly two million dollars. The present opinion of the Department of Railways is that the present piers can be used.

EARLE BEATS HIS WIFE

MIDDLETOWN, N. Y., Wednesday—Ferdinand P. Earle the artist of affinity fame, was arrested at his home near Monroe today, charged with assault on his wife on or about August 16. The complaint was Mrs. Inez Barry, an aunt of Mrs. Earle. After he had been arraigned before Justice Carpenter at Monroe, the prisoner refused bail, preferring to be locked up. Earle pleaded guilty to the charge and was held for the Grand Jury.

AUSTRALIANS WELCOME FLEET.

SYDNEY, Thursday—The athletic programme in connection with the visit of the United States battleship fleet was increased by the addition of contests between the United States and British sailors and native Australians. In the tug-of-war the team from the British warship defeated the American sailors. In the 300 yard foot race Brown of the British cruiser Pioneer was first; Therry of the United States battleship New Jersey, second and Swanson of the same vessel third. The Americans were victorious in one of the baseball games, the fleet team defeating New South Wales 4 to 3.

Last evening the city was illuminated as usual. The Lord Mayor of Sydney gave a reception to about 2,000 persons, including Australians and the officers of the fleet.

A doctor spending a rare and somewhat dull night at his own residence received the following message from three fellow practitioners: "Please step over to the club and join us at a rubber of whist." "Jane, dear," he said to his wife, "I am called away again. It appears to be a difficult case—there are three other doctors on the spot already."

Suffragettes in England have scored a real triumph. They are being pelted with stones. This shows that the crowd has at last agreed to forgive their sex.

HOW TO CURE A HEADACHE

To attempt to cure a headache by taking a "headache powder," is like trying to stop a leak in the roof by putting a pan under the dripping water. Chronic headaches are caused by poisoned blood. The blood is poisoned by tissue waste, undigested food and other impurities remaining too long in the system. These poisons are not promptly eliminated because of sick liver, bowels, skin or kidneys.

If the bowels do not move regularly—if there is pain in the back showing kidney trouble—if the skin is sallow or disfigured with pimples—it shows clearly what is causing the headache.

"Fruit-a-lives" cure headaches because they cure the cause of headaches. "Fruit-a-lives" act directly on the three great eliminating organs—bowels, kidneys and skin. "Fruit-a-lives" keep the system free of poisons. "Fruit-a-lives" come in two sizes—25c and 50c. If your dealer does not have them write to Fruit-a-lives Limited, Ottawa.

We Are Ready For Our Usual Sept. Rush.

You Need Not Even Wait Till Then.
